Updates

General Manager Gary Warriner provided his updates on the arena.

Facility:

- A corner of the building had settling issues. It was evaluated by an engineer. Work to repair the issue is currently ongoing.
- Solar panels have helped with cost controls (refrigeration). Generates around \$60,000 in revenue.

Operations:

- The arena is still fully booked for ice time. There is a market for a second sheet of ice given the demand for use.
- Hourly ice time fees stayed level, with the high school teams getting a discount.
 - Continuing to offer affordable free skate time is a priority for the organization.

Budget

General Manager Gary Warriner presented the 2025-2026 operating budget.

- Revenues are the same as last year, totaling \$1,213,200. The largest stream of income is from contracted ice rentals (\$560,000).
- Costs from fixing the settling issues were high and caused the overall budget to run \$40,000 dollars in deficit.
- Total available for grants is \$90,000.

Motion made to approve the annual budget for 2026-2027 by Joe Bellevance.

General Discussion

Tyler Gouveia asked about the Arena's need for a second sheet of ice. Gary Warriner stated that an additional 120 feet would allow them to build a second sheet of ice, which is desperately needed due to demand.

Adjournment

Tom Monahan motioned to adjourn at 11:46 AM.
