REGULAR AGENDA

Staff Reports:

26 72 A Chief Buxton

Chief Buxton expressed that he can address any questions regarding his submitted report and discussed the following:

- Celebration of Life for Retired Deputy Telgen
 - Expressed thanks for BoFC support and members support during the services.
 - The members were there for each other and the Telgen family.
 - Thank you to NPD and DPW for their support during the procession
 - DPW discovered a sink hole at the corner of Lund/Almont and the procession was seamless, DPW took care of the sink hole and no DPW equipment was visible when the procession passed the area. NPD and DPW went above and beyond in this situation.
 - Thank you to Assistant Chief Tremblay and Assistant Chief Pouliot for all their help during the planning and event and keeping the department running.
 - Thank you to Local 789 President Cy Hebert for all of his work, countless hours, honor guard, etc. Cy is the honor guard commander. The organization is very lucky to have him.
 - Thank you to Deputy Armstrong and Deputy Mobley
- EMS License Investigation is closed. The filings were unfounded.

Commissioner Kelly noted that it was a profound display of support for Telgen family.

Commissioner Kelly requested to pass along the BoFC's thanks to Cy for all his work.

Commissioner Melizzi-Golja said it showed him as a person not just firefighter.

Commissioner Steere commented that Deputy Armstrong did a wonderful job as well as Retired Deputy Kirk, Deputy Mobley, and of course Retired Deputy Chief Telgen's daughter did an exceptional job.

26 72 B Assistant Chief Tremblay

Assistant Chief Tremblay expressed that he can address any questions regarding his submitted report and discussed the following:

- 100MA100 Equipment from Manchester Fire
 - Master Box

- Manchester has discontinued the use of it and as they take their equipment apart they are giving it to NFR.
- A lot of communities have not maintained their systems appropriately
- Scraping like this works very well for NFR.
- Training with Dispatchers
 - W1 would pick things related to time of year.
 - Tries to piggyback off of what the new hires on the floor are getting.
 - Training related to what's going on out on the floor.
 - Train with the floor training
- Assistant Chief Tremblay said that W1's main focus is encouraging members to take the test and pass it. W1 is trying really hard to encourage study time and talking the positions up.
- W1 has been given the authority to hire details to maintain the system because he doesn't have a W2 right now and probably won't until the fall. Details are filled by specialists first then it goes to the line.
- W1 is juggling a lot of hats right now.

Commissioner Kelly requested a monthly update regarding Fire Alarm.

Commissioner Melizzi-Golja wanted to let everyone know if there is something that really needs to be talked about a Non-Public session can take place.

Chief Buxton and Members of Nashua Fire Rescue,

On behalf of the officers and members of Amherst Fire and EMS, I would like to extend my sincere appreciation for your assistance with the structure fire at 34 Broad Way in Amherst on August 08, 2026.

Your department's prompt response and willingness to provide station coverage contributed greatly toward replenishing the resources committed in Amherst and a number of other communities simultaneously in a multitude of incidents. The time, energy, and resources offered by your crew clearly reflect the dedication members of your department have for the fire service and area communities. The challenging conditions of the day were made easier with the assistance of crews like yours. It is reassuring to know that we can rely on neighboring and nearby departments who offer the highest standards of service and support.

Please extend our gratitude to all personnel who responded. We look forward to any opportunity to assist whenever you may need us.

Thank you again for your support.

Respectfully,

Donald M. Waldron
