MEMORANDUM

Date: August 6, 2026

To: Ald. Lori Wilshire, President, Board of Aldermen
Jim Donchess, Mayor

From: Sam Durfee, AICP, Planning Manager

RE: Referral from the Board of Aldermen on Ordinance O-26-022 establishing the Video Display Signs Overlay District.

At the Nashua City Planning Board's regularly scheduled meeting of August 6, 2026, the Planning Board voted five (5) in-favor, one (1) in-opposition, and one (1) abstaining to make an **unfavorable** recommendation to the Board of Aldermen on O-26-022. The basis for the unfavorable recommendation was that a blanket ordinance to allow such signs by-right is not appropriate in the Main Street context when there is an existing process through which to obtain relief for such a sign on a case-by-case basis—that being the variance process through the Zoning Board of Adjustment.

If you have any questions concerning this notification, please contact me at 589-3090 or via durfees@nashuanh.gov.

RE: Report on Surplus and Overlay FY 2027

In accordance with NRO 5-136, I am providing you with the overlay amount to be included in the 2026 tax rate calculation (\$200,000) and am also providing you with the amount we have left in the overlay from prior years (\$5,367,661). See the attached "Surplus Use and Overlay Notification."

Also in accordance with NRO 5-135(B), I am providing the Board with an estimate of unassigned fund balance and how much of that balance I propose to use to reduce the anticipated tax rate. The unassigned fund balance is projected to be \$45,750,294. I am recommending that we allocate \$6,000,000 of the unassigned fund balance to offset the tax rate.

NRO 5-135(A) outlines a policy that a minimum of 10% of a fiscal year's appropriations be maintained in unassigned general fund balance. As you can see in the "Surplus Use and Overlay Notification" worksheet, the estimated unassigned fund balance is projected to be 10.3% of the FY 2027 general fund appropriations of \$384,345,847.

I will be submitting the resolution for your first meeting in September to propose the use of \$6,000,000 of Unassigned Fund Balance against the tax rate.

Re: Following Up Clarifying Comments On R-26-053

I am writing to clarify for the record that during the public hearing on R-26-053 - I made a passing comment that the legislation wouldn't take affect until FY28, but corrected the record later on in the night when I said it would actually be implemented in FY27. I wanted to take a moment and make sure the entire Board was made aware of this correction.

Thank you for your time and attention to this matter.

HOMELESS SERVICES GAP ANALYSIS

R-26-049 | SUBMITTED TO THE CITY OF NASHUA BOARD OF ALDERMEN

SEPTEMBER 10, 2026

THE GAP ANALYSIS

Good governance starts with knowing what you have.

Before a city invests significant public dollars in any service, it should know what it already has, what is working, and where the gaps are. That is not a radical idea. It is basic stewardship of taxpayer resources.

WHAT NASHUA HAS

Dedicated public health staff, committed nonprofit partners, generous volunteers, a warming station, a proof of concept resource space launching this fall.

WHAT NASHUA IS MISSING

A current, formal, documented picture of where services stand across the full spectrum of need. Without it, significant investment decisions rest on assumption rather than evidence.

This runs alongside everything already in motion. The HUD application the Board directed on August 25 proceeds on its own schedule. The proof of concept resource space opens this fall as planned. The gap analysis does not pause, delay, or condition either one. It strengthens what is already being built.

THE GAP ANALYSIS

The building blocks of any
comprehensive response to
homelessness

"...to conduct a comprehensive gap analysis of services available to individuals experiencing homelessness in Nashua: to understand what we have, what is missing, and where the highest-leverage investments are, delivered in writing to this board within 90 days."

- Resolution R-26-049

EMERGENCY SHELTER **CAPACITY**

Beds, overflow, low-barrier access, seasonal surge

MENTAL HEALTH AND **SUBSTANCE USE**

Treatment availability, crisis stabilization, wait times

HOUSING **PATHWAYS**

Transitional, permanent supportive, rapid rehousing, vouchers

OUTREACH AND **NAVIGATION**

Street outreach, case management, service connection rates

THE GAP ANALYSIS

The community input.

BOARD OF ALDERMEN

Resolution R-26-049 has 10 sponsors on the full board. The August 25th vote to move the resource center forward passed 15 to 0.

DIVISION OF PUBLIC HEALTH

At the August 25, 2026 Board meeting, Director Bagley stated on the record that a gap analysis would help refine the resource center project to fit the widest applicable population.

GREATER NASHUA CONTINUUM OF CARE

At the September 2026 CoC membership meeting, this resolution received significant enthusiasm.

COMMUNITY PARTNERS

Service providers consistently describe the same need: a shared, written picture of where services stand, so that partners, the City, and funders are working from one strategic foundation.

THE GAP ANALYSIS

Structured, time-limited, and built to deliver.

MEMBERSHIP AND VOICES

City departments, nonprofit partners, people with lived experience as formal members, and aldermanic representation. Final findings corroborated by those this work impacts.

PROCESS AND DATA

90-day focused timeline. Data collection from HMIS, CoC, and city records. Provider interviews and structured community input. Benchmarked against comparable municipalities.

THE DELIVERABLE

Written Gap Analysis Report to the full Board of Aldermen. Executive summary with findings across all four service domains. Prioritized recommendations with resource implications. When leadership changes, the foundation does not have to start over. It is in writing. It survives.

THE GAP ANALYSIS

From membership to results within 90 days.

STEP 1: COMMITTEE CONVENES

Members are appointed per the resolution: two Aldermen, the Mayor or designee, the Director of Public Health or designee, two nonprofit provider representatives, and one person with lived experience. The 90-day clock starts at appointment.

STEP 2: DATA AND INPUT

Once the committee convenes: provider data requests, partner interviews, and structured community input across all four service domains.

STEP 3: GAP MATRIX

A documented gap matrix identifying service gaps by severity and a prioritized set of recommendations with estimated resource implications.

STEP 4: REPORT TO THE BOARD

Written Gap Analysis Report delivered to the full Board of Aldermen no later than 90 days after members are appointed.

PREPARED BY ALDERMAN-AT-LARGE ALICIA GREGG

FOR THE CITY OF NASHUA BOARD OF ALDERMEN

Jim Donchess

Mayor • City of Nashua

To: Board of Aldermen
From: Mayor Jim Donchess
Date: August 12, 2026
Re: Multi-Year Contract Award – Police Department Body Worn Cameras

Pursuant to NRO : § 5-74/B: A contract that extends from the current fiscal year into succeeding fiscal year(s) in which no funds have been appropriated nor otherwise designated for this purpose shall be approved by the full Board of Aldermen before the contract shall become binding on the City.

The Finance Committee has approved and placed on file the notification of the award of the referenced contract at the August 19, 2026 meeting and as such I am requesting the full Board of Alderman approve the following contract:

Item: Body-worn, fleet and interview room camera system, including hardware, software and digital evidence management
Value: \$5,699,999.83
Vendor: Axon Enterprise, Inc.
Purchasing Memo#: 27-132 dated August 12, 2026
Contract Term: 5 years

Thank you.

Fax (603) 594-3233

August 12, 2026
Memo #27-132

TO: Mayor Donchess
Finance Committee

SUBJECT: NPD Body Worn Cameras in the amount not to exceed \$5,699,999.83 funded from
Capital Improvements/ 81- Capital Outlay/Improvements

Please see attached communications from Karen Smith, Business Manager, dated August 12, 2026 for project specific details related to this purchase. Below please find a summary of the purchase approval request:

Item:	Hardware, software and digital evidence management system for body-worn, fleet and interview room cameras
Value:	\$900,000 year 1 \$1,199,999.96 subsequent years
Total:	\$5,699,999.83
Department:	150 Police Department
Vendor:	Axon Enterprise, Inc.
Fund:	Capital Improvements/ 81- Capital Outlay/Improvements
Term:	5 years
Ordinance:	Pursuant to § 5-84 Special purchase procedures A/(3) Purchases which can be procured through cooperative intergovernmental purchase agreements with other governmental jurisdictions

Nashua Police Department, and the Purchasing Department respectfully requests your approval of this contract.

Regards,

Amy Girard
Purchasing Manager

Cc: K Smith
T Cummings

Intradepartmental Communication

To: Amy Girard, Purchasing Manager

From: Karen A. Smith, Business Manager

Subject: Nashua Police Department Body Worn Camera Equipment

The Nashua Police Department is seeking to purchase Axon OSP 10 Premium hardware/ Software bundle for Body Worn, Fleet, Interview Room Cameras and Digital Evidence Platform.

This equipment would replace our existing body worn camera systems. We would be expanding our Taser program and virtual reality training as well as fleet, our interview room camera systems and current digital evidence management platform. The Fusus Real-Time Intelligence Platform would enhance our dispatch functions. We would be introducing a new Drone as a First Responder program as well as utilizing a series of Axon's AI technology. All which will increase our ability to serve the City of Nashua.

The OSP 10 Premium quote is attached. We would be entering into a five-year contract with Axon for the products and services outlined in the quote. The total contract price is \$5,699,999.83 and is structured to cost \$900,000 in year one and \$1,199,999.96 in each of the subsequent years. By bundling the services above there is a significant savings over the life of the contract. The pricing is based on Sourcewell, a cooperative agreement, solicitation number 101223.

Due to the current contract with Coreforce expiring June of 2027, timelines require that the Axon contract be in place October/ November 2026 for the transition and implementation

A representative of the Police Department will be available to answer any questions to this procurement request.

Sincerely,

A handwritten signature in black ink, appearing to be "KAS", is written over a horizontal line.

Non-Binding Budgetary Estimate

This Rough Order of Magnitude estimate is being provided for budgetary and planning purposes only. It is non-binding and is not considered a contractable offer for sale of Axon goods or services.

Tax is estimated based on rates applicable at date of quote and subject to change at time of invoicing. If a tax exemption certificate should be applied, please submit prior to invoicing.

Contract Sourcewell #101223-AXN is incorporated by reference into the terms and conditions of this Agreement. In the event of conflict the terms of Axon's Master Services and Purchasing Agreement shall govern.

Exceptions to Standard Terms and Conditions

Agency has existing contract(s) originated via Quote(s):
Q-474269, Q-698255,

Agency is terminating those contracts effective 11/1/2026. Any changes in this date will result in modification of the program value which may result in additional fees or credits due to or from Axon.

The parties agree that Axon is applying a Transfer Balance of \$24,436.74

100% discounted body-worn camera and docking station hardware contained in this quote reflects a TAP replacement for hardware purchased under existing quotes aforementioned above. All TAP obligations from this contract will be considered fulfilled upon execution of this quote.

Rewrite Estimates

Estimated Amounts and Contract Terminations. Any amounts stated as due under existing or terminated contracts — including contract transfer balances carried forward to new or pending contracts — are estimates based on payments received as of the calculation date. These estimates may be adjusted if new contracts are not executed on the anticipated dates or if expected payments are not made.

Non-Binding Budgetary Estimate

Refresh Shipment Timing

Technology Assurance Plan (TAP) Refresh Prior to Renewal. For Customers with expiring agreements that include TAP refresh rights, Axon may, in its discretion, ship refresh hardware under the existing contract while renewal or replacement agreements are in progress. Any such shipments will be deemed made under the terms of the existing contract until the new contract is fully executed, after which any applicable updates, fees, or adjustments will apply.

Shipment Timing

Shipment Variance. Estimated shipment dates are provided for planning purposes only and are not guarantees. Axon may ship hardware before or after the estimated shipment date, and failure to meet an estimated shipment date will not, by itself, constitute a breach, provided Axon uses commercially reasonable efforts to meet estimated shipment dates.

**Solicitation Number: 101223****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Axon Enterprise, Inc., 17800 N. 85th St., Scottsdale, AZ 85255-6311 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Public Safety Video Surveillance Solutions with Related Equipment, Software and Accessories from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires December 15, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services will perform in accordance with the manufacturer's specifications. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcwell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcwell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities, in accordance with Supplier's warranty process. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity in accordance with Supplier's warranty process.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and

Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract. For avoidance of doubt, if a Participating Entity order extends beyond the Contract's expiration or cancellation, in addition to the survival terms set forth in Section 1.B of this Contract, Supplier's Master Services and Purchasing Agreement (MSPA) shall also apply, governing the order until all obligations of both the Participating Entity and Supplier are fulfilled.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. The Supplier's Master Services and Purchasing Agreement (MSPA) attached hereto as Exhibit A is hereby added and incorporated into this Contract. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. **ADMINISTRATIVE FEE.** In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and

Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including reasonable attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any negligent act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. In no event will Supplier be liable for any special, indirect, incidental, exemplary, or consequential damages for any cause of action, whether in contract or tort. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

- a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
 - b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense.* The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.
3. *Use; Quality Control.*
 - a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
 - b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.
4. *Termination.* Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. **PUBLICITY.** Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. **MARKETING.** Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. **ENDORSEMENT.** The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. **PERFORMANCE.** During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

\$500,000 each accident for bodily injury by accident

\$500,000 policy limit for bodily injury by disease

\$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:

\$1,000,000 each occurrence Bodily Injury and Property Damage

\$1,000,000 Personal and Advertising Injury

\$2,000,000 aggregate for products liability-completed operations

\$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:

\$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:

\$2,000,000

5. *Professional/Technical, Errors and Omissions, and/or Miscellaneous Professional Liability*. During the term of this Contract, Supplier will maintain coverage for all claims the Supplier may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to Supplier's professional services required under this Contract.

Minimum Limits:

\$2,000,000 per claim or event

\$2,000,000 – annual aggregate

6. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. **ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE.** Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. **WAIVER OF SUBROGATION.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. **UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION.** The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. **LAWS AND REGULATIONS.** All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. **LICENSES.** Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcwell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with

the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and

records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. **PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322).** A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. **FEDERAL SEAL(S), LOGOS, AND FLAGS.** The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. **NO OBLIGATION BY FEDERAL GOVERNMENT.** The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.** The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. **FEDERAL DEBT.** The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. **CONFLICTS OF INTEREST.** The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Exhibit A
Axon Master Services and Purchasing Agreement (MSPA)

**Solicitation Number: 101223****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Axon Enterprise, Inc., 17800 N. 85th St., Scottsdale, AZ 85255-6311 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Public Safety Video Surveillance Solutions with Related Equipment, Software and Accessories from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires December 15, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services will perform in accordance with the manufacturer's specifications. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcwell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcwell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities, in accordance with Supplier's warranty process. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity in accordance with Supplier's warranty process.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and

Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract. For avoidance of doubt, if a Participating Entity order extends beyond the Contract's expiration or cancellation, in addition to the survival terms set forth in Section 1.B of this Contract, Supplier's Master Services and Purchasing Agreement (MSPA) shall also apply, governing the order until all obligations of both the Participating Entity and Supplier are fulfilled.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. The Supplier's Master Services and Purchasing Agreement (MSPA) attached hereto as Exhibit A is hereby added and incorporated into this Contract. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. **ADMINISTRATIVE FEE.** In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and

Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including reasonable attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any negligent act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. In no event will Supplier be liable for any special, indirect, incidental, exemplary, or consequential damages for any cause of action, whether in contract or tort. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

- a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
 - b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense.* The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.
3. *Use; Quality Control.*
 - a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
 - b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.
4. *Termination.* Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. **PUBLICITY.** Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. **MARKETING.** Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. **ENDORSEMENT.** The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. **PERFORMANCE.** During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

\$500,000 each accident for bodily injury by accident

\$500,000 policy limit for bodily injury by disease

\$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:

\$1,000,000 each occurrence Bodily Injury and Property Damage

\$1,000,000 Personal and Advertising Injury

\$2,000,000 aggregate for products liability-completed operations

\$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:

\$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:

\$2,000,000

5. *Professional/Technical, Errors and Omissions, and/or Miscellaneous Professional Liability*. During the term of this Contract, Supplier will maintain coverage for all claims the Supplier may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to Supplier's professional services required under this Contract.

Minimum Limits:

\$2,000,000 per claim or event

\$2,000,000 – annual aggregate

6. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. **ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE.** Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. **WAIVER OF SUBROGATION.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. **UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION.** The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. **LAWS AND REGULATIONS.** All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. **LICENSES.** Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcwell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with

the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and

records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. **PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322).** A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. **FEDERAL SEAL(S), LOGOS, AND FLAGS.** The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. **NO OBLIGATION BY FEDERAL GOVERNMENT.** The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.** The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. **FEDERAL DEBT.** The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. **CONFLICTS OF INTEREST.** The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Exhibit A
Axon Master Services and Purchasing Agreement (MSPA)

Master Services and Purchasing Agreement for Agency

This Master Services and Purchasing Agreement ("**Agreement**") is between Axon Enterprise, Inc. ("**Axon**"), and the agency listed below or, if no agency is listed below, the agency on the Quote attached hereto ("**Agency**"). This Agreement is effective as of the later of the (a) last signature date on this Agreement or (b) signature date on the Quote ("**Effective Date**"). Axon and Agency are each a "**Party**" and collectively "**Parties**". This Agreement governs Agency's purchase and use of the Axon Devices and Services detailed in the Quote Appendix ("**Quote**"). It is the intent of the Parties that this Agreement will govern all subsequent purchases by Agency for the same Axon Devices and Services in the Quote, and all such subsequent quotes accepted by Agency shall be also incorporated into this Agreement by reference as a Quote. The Parties agree as follows:

1. **Definitions.**

- 1.1. "**Axon Cloud Services**" means Axon's web services for Axon Evidence, Axon Records, Axon Dispatch, and interactions between Axon Evidence and Axon Devices or Axon client software. Axon Cloud Service excludes third-party applications, hardware warranties, and my.evidence.com.
- 1.2. "**Axon Device**" means all hardware provided by Axon under this Agreement. Axon-manufactured Devices are a subset of Axon Devices.
- 1.3. "**Quote**" means an offer to sell and is only valid for devices and services on the offer at the specified prices. Any inconsistent or supplemental terms within Agency's purchase order in response to a Quote will be void. Orders are subject to prior credit approval. Changes in the deployment estimated ship date may change charges in the Quote. Shipping dates are estimates only. Axon is not responsible for typographical errors in any Quote by Axon, and Axon reserves the right to cancel any orders resulting from such errors.
- 1.4. "**Services**" means all services provided by Axon under this Agreement, including software, Axon Cloud Services, and professional services.

2. **Term.** This Agreement begins on the Effective Date and continues until all subscriptions hereunder have expired or have been terminated ("**Term**").

- 2.1. All subscriptions including Axon Evidence, Axon Fleet, Officer Safety Plans, Technology Assurance Plans, and TASER 7 or TASER 10 plans begin on the date stated in the Quote. Each subscription term ends upon completion of the subscription stated in the Quote ("**Subscription Term**").
- 2.2. Upon completion of the Subscription Term, the Subscription Term will automatically renew for an additional 5 years ("**Renewal Term**"). For purchase of TASER 7 or TASER 10 as a standalone, Axon may increase pricing to its then-current list pricing for any Renewal Term. For all other purchases, Axon may increase pricing on all line items in the Quote by up to 3% at the beginning of each year of the Renewal Term. New devices and services may require additional terms. Axon will not authorize services until Axon receives a signed Quote or accepts a purchase order, whichever is first.

3. **Payment.** Axon invoices upon shipment, or on the date specified within the invoicing plan in the Quote. Payment is due net 30 days from the invoice date. Payment obligations are non-cancelable. Unless otherwise prohibited by law, Agency will pay interest on all past-due sums at the lower of one-and-a-half percent (1.5%) per month or the highest rate allowed by law. Agency will pay invoices without setoff, deduction, or withholding. If Axon sends a past due account to collections, Agency is responsible for collection and attorneys' fees.

4. **Taxes.** Agency is responsible for sales and other taxes associated with the order unless Agency provides Axon a valid tax exemption certificate.

5. **Shipping.** Axon may make partial shipments and ship Axon Devices from multiple locations. All shipments are EXW (Incoterms 2020) via common carrier. Title and risk of loss pass to Agency upon Axon's delivery to the common carrier. Agency is responsible for any shipping charges in the Quote.

6. **Returns.** All sales are final. Axon does not allow refunds or exchanges, except warranty returns or as provided by state or federal law.

7. **Warranty.**

- 7.1. **Limited Warranty.** Axon warrants that Axon-manufactured Devices are free from defects in workmanship and materials for one (1) year from the date of Agency's receipt, except Signal Sidearm and Axon-manufactured accessories, which Axon warrants for thirty (30) months and ninety (90) days, respectively, from the date of Agency's receipt. Used conducted energy weapon ("**CEW**") cartridges are deemed to have operated properly. Extended warranties run from the expiration of the one- (1-) year hardware warranty through the extended warranty term.
- 7.2. **Disclaimer.** All software and Axon Cloud Services are provided "AS IS," without any warranty of any kind, either express or implied, including without limitation the implied warranties of merchantability,

Title: Master Services and Purchasing Agreement between Axon and Agency

Department: Legal

Version: 19.0

Release Date: 8/18/2023

Master Services and Purchasing Agreement for Agency

fitness for a particular purpose and non-infringement. Axon Devices and Services that are not manufactured, published or performed by Axon ("Third-Party Products") are not covered by Axon's warranty and are only subject to the warranties of the third-party provider or manufacturer.

- 7.3. **Claims.** If Axon receives a valid warranty claim for an Axon-manufactured Device during the warranty term, Axon's sole responsibility is to repair or replace the Axon-manufactured Device with the same or like Axon-manufactured Device, at Axon's option. A replacement Axon-manufactured Device will be new or like new. Axon will warrant the replacement Axon-manufactured Device for the longer of (a) the remaining warranty of the original Axon-manufactured Device or (b) ninety (90) days from the date of repair or replacement.

7.3.1. If Agency exchanges an Axon Device or part, the replacement item becomes Agency's property, and the replaced item becomes Axon's property. Before delivering an Axon-manufactured Device for service, Agency must upload Axon-manufactured Device data to Axon Evidence or download it and retain a copy. Axon is not responsible for any loss of software, data, or other information contained in storage media or any part of the Axon-manufactured Device sent to Axon for service.

- 7.4. **Spare Axon Devices.** At Axon's reasonable discretion, Axon may provide Agency a predetermined number of spare Axon Devices as detailed in the Quote ("**Spare Axon Devices**"). Spare Axon Devices are intended to replace broken or non-functioning units while Agency submits the broken or non-functioning units, through Axon's warranty return process. Axon will repair or replace the unit with a replacement Axon Device. Title and risk of loss for all Spare Axon Devices shall pass to Agency in accordance with shipping terms under Section 5. Axon assumes no liability or obligation in the event Agency does not utilize Spare Axon Devices for the intended purpose.

- 7.5. **Limitations.** Axon's warranty excludes damage related to: (a) failure to follow Axon Device use instructions; (b) Axon Devices used with equipment not manufactured or recommended by Axon; (c) abuse, misuse, or intentional damage to Axon Device; (d) force majeure; (e) Axon Devices repaired or modified by persons other than Axon without Axon's written permission; or (f) Axon Devices with a defaced or removed serial number. Axon's warranty will be void if Agency resells Axon Devices.

7.5.1. **To the extent permitted by law, the above warranties and remedies are exclusive. Axon disclaims all other warranties, remedies, and conditions, whether oral, written, statutory, or implied. If statutory or implied warranties cannot be lawfully disclaimed, then such warranties are limited to the duration of the warranty described above and by the provisions in this Agreement. Agency confirms and agrees that, in deciding whether to sign this Agreement, it has not relied on any statement or representation by Axon or anyone acting on behalf of Axon related to the subject matter of this Agreement that is not in this Agreement.**

7.5.2. **Axon's cumulative liability to any party for any loss or damage resulting from any claim, demand, or action arising out of or relating to any Axon Device or Service will not exceed the purchase price paid to Axon for the Axon Device, or if for Services, the amount paid for such Services over the twelve (12) months preceding the claim. Neither Party will be liable for direct, special, indirect, incidental, punitive or consequential damages, however caused, whether for breach of warranty or contract, negligence, strict liability, tort or any other legal theory.**

- 7.6. **Online Support Platforms.** Use of Axon's online support platforms (e.g., Axon Academy and MyAxon) is governed by the Axon Online Support Platforms Terms of Use Appendix available at www.axon.com/sales-terms-and-conditions.
- 7.7. **Third-Party Software and Services.** Use of software or services other than those provided by Axon is governed by the terms, if any, entered into between Agency and the respective third-party provider, including, without limitation, the terms applicable to such software or services located at www.axon.com/sales-terms-and-conditions, if any.
- 7.8. **Axon Aid.** Upon mutual agreement between Axon and Agency, Axon may provide certain products and services to Agency, as a charitable donation under the Axon Aid program. In such event, Agency expressly waives and releases any and all claims, now known or hereafter known, against Axon and its officers, directors, employees, agents, contractors, affiliates, successors, and assigns (collectively, "**Releasees**"), including but not limited to, on account of injury, death, property damage, or loss of data, arising out of or attributable to the Axon Aid program whether arising out of the negligence of any Releasees or otherwise. Agency agrees not to make or bring any such claim against any Releasee, and forever release and discharge all Releasees from liability under such claims. Agency expressly allows Axon to publicly announce its participation in Axon Aid and use its name in marketing materials. Axon may terminate the Axon Aid program without cause immediately upon notice to the Agency.

8. **Statement of Work.** Certain Axon Devices and Services, including Axon Interview Room, Axon Channel Services,

Title: Master Services and Purchasing Agreement between Axon and Agency

Department: Legal

Version: 19.0

Release Date: 8/18/2023

Master Services and Purchasing Agreement for Agency

and Axon Fleet, may require a Statement of Work that details Axon's Service deliverables ("**SOW**"). In the event Axon provides an SOW to Agency, Axon is only responsible for the performance of Services described in the SOW. Additional services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in fees or schedule. The SOW is incorporated into this Agreement by reference.

9. **Axon Device Warnings.** See www.axon.com/legal for the most current Axon Device warnings.
10. **Design Changes.** Axon may make design changes to any Axon Device or Service without notifying Agency or making the same change to Axon Devices and Services previously purchased by Agency.
11. **Bundled Offerings.** Some offerings in bundled offerings may not be generally available at the time of Agency's purchase. Axon will not provide a refund, credit, or additional discount beyond what is in the Quote due to a delay of availability or Agency's election not to utilize any portion of an Axon bundle.
12. **Insurance.** Axon will maintain General Liability, Workers' Compensation, and Automobile Liability insurance. Upon request, Axon will supply certificates of insurance.
13. **IP Rights.** Axon owns and reserves all right, title, and interest in Axon-manufactured Devices and Services and suggestions to Axon, including all related intellectual property rights. Agency will not cause any Axon proprietary rights to be violated.
14. **IP Indemnification.** Axon will indemnify Agency against all claims, losses, and reasonable expenses from any third-party claim alleging that the use of Axon-manufactured Devices or Services infringes or misappropriates the third-party's intellectual property rights. Agency must promptly provide Axon with written notice of such claim, tender to Axon the defense or settlement of such claim at Axon's expense and cooperate fully with Axon in the defense or settlement of such claim. Axon's IP indemnification obligations do not apply to claims based on (a) modification of Axon-manufactured Devices or Services by Agency or a third-party not approved by Axon; (b) use of Axon-manufactured Devices and Services in combination with hardware or services not approved by Axon; (c) use of Axon Devices and Services other than as permitted in this Agreement; or (d) use of Axon software that is not the most current release provided by Axon.
15. **Agency Responsibilities.** Agency is responsible for (a) Agency's use of Axon Devices; (b) breach of this Agreement or violation of applicable law by Agency or an Agency end user; (c) disputes between Agency and a third-party over Agency's use of Axon Devices; (d) ensuring Axon Devices are destroyed and disposed of securely and sustainably at Agency's cost; and (e) any regulatory violations or fines, as a result of improper destruction or disposal of Axon Devices.
16. **Termination.**
 - 16.1. **For Breach.** A Party may terminate this Agreement for cause if it provides thirty (30) days written notice of the breach to the other Party, and the breach remains uncured at the end of thirty (30) days. If Agency terminates this Agreement due to Axon's uncured breach, Axon will refund prepaid amounts on a prorated basis based on the effective date of termination.
 - 16.2. **By Agency.** If sufficient funds are not appropriated or otherwise legally available to pay the fees, Agency may terminate this Agreement. Agency will deliver notice of termination under this section as soon as reasonably practicable.
 - 16.3. **Effect of Termination.** Upon termination of this Agreement, Agency rights immediately terminate. Agency remains responsible for all fees incurred before the effective date of termination. If Agency purchases Axon Devices for less than the manufacturer's suggested retail price ("**MSRP**") and this Agreement terminates before the end of the Term, Axon will invoice Agency the difference between the MSRP for Axon Devices received, including any Spare Axon Devices, and amounts paid towards those Axon Devices. Only if terminating for non-appropriation, Agency may return Axon Devices to Axon within thirty (30) days of termination. MSRP is the standalone price of the individual Axon Device at the time of sale. For bundled Axon Devices, MSRP is the standalone price of all individual components.
17. **Confidentiality.** "**Confidential Information**" means nonpublic information designated as confidential or, given the nature of the information or circumstances surrounding disclosure, should reasonably be understood to be confidential. Each Party will take reasonable measures to avoid disclosure, dissemination, or unauthorized use of the other Party's Confidential Information. Unless required by law, neither Party will disclose the other Party's Confidential Information during the Term and for five (5) years thereafter. To the extent permissible by law, Axon pricing is Confidential Information and competition sensitive. If Agency receives a public records request to disclose Axon Confidential Information, to the extent allowed by law, Agency will provide notice to Axon before disclosure. Axon may publicly announce information related to this Agreement.

Master Services and Purchasing Agreement for Agency

18. General.

- 18.1. **Force Majeure.** Neither Party will be liable for any delay or failure to perform due to a cause beyond a Party's reasonable control.
- 18.2. **Independent Contractors.** The Parties are independent contractors. Neither Party has the authority to bind the other. This Agreement does not create a partnership, franchise, joint venture, agency, fiduciary, or employment relationship between the Parties.
- 18.3. **Third-Party Beneficiaries.** There are no third-party beneficiaries under this Agreement.
- 18.4. **Non-Discrimination.** Neither Party nor its employees will discriminate against any person based on race; religion; creed; color; sex; gender identity and expression; pregnancy; childbirth; breastfeeding; medical conditions related to pregnancy, childbirth, or breastfeeding; sexual orientation; marital status; age; national origin; ancestry; genetic information; disability; veteran status; or any class protected by local, state, or federal law.
- 18.5. **Export Compliance.** Each Party will comply with all import and export control laws and regulations.
- 18.6. **Assignment.** Neither Party may assign this Agreement without the other Party's prior written consent. Axon may assign this Agreement, its rights, or obligations without consent: (a) to an affiliate or subsidiary; or (b) for purposes of financing, merger, acquisition, corporate reorganization, or sale of all or substantially all its assets. This Agreement is binding upon the Parties respective successors and assigns.
- 18.7. **Waiver.** No waiver or delay by either Party in exercising any right under this Agreement constitutes a waiver of that right.
- 18.8. **Severability.** If a court of competent jurisdiction holds any portion of this Agreement invalid or unenforceable, the remaining portions of this Agreement will remain in effect.
- 18.9. **Survival.** The following sections will survive termination: Payment, Warranty, Axon Device Warnings, Indemnification, IP Rights, and Agency Responsibilities.
- 18.10. **Governing Law.** The laws of the country, state, province, or municipality where Agency is physically located, without reference to conflict of law rules, govern this Agreement and any dispute arising from it. The United Nations Convention for the International Sale of Goods does not apply to this Agreement.
- 18.11. **Notices.** All notices must be in English. Notices posted on Agency's Axon Evidence site are effective upon posting. Notices by email are effective on the sent date of the email. Notices by personal delivery are effective immediately. Notices to Agency shall be provided to the address on file with Axon. Notices to Axon shall be provided to Axon Enterprise, Inc., Attn: Legal, 17800 North 85th Street, Scottsdale, Arizona 85255 with a copy to legal@axon.com.
- 18.12. **Entire Agreement.** This Agreement, including the Appendices and any SOW(s), represents the entire agreement between the Parties. This Agreement supersedes all prior agreements or understandings, whether written or verbal, regarding the subject matter of this Agreement. This Agreement may only be modified or amended in a writing signed by the Parties.

Each Party, by and through its respective representative authorized to execute this Agreement, has duly executed and delivered this Agreement as of the date of signature.

Master Services and Purchasing Agreement for Agency

Axon Cloud Services Terms of Use Appendix

1. Definitions.

- a. **"Agency Content"** is data uploaded into, ingested by, or created in Axon Cloud Services within Agency's tenant, including media or multimedia uploaded into Axon Cloud Services by Agency. Agency Content includes Evidence but excludes Non-Content Data.
- b. **"Evidence"** is media or multimedia uploaded into Axon Evidence as 'evidence' by an Agency. Evidence is a subset of Agency Content.
- c. **"Non-Content Data"** is data, configuration, and usage information about Agency's Axon Cloud Services tenant, Axon Devices and client software, and users that is transmitted or generated when using Axon Devices. Non-Content Data includes data about users captured during account management and customer support activities. Non-Content Data does not include Agency Content.
- d. **"Personal Data"** means any information relating to an identified or identifiable natural person. An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2. **Access.** Upon Axon granting Agency a subscription to Axon Cloud Services, Agency may access and use Axon Cloud Services to store and manage Agency Content. Agency may not exceed more end users than the Quote specifies. Axon Air requires an Axon Evidence subscription for each drone operator. For Axon Evidence Lite, Agency may access and use Axon Evidence only to store and manage TASER CEW and TASER CAM data ("**TASER Data**"). Agency may not upload non-TASER Data to Axon Evidence Lite.

3. **Agency Owns Agency Content.** Agency controls and owns all right, title, and interest in Agency Content. Except as outlined herein, Axon obtains no interest in Agency Content, and Agency Content is not Axon's business records. Agency is solely responsible for uploading, sharing, managing, and deleting Agency Content. Axon will only have access to Agency Content for the limited purposes set forth herein. Agency agrees to allow Axon access to Agency Content to (a) perform troubleshooting, maintenance, or diagnostic screenings; and (b) enforce this Agreement or policies governing use of the Axon products.

4. **Security.** Axon will implement commercially reasonable and appropriate measures to secure Agency Content against accidental or unlawful loss, access or disclosure. Axon will maintain a comprehensive information security program to protect Axon Cloud Services and Agency Content including logical, physical access, vulnerability, risk, and configuration management; incident monitoring and response; encryption of uploaded digital evidence; security education; and data protection. Axon agrees to the Federal Bureau of Investigation Criminal Justice Information Services Security Addendum.

5. **Agency Responsibilities.** Agency is responsible for (a) ensuring Agency owns Agency Content; (b) ensuring no Agency Content or Agency end user's use of Agency Content or Axon Cloud Services violates this Agreement or applicable laws; and (c) maintaining necessary computer equipment and Internet connections for use of Axon Cloud Services. If Agency becomes aware of any violation of this Agreement by an end user, Agency will immediately terminate that end user's access to Axon Cloud Services.

- a. Agency will also maintain the security of end usernames and passwords and security and access by end users to Agency Content. Agency is responsible for ensuring the configuration and utilization of Axon Cloud Services meet applicable Agency regulation and standards. Agency may not sell, transfer, or sublicense access to any other entity or person. Agency shall contact Axon immediately if an unauthorized party may be using Agency's account or Agency Content, or if account information is lost or stolen.
- b. To the extent Agency uses the Axon Cloud Services to interact with YouTube®, such use may be governed by the YouTube Terms of Service, available at <https://www.youtube.com/static?template=terms>.

6. **Privacy.** Agency's use of Axon Cloud Services is subject to the Axon Cloud Services Privacy Policy, a current version of which is available at <https://www.axon.com/legal/cloud-services-privacy-policy>. Agency agrees to allow Axon access to Non-Content Data from Agency to (a) perform troubleshooting, maintenance, or diagnostic

Master Services and Purchasing Agreement for Agency

screenings; (b) provide, develop, improve, and support current and future Axon products and related services; and (c) enforce this Agreement or policies governing the use of Axon products.

7. **Axon Body 3 Wi-Fi Positioning.** Axon Body 3 cameras offer a feature to enhance location services where GPS/GNSS signals may not be available, for instance, within buildings or underground. Agency administrators can manage their choice to use this service within the administrative features of Axon Cloud Services. If Agency chooses to use this service, Axon must also enable the usage of the feature for Agency's Axon Cloud Services tenant. Agency will not see this option with Axon Cloud Services unless Axon has enabled Wi-Fi Positioning for Agency's Axon Cloud Services tenant. When Wi-Fi Positioning is enabled by both Axon and Agency, Non-Content and Personal Data will be sent to Skyhook Holdings, Inc. ("**Skyhook**") to facilitate the Wi-Fi Positioning functionality. Data controlled by Skyhook is outside the scope of the Axon Cloud Services Privacy Policy and is subject to the Skyhook Services Privacy Policy.
8. **Storage.** For Axon Unlimited Device Storage subscriptions, Agency may store unlimited data in Agency's Axon Evidence account only if data originates from Axon Capture or the applicable Axon Device. Axon may charge Agency additional fees for exceeding purchased storage amounts. Axon may place Agency Content that Agency has not viewed or accessed for six (6) months into archival storage. Agency Content in archival storage will not have immediate availability and may take up to twenty-four (24) hours to access.

For Third-Party Unlimited Storage the following restrictions apply: (i) it may only be used in conjunction with a valid Axon's Evidence.com user license; (ii) is limited to data of the law enforcement agency that purchased the Third-Party Unlimited Storage and the Axon's Evidence.com end user or Agency is prohibited from storing data for other law enforcement agencies; and (iii) Agency may only upload and store data that is directly related to: (1) the investigation of, or the prosecution of a crime; (2) common law enforcement activities; or (3) any Agency Content created by Axon Devices or Evidence.com.

9. **Location of Storage.** Axon may transfer Agency Content to third-party subcontractors for storage. Axon will determine the locations of data centers for storage of Agency Content. For United States agencies, Axon will ensure all Agency Content stored in Axon Cloud Services remains within the United States. Ownership of Agency Content remains with Agency.
10. **Suspension.** Axon may temporarily suspend Agency's or any end user's right to access or use any portion or all of Axon Cloud Services immediately upon notice, if Agency or end user's use of or registration for Axon Cloud Services may (a) pose a security risk to Axon Cloud Services or any third-party; (b) adversely impact Axon Cloud Services, the systems, or content of any other customer; (c) subject Axon, Axon's affiliates, or any third-party to liability; or (d) be fraudulent. Agency remains responsible for all fees incurred through suspension. Axon will not delete Agency Content because of suspension, except as specified in this Agreement.
11. **Axon Cloud Services Warranty.** Axon disclaims any warranties or responsibility for data corruption or errors before Agency uploads data to Axon Cloud Services.
12. **Axon Records.** Axon Records is the software-as-a-service product that is generally available at the time Agency purchases an OSP 7 or OSP 10 bundle. During Agency's Axon Records Subscription Term, if any, Agency will be entitled to receive Axon's Update and Upgrade releases on an if-and-when available basis.
 - a. The Axon Records Subscription Term will end upon the completion of the Axon Records Subscription as documented in the Quote, or if purchased as part of an OSP 7 or OSP 10 bundle, upon completion of the OSP 7 or OSP 10 Term ("**Axon Records Subscription**")
 - b. An "**Update**" is a generally available release of Axon Records that Axon makes available from time to time. An "**Upgrade**" includes (i) new versions of Axon Records that enhance features and functionality, as solely determined by Axon; and/or (ii) new versions of Axon Records that provide additional features or perform additional functions. Upgrades exclude new products that Axon introduces and markets as distinct products or applications.
 - c. New or additional Axon products and applications, as well as any Axon professional services needed to configure Axon Records, are not included. If Agency purchases Axon Records as part of a bundled offering, the Axon Record subscription begins on the later of the (1) start date of that bundled offering, or (2) date Axon provisions Axon Records to Agency.
 - d. Users of Axon Records at the Agency may upload files to entities (incidents, reports, cases, etc) in Axon Records with no limit to the number of files and amount of storage. Notwithstanding the foregoing, Axon

Master Services and Purchasing Agreement for Agency

may limit usage should the Agency exceed an average rate of one-hundred (100) GB per user per year of uploaded files. Axon will not bill for overages.

13. **Axon Cloud Services Restrictions.** Agency and Agency end users (including employees, contractors, agents, officers, volunteers, and directors), may not, or may not attempt to:
 - a. copy, modify, tamper with, repair, or create derivative works of any part of Axon Cloud Services;
 - b. reverse engineer, disassemble, or decompile Axon Cloud Services or apply any process to derive any source code included in Axon Cloud Services, or allow others to do the same;
 - c. access or use Axon Cloud Services with the intent to gain unauthorized access, avoid incurring fees or exceeding usage limits or quotas;
 - d. use trade secret information contained in Axon Cloud Services, except as expressly permitted in this Agreement;
 - e. access Axon Cloud Services to build a competitive device or service or copy any features, functions, or graphics of Axon Cloud Services;
 - f. remove, alter, or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon's or Axon's licensors on or within Axon Cloud Services; or
 - g. use Axon Cloud Services to store or transmit infringing, libelous, or other unlawful or tortious material; material in violation of third-party privacy rights; or malicious code.
14. **After Termination.** Axon will not delete Agency Content for ninety (90) days following termination. There will be no functionality of Axon Cloud Services during these ninety (90) days other than the ability to retrieve Agency Content. Agency will not incur additional fees if Agency downloads Agency Content from Axon Cloud Services during this time. Axon has no obligation to maintain or provide Agency Content after these ninety (90) days and will thereafter, unless legally prohibited, delete all Agency Content. Upon request, Axon will provide written proof that Axon successfully deleted and fully removed all Agency Content from Axon Cloud Services.
15. **Post-Termination Assistance.** Axon will provide Agency with the same post-termination data retrieval assistance that Axon generally makes available to all customers. Requests for Axon to provide additional assistance in downloading or transferring Agency Content, including requests for Axon's data egress service, will result in additional fees and Axon will not warrant or guarantee data integrity or readability in the external system.
16. **U.S. Government Rights.** If Agency is a U.S. Federal department or using Axon Cloud Services on behalf of a U.S. Federal department, Axon Cloud Services is provided as a "commercial item," "commercial computer software," "commercial computer software documentation," and "technical data", as defined in the Federal Acquisition Regulation and Defense Federal Acquisition Regulation Supplement. If Agency is using Axon Cloud Services on behalf of the U.S. Government and these terms fail to meet the U.S. Government's needs or are inconsistent in any respect with federal law, Agency will immediately discontinue use of Axon Cloud Services.
17. **Survival.** Upon any termination of this Agreement, the following sections in this Appendix will survive: Agency Owns Agency Content, Privacy, Storage, Axon Cloud Services Warranty, and Axon Cloud Services Restrictions.

Master Services and Purchasing Agreement for Agency

Axon Customer Experience Improvement Program Appendix

1. **Axon Customer Experience Improvement Program (ACEIP).** The ACEIP is designed to accelerate Axon's development of technology, such as building and supporting automated features, to ultimately increase safety within communities and drive efficiency in public safety. To this end, subject to the limitations on Axon as described below, Axon, where allowed by law, may make limited use of Agency Content from all of its customers to provide, develop, improve, and support current and future Axon products (collectively, "ACEIP Purposes"). However, at all times, Axon will comply with its obligations pursuant to the Axon Cloud Services Terms of Use Appendix to maintain a comprehensive data security program (including compliance with the CJIS Security Policy for Criminal Justice Information), privacy program, and data governance policy, including high industry standards of de-identifying Personal Data, to enforce its security and privacy obligations for the ACEIP. ACEIP has 2 tiers of participation, Tier 1 and Tier 2. By default, Agency will be a participant in ACEIP Tier 1. If Agency does not want to participate in ACEIP Tier 1, Agency can revoke its consent at any time. If Agency wants to participate in Tier 2, as detailed below, Agency can check the ACEIP Tier 2 box below. If Agency does not want to participate in ACEIP Tier 2, Agency should leave box unchecked. At any time, Agency may revoke its consent to ACEIP Tier 1, Tier 2, or both Tiers.
2. **ACEIP Tier 1.**
 - 2.1. When Axon uses Agency Content for the ACEIP Purposes, Axon will extract from Agency Content and may store separately copies of certain segments or elements of the Agency Content (collectively, "**ACEIP Content**"). When extracting ACEIP Content, Axon will use commercially reasonable efforts to aggregate, transform or de-identify Agency Content so that the extracted ACEIP Content is no longer reasonably capable of being associated with, or could reasonably be linked directly or indirectly to a particular individual ("**Privacy Preserving Technique(s)**"). For illustrative purposes, some examples are described in footnote 1¹. For clarity, ACEIP Content will still be linked indirectly, with an attribution, to the Agency from which it was extracted. This attribution will be stored separately from the data itself, but is necessary for and will be solely used to enable Axon to identify and delete all ACEIP Content upon Agency request. Once de-identified, ACEIP Content may then be further modified, analyzed, and used to create derivative works. At any time, Agency may revoke the consent granted herein to Axon to access and use Agency Content for ACEIP Purposes. Within 30 days of receiving the Agency's request, Axon will no longer access or use Agency Content for ACEIP Purposes and will delete any and all ACEIP Content. Axon will also delete any derivative works which may reasonably be capable of being associated with, or could reasonably be linked directly or indirectly to Agency. In addition, if Axon uses Agency Content for the ACEIP Purposes, upon request, Axon will make available to Agency a list of the specific type of Agency Content being used to generate ACEIP Content, the purpose of such use, and the retention, privacy preserving extraction technique, and relevant data protection practices applicable to the Agency Content or ACEIP Content ("**Use Case**"). From time to time, Axon may develop and deploy new Use Cases. At least 30 days prior to authorizing the deployment of any new Use Case, Axon will provide Agency notice (by updating the list of Use Case at <https://www.axon.com/aceip> and providing Agency with a mechanism to obtain notice of that update or another commercially reasonable method to Agency designated contact) ("**New Use Case**").
 - 2.2. **Expiration of ACEIP Tier 1.** Agency consent granted herein will expire upon termination of the Agreement. In accordance with section 1.1.1, within 30 days of receiving the Agency's request, Axon will no longer access or use Agency Content for ACEIP Purposes and will delete ACEIP Content. Axon will also delete any derivative works which may reasonably be capable of being associated with, or could reasonably be linked directly or indirectly to, Agency.
3. **ACEIP Tier 2.** In addition to ACEIP Tier 1, if Agency wants to help further improve Axon's services, Agency may choose to participate in Tier 2 of the ACEIP. ACEIP Tier 2 grants Axon certain additional rights to use Agency Content, in addition to those set forth in Tier 1 above, without the guaranteed deployment of a Privacy Preserving Technique

¹ For example; (a) when extracting specific text to improve automated transcription capabilities, text that could be used to directly identify a particular individual would not be extracted, and extracted text would be disassociated from identifying metadata of any speakers, and the extracted text would be split into individual words and aggregated with other data sources (including publicly available data) to remove any reasonable ability to link any specific text directly or indirectly back to a particular individual; (b) when extracting license plate data to improve Automated License Plate Recognition (ALPR) capabilities, individual license plate characters would be extracted and disassociated from each other so a complete plate could not be reconstituted, and all association to other elements of the source video, such as the vehicle, location, time, and the surrounding environment would also be removed; (c) when extracting audio of potential acoustic events (such as glass breaking or gun shots), very short segments (<1 second) of audio that only contains the likely acoustic events would be extracted and all human utterances would be removed.

Master Services and Purchasing Agreement for Agency

to enable product development, improvement, and support that cannot be accomplished with aggregated, transformed, or de-identified data.

☐ Check this box if Agency wants to help further improve Axon's services by participating in ACEIP Tier 2 in addition to Tier 1. Axon will not enroll Agency into ACEIP Tier 2 until Axon and Agency agree to terms in writing providing for such participation in ACEIP Tier 2.

Master Services and Purchasing Agreement for Agency

Professional Services Appendix

If any of the Professional Services specified below are included on the Quote, this Appendix applies.

1. **Utilization of Services.** Agency must use professional services as outlined in the Quote and this Appendix within six (6) months of the Effective Date.
2. **Axon Full Service (Axon Full Service).** Axon Full Service includes advance remote project planning and configuration support and up to four (4) consecutive days of on-site service and a professional services manager to work with Agency to assess Agency's deployment and determine which on-site services are appropriate. If Agency requires more than four (4) consecutive on-site days, Agency must purchase additional days. Axon Full Service options include:

System set up and configuration

- Instructor-led setup of Axon View on smartphones (if applicable)
- Configure categories and custom roles based on Agency need
- Register cameras to Agency domain
- Troubleshoot IT issues with Axon Evidence and Axon Dock ("Dock") access
- One on-site session included

Dock configuration

- Work with Agency to decide the ideal location of Docks and set configurations on Dock
- Authenticate Dock with Axon Evidence using admin credentials from Agency
- On-site assistance, not to include physical mounting of docks

Best practice implementation planning session

- Provide considerations for the establishment of video policy and system operations best practices based on Axon's observations with other agencies
- Discuss the importance of entering metadata in the field for organization purposes and other best practices for digital data management
- Provide referrals of other agencies using the Axon camera devices and Axon Evidence
- Recommend rollout plan based on review of shift schedules

System Admin and troubleshooting training sessions

Step-by-step explanation and assistance for Agency's configuration of security, roles & permissions, categories & retention, and other specific settings for Axon Evidence

Axon instructor training (Train the Trainer)

Training for Agency's in-house instructors who can support Agency's Axon camera and Axon Evidence training needs after Axon has fulfilled its contractual on-site obligations

Evidence sharing training

Tailored workflow instruction for Investigative Units on sharing Cases and Evidence with local prosecuting agencies

End user go-live training and support sessions

- Assistance with device set up and configuration
- Training on device use, Axon Evidence, and Evidence Sync

[Implementation document packet](#)

Axon Evidence administrator guides, camera implementation guides, network setup guide, sample policies, and categories & roles guide

Post go-live review

3. **Body-Worn Camera Starter Service (Axon Starter).** Axon Starter includes advance remote project planning and configuration support and one (1) day of on-site Services and a professional services manager to work closely with Agency to assess Agency's deployment and determine which Services are appropriate. If Agency requires more than one (1) day of on-site Services, Agency must purchase additional on-site Services. The Axon Starter options include:

System set up and configuration (Remote Support)

- Instructor-led setup of Axon View on smartphones (if applicable)
- Configure categories & custom roles based on Agency need
- Troubleshoot IT issues with Axon Evidence and Dock access

Master Services and Purchasing Agreement for Agency

Dock configuration

- Work with Agency to decide the ideal location of Dock setup and set configurations on Dock
- Authenticate Dock with Axon Evidence using "Administrator" credentials from Agency
- Does not include physical mounting of docks

Axon instructor training (Train the Trainer)

Training for Agency's in-house instructors who can support Agency's Axon camera and Axon Evidence training needs after Axon's has fulfilled its contracted on-site obligations

End user go-live training and support sessions

- Assistance with device set up and configuration
- Training on device use, Axon Evidence, and Evidence Sync

[Implementation document packet](#)

Axon Evidence administrator guides, camera implementation guides, network setup guide, sample policies, and categories & roles guide

4. **Body-Worn Camera Virtual 1-Day Service (Axon Virtual).** Axon Virtual includes all items in the BWC Starter Service Package, except one (1) day of on-site services.
5. **CEW Services Packages.** CEW Services Packages are detailed below:

System set up and configuration

- Configure Axon Evidence categories & custom roles based on Agency need.
- Troubleshoot IT issues with Axon Evidence.
- Register users and assign roles in Axon Evidence.
- **For the CEW Full Service Package:** On-site assistance included
- **For the CEW Starter Package:** Virtual assistance included

Dedicated Project Manager

Assignment of specific Axon representative for all aspects of planning the rollout (Project Manager). Ideally, Project Manager will be assigned to Agency 4–6 weeks before rollout

Best practice implementation planning session to include:

- Provide considerations for the establishment of CEW policy and system operations best practices based on Axon's observations with other agencies
- Discuss the importance of entering metadata and best practices for digital data management
- Provide referrals to other agencies using TASER CEWs and Axon Evidence
- **For the CEW Full Service Package:** On-site assistance included
- **For the CEW Starter Package:** Virtual assistance included

System Admin and troubleshooting training sessions

On-site sessions providing a step-by-step explanation and assistance for Agency's configuration of security, roles & permissions, categories & retention, and other specific settings for Axon Evidence

Axon Evidence Instructor training

- Provide training on the Axon Evidence to educate instructors who can support Agency's subsequent Axon Evidence training needs.
- **For the CEW Full Service Package:** Training for up to 3 individuals at Agency
- **For the CEW Starter Package:** Training for up to 1 individual at Agency

TASER CEW inspection and device assignment

Axon's on-site professional services team will perform functions check on all new TASER CEW Smart weapons and assign them to a user on Axon Evidence.

Post go-live review

For the CEW Full Service Package: On-site assistance included.

For the CEW Starter Package: Virtual assistance included.

6. **Smart Weapon Transition Service.** The Smart Weapon Transition Service includes:

Archival of CEW Firing Logs

Axon's on-site professional services team will upload CEW firing logs to Axon Evidence from all TASER CEW Smart Weapons that Agency is replacing with newer Smart Weapon models.

Master Services and Purchasing Agreement for Agency

Return of Old Weapons

Axon's on-site professional service team will ship all old weapons back to Axon's headquarters. Axon will provide Agency with a Certificate of Destruction

*Note: CEW Full Service packages for TASER 7 or TASER 10 include Smart Weapon Transition Service instead of 1-Day Device Specific Instructor Course.

7. **VR Services Package.** VR Service includes advance remote project planning and configuration support and one (1) day of on-site service and a professional services manager to work with Agency to assess Agency's deployment and determine which Services are appropriate. The VR Service training options include:

System set up and configuration (Remote Support)

- Instructor-led setup of Axon VR headset content
- Configure agency settings based on Agency need
- Troubleshoot IT issues with Axon VR headset

Axon instructor training (Train the Trainer)

Training for up to five (5) Agency's in-house instructors who can support Agency's Axon VR CET and SIM training needs after Axon's has fulfilled its contracted on-site obligations

Classroom and practical training sessions

Step-by-step explanation and assistance for Agency's configuration of Axon VR CET and SIM functionality, basic operation, and best practices

8. **Axon Air, On-Site Training.** Axon Air, On-Site training includes advance remote project planning and configuration support and one (1) day of on-site Services and a professional services manager to work closely with Agency to assess Agency's deployment and determine which Services are appropriate. If Agency's requires more than one (1) day of on-site Services, Agency must purchase additional on-site Services. The Axon Air, On-Site training options include:

System set up and configuration (Remote Support)

- Instructor-led setup of Axon Air App (ASDS)
- Configure agency settings based on Agency need
- Configure drone controller
- Troubleshoot IT issues with Axon Evidence

Axon instructor training (Train the Trainer)

Training for Agency's in-house instructors who can support Agency's Axon Air and Axon Evidence training needs after Axon's has fulfilled its contracted on-site obligations

Classroom and practical training sessions

Step-by-step explanation and assistance for Agency's configuration of Axon Respond+ livestreaming functionality, basic operation, and best practices

9. **Axon Air, Virtual Training.** Axon Air, Virtual training includes all items in the Axon Air, On-Site Training Package, except the practical training session, with the Axon Instructor training for up to four hours virtually.

10. **Signal Sidearm Installation Service.**

- Purchases of 50 SSA units or more:** Axon will provide one (1) day of on-site service and one professional services manager and will provide train the trainer instruction, with direct assistance on the first of each unique holster/mounting type. Agency is responsible for providing a suitable work/training area.
- Purchases of less than 50 SSA units:** Axon will provide a 1-hour virtual instruction session on the basics of installation and device calibration.

11. **Out of Scope Services.** Axon is only responsible to perform the professional services described in the Quote and this Appendix. Any additional professional services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in the charges or schedule.

12. **Delivery of Services.** Axon personnel will work Monday through Friday, 8:30 a.m. to 5:30 p.m., except holidays. Axon will perform all on-site tasks over a consecutive timeframe. Axon will not charge Agency travel time by Axon personnel to Agency premises as work hours.

Title: Master Services and Purchasing Agreement between Axon and Agency

Department: Legal

Version: 19.0

Release Date: 8/18/2023

Page 12 of 40

Master Services and Purchasing Agreement for Agency

13. **Access Computer Systems to Perform Services.** Agency authorizes Axon to access relevant Agency computers and networks, solely for performing the Services. Axon will work to identify as soon as reasonably practicable resources and information Axon expects to use and will provide an initial itemized list to Agency. Agency is responsible for and assumes the risk of any problems, delays, losses, claims, or expenses resulting from the content, accuracy, completeness, and consistency of all data, materials, and information supplied by Agency.
14. **Site Preparation.** Axon will provide a hardcopy or digital copy of current user documentation for the Axon Devices ("**User Documentation**"). User Documentation will include all required environmental specifications for the professional services and Axon Devices to operate per the Axon Device User Documentation. Before installation of Axon Devices (whether performed by Agency or Axon), Agency must prepare the location(s) where Axon Devices are to be installed ("**Installation Site**") per the environmental specifications in the Axon Device User Documentation. Following installation, Agency must maintain the Installation Site per the environmental specifications. If Axon modifies Axon Device User Documentation for any Axon Devices under this Agreement, Axon will provide the update to Agency when Axon generally releases it
15. **Acceptance.** When Axon completes professional services, Axon will present an acceptance form ("**Acceptance Form**") to Agency. Agency will sign the Acceptance Form acknowledging completion. If Agency reasonably believes Axon did not complete the professional services in substantial conformance with this Agreement, Agency must notify Axon in writing of the specific reasons for rejection within seven (7) calendar days from delivery of the Acceptance Form. Axon will address the issues and re-present the Acceptance Form for signature. If Axon does not receive the signed Acceptance Form or written notification of reasons for rejection within seven (7) calendar days of delivery of the Acceptance Form, Axon will deem Agency to have accepted the professional services.
16. **Agency Network.** For work performed by Axon transiting or making use of Agency's network, Agency is solely responsible for maintenance and functionality of the network. In no event will Axon be liable for loss, damage, or corruption of Agency's network from any cause.

Master Services and Purchasing Agreement for Agency

Technology Assurance Plan Appendix

If Technology Assurance Plan ("TAP") or a bundle including TAP is on the Quote, this appendix applies.

1. **TAP Warranty.** The TAP warranty is an extended warranty that starts at the end of the one- (1-) year hardware limited warranty.
2. **Officer Safety Plan.** If Agency purchases an Officer Safety Plan ("OSP"), Agency will receive the deliverables detailed in the Quote. Agency must accept delivery of the TASER CEW and accessories as soon as available from Axon.
3. **OSP 7 or OSP 10 Term.** OSP 7 or OSP 10 begins on the date specified in the Quote ("OSP Term").
4. **TAP BWC Upgrade.** If Agency has no outstanding payment obligations and purchased TAP, Axon will provide Agency a new Axon body-worn camera ("BWC Upgrade") as scheduled in the Quote. If Agency purchased TAP, Axon will provide a BWC Upgrade that is the same or like Axon Device, at Axon's option. Axon makes no guarantee the BWC Upgrade will utilize the same accessories or Axon Dock.
5. **TAP Dock Upgrade.** If Agency has no outstanding payment obligations and purchased TAP, Axon will provide Agency a new Axon Dock as scheduled in the Quote ("Dock Upgrade"). Accessories associated with any Dock Upgrades are subject to change at Axon discretion. Dock Upgrades will only include a new Axon Dock bay configuration unless a new Axon Dock core is required for BWC compatibility. If Agency originally purchased a single-bay Axon Dock, the Dock Upgrade will be a single-bay Axon Dock model that is the same or like Axon Device, at Axon's option. If Agency originally purchased a multi-bay Axon Dock, the Dock Upgrade will be a multi-bay Axon Dock that is the same or like Axon Device, at Axon's option.
6. **Upgrade Delay.** Axon may ship the BWC and Dock Upgrades as scheduled in the Quote without prior confirmation from Agency unless the Parties agree in writing otherwise at least ninety (90) days in advance. Axon may ship the final BWC and Dock Upgrade as scheduled in the Quote sixty (60) days before the end of the Subscription Term without prior confirmation from Agency.
7. **Upgrade Change.** If Agency wants to upgrade Axon Device models from the current Axon Device to an upgraded Axon Device, Agency must pay the price difference between the MSRP for the current Axon Device and the MSRP for the upgraded Axon Device. If the model Agency desires has an MSRP less than the MSRP of the offered BWC Upgrade or Dock Upgrade, Axon will not provide a refund. The MSRP is the MSRP in effect at the time of the upgrade.
8. **Return of Original Axon Device.** Within thirty (30) days of receiving a BWC or Dock Upgrade, Agency must return the original Axon Devices to Axon or destroy the Axon Devices and provide a certificate of destruction to Axon including serial numbers for the destroyed Axon Devices. If Agency does not return or destroy the Axon Devices, Axon will deactivate the serial numbers for the Axon Devices received by Agency.
9. **Termination.** If Agency's payment for TAP, OSP, or Axon Evidence is more than thirty (30) days past due, Axon may terminate TAP or OSP. Once TAP or OSP terminates for any reason:
 - 9.1. TAP and OSP coverage terminate as of the date of termination and no refunds will be given.
 - 9.2. Axon will not and has no obligation to provide the Upgrade Models.
 - 9.3. Agency must make any missed payments due to the termination before Agency may purchase any future TAP or OSP.

Master Services and Purchasing Agreement for Agency

TASER 7 Appendix

This TASER 7 Appendix applies to Agency's TASER 7, OSP 7, or OSP 7 Plus purchase from Axon, if applicable.

1. **Duty Cartridge Replenishment Plan.** If the Quote includes "Duty Cartridge Replenishment Plan", Agency must purchase the plan for each CEW user. A CEW user includes officers that use a CEW in the line of duty and those that only use a CEW for training. Agency may not resell cartridges received. Axon will only replace cartridges used in the line of duty.
2. **Training.** If the Quote includes a training voucher, Agency must use the voucher within one (1) year of issuance, or the voucher will be void. Axon will issue Agency a voucher annually beginning on the start of the TASER Subscription Term. The voucher has no cash value. Agency cannot exchange it for another device or service. Unless stated in the Quote, the voucher does not include travel expenses and will be Agency's responsibility. If the Quote includes Axon Online Training or Virtual Reality Content Empathy Development for Autism/Schizophrenia (collectively, "Training Content"), Agency may access Training Content. Axon will deliver all Training Content electronically.
3. **TASER Upgrade.** If Agency purchases Axon's 10-year certification program for Axon's latest version of its TASER energy weapon ("Certification Program") and has no outstanding payment obligations as of the beginning of the sixth (6th) year of the Certification Program, Agency will qualify for an upgrade to any subsequent version of the Certification Program ("CEW Upgrade"). Agency will receive the CEW Upgrade at no additional cost, only to the extent such subsequent version of the Certification Program includes the same products or features as the Certification Program purchased by Agency. If Agency wants to upgrade to a Certification Program that includes additional products or features, Agency will pay the additional cost associated with such products and features. For the avoidance of doubt, Agency is not required to upgrade to any subsequent version of the Certification Program. Axon may ship the CEW Upgrade as scheduled in the Quote without prior confirmation from agency unless the Parties agree in writing otherwise at least ninety (90) days in advance. If necessary to maintain compatibility among Axon Devices, within thirty (30) days of receiving the CEW Upgrade, Agency must, if requested by Axon, return all hardware and related accessories received in connection with the Certification Program to Axon. In such event, Agency must ship batteries via ground shipping or in accordance with federal regulations in place at the time of the return. Axon will pay shipping costs for the return if Agency uses Axon's RMA process.
4. **Extended Warranty.** If the Quote includes an extended warranty, the extended warranty coverage period warranty will be for a five- (5-) year term, which includes the hardware manufacturer's warranty plus the four- (4-) year extended term.
5. **Trade-in.** If the Quote contains a discount on CEW-related line items, including items related to OSP, then that discount may only be applied as a trade-in credit, and Agency must return used hardware and accessories associated with the discount ("Trade-In Units") to Axon. Agency must ship batteries via ground shipping. Axon will pay shipping costs of the return. If Axon does not receive Trade-In Units within the timeframe below, Axon will invoice Agency the value of the trade-in credit. Agency may not destroy Trade-In Units and receive a trade-in credit.

<u>Agency Size</u>	<u>Days to Return from Start Date of TASER 7 Subscription</u>
Less than 100 officers	30 days
100 to 499 officers	90 days
500+ officers	180 days

6. **TASER 7 Subscription Term.** The TASER 7 Subscription Term for a standalone TASER 7 purchase begins on shipment of the TASER 7 hardware. The TASER 7 Subscription Term for OSP 7 begins on the OSP 7 start date.
7. **Access Rights.** Upon Axon granting Agency a TASER 7 Axon Evidence subscription, Agency may access and use Axon Evidence for the storage and management of data from TASER 7 CEW devices during the TASER 7 Subscription Term. Agency may not exceed the number of end users the Quote specifies.
8. **Privacy.** Axon will not disclose Agency Content or any information about Agency except as compelled by a court or administrative body or required by any law or regulation. Axon will give notice if any disclosure request is received for Agency Content, so Agency may file an objection with the court or administrative body.
9. **Termination.** If payment for TASER 7 is more than thirty (30) days past due, Axon may terminate Agency's TASER 7 plan by notifying Agency. Upon termination for any reason, then as of the date of termination:
 - 9.1. TASER 7 extended warranties and access to Training Content will terminate. No refunds will be given.

Master Services and Purchasing Agreement for Agency

-
- 9.2. Axon will invoice Agency the remaining MSRP for TASER 7 products received before termination. If terminating for non-appropriations, Axon will not invoice Agency if Agency returns the CEW, rechargeable battery, holster, dock, core, training suits, and unused cartridges to Axon within thirty (30) days of the date of termination.
 - 9.3. Agency will be responsible for payment of any missed payments due to the termination before being allowed to purchase any future TASER 7 plan.

Master Services and Purchasing Agreement for Agency

TASER 10 Appendix

This TASER 10 Appendix applies to Agency's TASER 10, OSP 10, OSP Plus, or OSP 10 Plus Premium purchase from Axon, if applicable.

1. **Duty Cartridge Replenishment Plan.** If the Quote includes "Duty Cartridge Replenishment Plan", Agency must purchase the plan for each CEW user. A CEW user includes officers that use a CEW in the line of duty and those that only use a CEW for training. Agency may not resell cartridges received. Axon will only replace cartridges used in the line of duty.
2. **Training.** If the Quote includes a training voucher, Agency must use the voucher within one (1) year of issuance, or the voucher will be void. Axon will issue Agency a voucher annually beginning on the start of the TASER Subscription Term. The voucher has no cash value. Agency cannot exchange it for another device or service. Unless stated in the Quote, the voucher does not include travel expenses and will be Agency's responsibility. If the Quote includes Axon Online Training or Virtual Reality Content Empathy Development for Autism/Schizophrenia (collectively, "Training Content"), Agency may access Training Content. Axon will deliver all Training Content electronically.
3. **Extended Warranty.** If the Quote includes an extended warranty, the extended warranty coverage period warranty will be for a five- (5-) year term, which includes the hardware manufacturer's warranty plus the four- (4-) year extended term.
4. **Trade-in.** If the Quote contains a discount on CEW-related line items, including items related to OSP, then that discount may only be applied as a trade-in credit, and Agency must return used hardware and accessories associated with the discount ("Trade-In Units") to Axon. Agency must ship batteries via ground shipping. Axon will pay shipping costs of the return. If Axon does not receive Trade-In Units within the timeframe below, Axon will invoice Agency the value of the trade-in credit. Agency may not destroy Trade-In Units and receive a trade-in credit.

<u>Agency Size</u>	<u>Days to Return from Start Date of TASER 10 Subscription</u>
Less than 100 officers	60 days
100 to 499 officers	90 days
500+ officers	180 days

5. **TASER 10 Subscription Term.** The TASER 10 Subscription Term for a standalone TASER 10 purchase begins on shipment of the TASER 10 hardware. The TASER 10 Subscription Term for OSP 10 begins on the OSP 10 start date.
6. **Access Rights.** Upon Axon granting Agency a TASER 10 Axon Evidence subscription, Agency may access and use Axon Evidence for the storage and management of data from TASER 10 CEW devices during the TASER 10 Subscription Term. Agency may not exceed the number of end users the Quote specifies.
7. **Agency Warranty.** If Agency is located in the US, Agency warrants and acknowledges that TASER 10 is classified as a firearm and is being acquired for official Agency use pursuant to a law enforcement agency transfer under the Gun Control Act of 1968.
8. **Purchase Order.** To comply with applicable laws and regulations, Agency must provide a purchase order to Axon prior to shipment of TASER 10.
9. **Apollo Grant (US only).** If Agency has received an Apollo Grant from Axon, Agency must pay all fees in the Quote prior to upgrading to any new TASER CEW offered by Axon.

Master Services and Purchasing Agreement for Agency

Axon Auto-Tagging Appendix

If Auto-Tagging is included on the Quote, this Appendix applies.

1. **Scope.** Axon Auto-Tagging consists of the development of a module to allow Axon Evidence to interact with Agency's Computer-Aided Dispatch ("**CAD**") or Records Management Systems ("**RMS**"). This allows end users to auto-populate Axon video meta-data with a case ID, category, and location-based on data maintained in Agency's CAD or RMS.
2. **Support.** For thirty (30) days after completing Auto-Tagging Services, Axon will provide up to five (5) hours of remote support at no additional charge. Axon will provide free support due to a change in Axon Evidence, if Agency maintains an Axon Evidence and Auto-Tagging subscription. Axon will not provide support if a change is required because Agency changes its CAD or RMS.
3. **Changes.** Axon is only responsible to perform the Services in this Appendix. Any additional Services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in fees or schedule.
4. **Agency Responsibilities.** Axon's performance of Auto-Tagging Services requires Agency to:
 - 4.1. Make available relevant systems, including Agency's current CAD or RMS, for assessment by Axon (including remote access if possible);
 - 4.2. Make required modifications, upgrades or alterations to Agency's hardware, facilities, systems and networks related to Axon's performance of Auto-Tagging Services;
 - 4.3. Provide access to the premises where Axon is performing Auto-Tagging Services, subject to Agency safety and security restrictions, and allow Axon to enter and exit the premises with laptops and materials needed to perform Auto-Tagging Services;
 - 4.4. Provide all infrastructure and software information (TCP/IP addresses, node names, network configuration) necessary for Axon to provide Auto-Tagging Services;
 - 4.5. Promptly install and implement any software updates provided by Axon;
 - 4.6. Ensure that all appropriate data backups are performed;
 - 4.7. Provide assistance, participation, and approvals in testing Auto-Tagging Services;
 - 4.8. Provide Axon with remote access to Agency's Axon Evidence account when required;
 - 4.9. Notify Axon of any network or machine maintenance that may impact the performance of the module at Agency; and
 - 4.10. Ensure reasonable availability of knowledgeable staff and personnel to provide timely, accurate, complete, and up-to-date documentation and information to Axon.
5. **Access to Systems.** Agency authorizes Axon to access Agency's relevant computers, network systems, and CAD or RMS solely for performing Auto-Tagging Services. Axon will work diligently to identify the resources and information Axon expects to use and will provide an initial list to Agency. Agency is responsible for and assumes the risk of any problems, delays, losses, claims, or expenses resulting from the content, accuracy, completeness, and consistency of all data, materials, and information supplied by Agency.

Master Services and Purchasing Agreement for Agency

Axon Fleet Appendix

If Axon Fleet is included on the Quote, this Appendix applies.

1. Agency Responsibilities.
 19. Agency must ensure its infrastructure and vehicles adhere to the minimum requirements to operate Axon Fleet 2 or Axon Fleet 3 (collectively, "**Axon Fleet**") as established by Axon during the qualifier call and on-site assessment at Agency and in any technical qualifying questions. If Agency's representations are inaccurate, the Quote is subject to change.
 20. Agency is responsible for providing a suitable work area for Axon or Axon third-party providers to install Axon Fleet systems into Agency vehicles. Agency is responsible for making available all vehicles for which installation services were purchased, during the agreed upon onsite installation dates. Failure to make vehicles available may require an equitable adjustment in fees or schedule.
2. **Cradlepoint.** If Agency purchases Cradlepoint Enterprise Cloud Manager, Agency will comply with Cradlepoint's end user license agreement. The term of the Cradlepoint license may differ from the Axon Evidence Subscription. If Agency requires Cradlepoint support, Agency will contact Cradlepoint directly.
3. **Third-party Installer.** Axon will not be liable for the failure of Axon Fleet hardware to operate per specifications if such failure results from installation not performed by, or as directed by Axon.
4. Wireless Offload Server.
 - 4.1. **License Grant.** Axon grants Agency a non-exclusive, royalty-free, worldwide, perpetual license to use Wireless Offload Server ("**WOS**"). "Use" means storing, loading, installing, or executing WOS solely for data communication with Axon Devices for the number of licenses purchased. The WOS term begins upon the start of the Axon Evidence Subscription.
 - 4.2. **Restrictions.** Agency may not: (a) modify, alter, tamper with, repair, or create derivative works of WOS; (b) reverse engineer, disassemble, or decompile WOS, apply any process to derive the source code of WOS, or allow others to do so; (c) access or use WOS to avoid incurring fees or exceeding usage limits; (d) copy WOS in whole or part; (e) use trade secret information contained in WOS; (f) resell, rent, loan or sublicense WOS; (g) access WOS to build a competitive device or service or copy any features, functions or graphics of WOS; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within WOS.
 - 4.3. **Updates.** If Agency purchases WOS maintenance, Axon will make updates and error corrections to WOS ("**WOS Updates**") available electronically via the Internet or media as determined by Axon. Agency is responsible for establishing and maintaining adequate Internet access to receive WOS Updates and maintaining computer equipment necessary for use of WOS. The Quote will detail the maintenance term.
 - 4.4. **WOS Support.** Upon request by Axon, Agency will provide Axon with access to Agency's store and forward servers solely for troubleshooting and maintenance.
5. Axon Vehicle Software.
 - 5.1. **License Grant.** Axon grants Agency a non-exclusive, royalty-free, worldwide, perpetual license to use ViewXL or Dashboard (collectively, "**Axon Vehicle Software**".) "Use" means storing, loading, installing, or executing Axon Vehicle Software solely for data communication with Axon Devices. The Axon Vehicle Software term begins upon the start of the Axon Evidence Subscription.
 - 5.2. **Restrictions.** Agency may not: (a) modify, alter, tamper with, repair, or create derivative works of Axon Vehicle Software; (b) reverse engineer, disassemble, or decompile Axon Vehicle Software, apply any process to derive the source code of Axon Vehicle Software, or allow others to do so; (c) access or use Axon Vehicle Software to avoid incurring fees or exceeding usage limits; (d) copy Axon Vehicle Software in whole or part; (e) use trade secret information contained in Axon Vehicle Software; (f) resell, rent, loan or sublicense Axon Vehicle Software; (g) access Axon Vehicle Software to build a competitive device or service or copy any features, functions or graphics of Axon Vehicle Software; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within Axon Vehicle Software.

Master Services and Purchasing Agreement for Agency

6. **Acceptance Checklist.** If Axon provides services to Agency pursuant to any statement of work in connection with Axon Fleet, within seven (7) days of the date on which Agency retrieves Agency's vehicle(s) from the Axon installer, said vehicle having been installed and configured with tested and fully and properly operational in-car hardware and software identified above, Agency will receive a Professional Services Acceptance Checklist to submit to Axon indicating acceptance or denial of said deliverables.
7. **Axon Fleet Upgrade.** If Agency has no outstanding payment obligations and has purchased the "Fleet Technology Assurance Plan" (Fleet TAP), Axon will provide Agency with the same or like model of Fleet hardware ("**Axon Fleet Upgrade**") as scheduled on the Quote.
 - 7.1. If Agency would like to change models for the Axon Fleet Upgrade, Agency must pay the difference between the MSRP for the offered Axon Fleet Upgrade and the MSRP for the model desired. The MSRP is the MSRP in effect at the time of the upgrade. Agency is responsible for the removal of previously installed hardware and installation of the Axon Fleet Upgrade.
 - 7.2. Within thirty (30) days of receiving the Axon Fleet Upgrade, Agency must return the original Axon Devices to Axon or destroy the Axon Devices and provide a certificate of destruction to Axon, including serial numbers of the destroyed Axon Devices. If Agency does not destroy or return the Axon Devices to Axon, Axon will deactivate the serial numbers for the Axon Devices received by Agency.
8. **Axon Fleet Termination.** Axon may terminate Agency's Fleet subscription for non-payment. Upon any termination:
 - 8.1. Axon Fleet subscription coverage terminates, and no refunds will be given.
 - 8.2. Axon will not and has no obligation to provide the Axon Fleet Upgrade.
 - 8.3. Agency will be responsible for payment of any missed payments due to the termination before being allowed to purchase any future Fleet TAP.

Master Services and Purchasing Agreement for Agency

Axon Respond Appendix

This Axon Respond Appendix applies to both Axon Respond and Axon Respond Plus, if either is included on the Quote.

1. **Axon Respond Subscription Term.** If Agency purchases Axon Respond as part of a bundled offering, the Axon Respond subscription begins on the later of the (1) start date of that bundled offering, or (2) date Axon provisions Axon Respond to Agency. If Agency purchases Axon Respond as a standalone, the Axon Respond subscription begins the later of the (1) date Axon provisions Axon Respond to Agency, or (2) first day of the month following the Effective Date. The Axon Respond subscription term will end upon the completion of the Axon Evidence Subscription associated with Axon Respond.
2. **Scope of Axon Respond.** The scope of Axon Respond is to assist Agency with real-time situational awareness during critical incidents to improve officer safety, effectiveness, and awareness. In the event Agency uses Axon Respond outside this scope, Axon may initiate good-faith discussions with Agency on upgrading Agency's Axon Respond to better meet Agency's needs.
3. **Axon Body 3 LTE Requirements.** Axon Respond is only available and usable with an LTE enabled body-worn camera. Axon is not liable if Agency utilizes the LTE device outside of the coverage area or if the LTE carrier is unavailable. LTE coverage is only available in the United States, including any U.S. territories. Axon may utilize a carrier of Axon's choice to provide LTE service. Axon may change LTE carriers during the Term without Agency's consent.
4. **Axon Fleet 3 LTE Requirements.** Axon Respond is only available and usable with a Fleet 3 system configured with LTE modem and service. Agency is responsible for providing LTE service for the modem. Coverage and availability of LTE service is subject to Agency's LTE carrier.
5. **Axon Respond Service Limitations.** Agency acknowledges that LTE service is made available only within the operating range of the networks. Service may be temporarily refused, interrupted, or limited because of: (a) facilities limitations; (b) transmission limitations caused by atmospheric, terrain, other natural or artificial conditions adversely affecting transmission, weak batteries, system overcapacity, movement outside a service area or gaps in coverage in a service area, and other causes reasonably outside of the carrier's control such as intentional or negligent acts of third parties that damage or impair the network or disrupt service; or (c) equipment modifications, upgrades, relocations, repairs, and other similar activities necessary for the proper or improved operation of service.
 - 5.1. With regard to Axon Body 3, Partner networks are made available as-is and the carrier makes no warranties or representations as to the availability or quality of roaming service provided by carrier partners, and the carrier will not be liable in any capacity for any errors, outages, or failures of carrier partner networks. Agency expressly understands and agrees that it has no contractual relationship whatsoever with the underlying wireless service provider or its affiliates or contractors and Agency is not a third-party beneficiary of any agreement between Axon and the underlying carrier.
6. **Termination.** Upon termination of this Agreement, or if Agency stops paying for Axon Respond or bundles that include Axon Respond, Axon will end Axon Respond services, including any Axon-provided LTE service.

Master Services and Purchasing Agreement for Agency

Add-on Services Appendix

This Appendix applies if Axon Community Request, Axon Redaction Assistant, and/or Axon Performance are included on the Quote.

1. **Subscription Term.** If Agency purchases Axon Community Request, Axon Redaction Assistant, or Axon Performance as part of OSP 7 or OSP 10, the subscription begins on the later of the (1) start date of the OSP 7 or OSP 10 Term, or (2) date Axon provisions Axon Community Request Axon Redaction Assistant, or Axon Performance to Agency.
 - 1.1. If Agency purchases Axon Community Request, Axon Redaction Assistant, or Axon Performance as a standalone, the subscription begins the later of the (1) date Axon provisions Axon Community Request, Axon Redaction Assistant, or Axon Performance to Agency, or (2) first day of the month following the Effective Date.
 - 1.2. The subscription term will end upon the completion of the Axon Evidence Subscription associated with the add-on.
2. **Axon Community Request Storage.** For Axon Community Request, Agency may store an unlimited amount of data submitted through the public portal ("**Portal Content**"), within Agency's Axon Evidence instance. The post-termination provisions outlined in the Axon Cloud Services Terms of Use Appendix also apply to Portal Content.
3. **Performance Auto-Tagging Data.** In order to provide some features of Axon Performance to Agency, Axon will need to store call for service data from Agency's CAD or RMS.

Master Services and Purchasing Agreement for Agency

Axon Auto-Transcribe Appendix

This Appendix applies if Axon Auto-Transcribe is included on the Quote.

1. **Subscription Term.** If Agency purchases Axon Auto-Transcribe as part of a bundle or Axon Cloud Services subscription, the subscription begins on the later of the (1) start date of the bundle or Axon Cloud Services license term, or (2) date Axon provisions Axon Auto-Transcribe to Agency. If Agency purchases Axon Auto-Transcribe minutes as a standalone, the subscription begins on the date Axon provisions Axon Auto-Transcribe to Agency.
 - 1.1. If Agency cancels Auto-Transcribe services, any amounts owed by the Parties will be based on the amount of time passed under the annual subscription, rather than on the number of minutes used, regardless of usage.
2. **Auto-Transcribe A-La-Carte Minutes.** Upon Axon granting Agency a set number of minutes, Agency may utilize Axon Auto-Transcribe, subject to the number of minutes allowed on the Quote. Agency will not have the ability to roll over unused minutes to future Auto-Transcribe terms. Axon may charge Agency additional fees for exceeding the number of purchased minutes. Axon Auto-Transcribe minutes expire one year after being provisioned to Agency by Axon.
3. **Axon Unlimited Transcribe.** Upon Axon granting Agency an Unlimited Transcribe subscription to Axon Auto-Transcribe, Agency may utilize Axon Auto-Transcribe with no limit on the number of minutes. Unlimited Transcribe includes automatic transcription of all Axon BWC and Axon Capture footage. With regard to Axon Interview Room, Axon Fleet, Axon Citizen, or third-party transcription, transcription must be requested on demand. Notwithstanding the foregoing, Axon may limit usage after 5,000 minutes per user per month for multiple months in a row. Axon will not bill for overages.
4. **Warranty.** Axon disclaims all warranties, express or implied, for Axon Auto-Transcribe.

Master Services and Purchasing Agreement for Agency

Axon Virtual Reality Content Terms of Use Appendix

If Virtual Reality is included on the Quote, this Appendix applies.

1. **Term.** The Quote will detail the products and license duration, as applicable, of the goods, services, and software, and contents thereof, provided by Axon to Agency related to virtual reality (collectively, "**Virtual Reality Media**").
2. **Headsets.** Agency may purchase additional virtual reality headsets from Axon. In the event Agency decides to purchase additional virtual reality headsets for use with Virtual Reality Media, Agency must purchase those headsets from Axon.
3. **License Restrictions.** All licenses will immediately terminate if Agency does not comply with any term of this Agreement. If Agency utilizes more users than stated in this Agreement, Agency must purchase additional Virtual Reality Media licenses from Axon. Agency may not use Virtual Reality Media for any purpose other than as expressly permitted by this Agreement. Agency may not:
 - 3.1. modify, tamper with, repair, or otherwise create derivative works of Virtual Reality Media;
 - 3.2. reverse engineer, disassemble, or decompile Virtual Reality Media or apply any process to derive the source code of Virtual Reality Media, or allow others to do the same;
 - 3.3. copy Virtual Reality Media in whole or part, except as expressly permitted in this Agreement;
 - 3.4. use trade secret information contained in Virtual Reality Media;
 - 3.5. resell, rent, loan or sublicense Virtual Reality Media;
 - 3.6. access Virtual Reality Media to build a competitive device or service or copy any features, functions, or graphics of Virtual Reality Media; or
 - 3.7. remove, alter, or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within Virtual Reality Media or any copies of Virtual Reality Media.
4. **Privacy.** Agency's use of the Virtual Reality Media is subject to the Axon Virtual Reality Privacy Policy, a current version of which is available at <https://www.axon.com/axonvrprivacypolicy>.
5. **Termination.** Axon may terminate Agency's license immediately for Agency's failure to comply with any of the terms in this Agreement.

Master Services and Purchasing Agreement for Agency

Axon Evidence Local Software Appendix

This Appendix applies if Axon Evidence Local is included on the Quote.

1. **License**. Axon owns all executable instructions, images, icons, sound, and text in Axon Evidence Local. All rights are reserved to Axon. Axon grants a non-exclusive, royalty-free, worldwide right and license to use Axon Evidence Local. "Use" means storing, loading, installing, or executing Axon Evidence Local exclusively for data communication with an Axon Device. Agency may use Axon Evidence Local in a networked environment on computers other than the computer it installs Axon Evidence Local on, so long as each execution of Axon Evidence Local is for data communication with an Axon Device. Agency may make copies of Axon Evidence Local for archival purposes only. Axon shall retain all copyright, trademark, and proprietary notices in Axon Evidence Local on all copies or adaptations.
2. **Term**. The Quote will detail the duration of the Axon Evidence Local license, as well as any maintenance. The term will begin upon installation of Axon Evidence Local.
3. **License Restrictions**. All licenses will immediately terminate if Agency does not comply with any term of this Agreement. Agency may not use Axon Evidence Local for any purpose other than as expressly permitted by this Agreement. Agency may not:
 - 3.1. modify, tamper with, repair, or otherwise create derivative works of Axon Evidence Local;
 - 3.2. reverse engineer, disassemble, or decompile Axon Evidence Local or apply any process to derive the source code of Axon Evidence Local, or allow others to do the same;
 - 3.3. access or use Axon Evidence Local to avoid incurring fees or exceeding usage limits or quotas;
 - 3.4. copy Axon Evidence Local in whole or part, except as expressly permitted in this Agreement;
 - 3.5. use trade secret information contained in Axon Evidence Local;
 - 3.6. resell, rent, loan or sublicense Axon Evidence Local;
 - 3.7. access Axon Evidence Local to build a competitive device or service or copy any features, functions, or graphics of Axon Evidence Local; or
 - 3.8. remove, alter, or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within Axon Evidence Local or any copies of Axon Evidence Local.
4. **Support**. Axon may make available updates and error corrections ("**Updates**") to Axon Evidence Local. Axon will provide Updates electronically via the Internet or media as determined by Axon. Agency is responsible for establishing and maintaining adequate access to the Internet to receive Updates. Agency is responsible for maintaining the computer equipment necessary to use Axon Evidence Local. Axon may provide technical support of a prior release/version of Axon Evidence Local for six (6) months from when Axon made the subsequent release/version available.
5. **Termination**. Axon may terminate Agency's license immediately for Agency's failure to comply with any of the terms in this Agreement. Upon termination, Axon may disable Agency's right to login to Axon Evidence Local.

Master Services and Purchasing Agreement for Agency

Axon Application Programming Interface Appendix

This Appendix applies if Axon's API Services are included on the Quote.

1. **Definitions.**

- 1.1. **"API Client"** means the software that acts as the interface between Agency's computer and the server, which is already developed or to be developed by Agency.
- 1.2. **"API Interface"** means software implemented by Agency to configure Agency's independent API Client Software to operate in conjunction with the API Service for Agency's authorized Use.
- 1.3. **"Axon Evidence Partner API, API or Axon API"** (collectively **"API Service"**) means Axon's API which provides a programmatic means to access data in Agency's Axon Evidence account or integrate Agency's Axon Evidence account with other systems.
- 1.4. **"Use"** means any operation on Agency's data enabled by the supported API functionality.

2. **Purpose and License.**

- 2.1. Agency may use API Service and data made available through API Service, in connection with an API Client developed by Agency. Axon may monitor Agency's use of API Service to ensure quality, improve Axon devices and services, and verify compliance with this Agreement. Agency agrees to not interfere with such monitoring or obscure from Axon Agency's use of API Service. Agency will not use API Service for commercial use.
- 2.2. Axon grants Agency a non-exclusive, non-transferable, non-sublicensable, worldwide, revocable right and license during the Term to use API Service, solely for Agency's Use in connection with Agency's API Client.
- 2.3. Axon reserves the right to set limitations on Agency's use of the API Service, such as a quota on operations, to ensure stability and availability of Axon's API. Axon will use reasonable efforts to accommodate use beyond the designated limits.

3. **Configuration.** Agency will work independently to configure Agency's API Client with API Service for Agency's applicable Use. Agency will be required to provide certain information (such as identification or contact details) as part of the registration. Registration information provided to Axon must be accurate. Agency will inform Axon promptly of any updates. Upon Agency's registration, Axon will provide documentation outlining API Service information.

4. **Agency Responsibilities.** When using API Service, Agency and its end users may not:

- 4.1. use API Service in any way other than as expressly permitted under this Agreement;
- 4.2. use in any way that results in, or could result in, any security breach to Axon;
- 4.3. perform an action with the intent of introducing any viruses, worms, defect, Trojan horses, malware, or any items of a destructive nature to Axon Devices and Services;
- 4.4. interfere with, modify, disrupt or disable features or functionality of API Service or the servers or networks providing API Service;
- 4.5. reverse engineer, decompile, disassemble, or translate or attempt to extract the source code from API Service or any related software;
- 4.6. create an API Interface that functions substantially the same as API Service and offer it for use by third parties;
- 4.7. provide use of API Service on a service bureau, rental or managed services basis or permit other individuals or entities to create links to API Service;
- 4.8. frame or mirror API Service on any other server, or wireless or Internet-based device;
- 4.9. make available to a third-party, any token, key, password or other login credentials to API Service;
- 4.10. take any action or inaction resulting in illegal, unauthorized or improper purposes; or
- 4.11. disclose Axon's API manual.

5. **API Content.** All content related to API Service, other than Agency Content or Agency's API Client content, is considered Axon's API Content, including:

- 5.1. the design, structure and naming of API Service fields in all responses and requests;

Master Services and Purchasing Agreement for Agency

-
- 5.2. the resources available within API Service for which Agency takes actions on, such as evidence, cases, users, or reports;
 - 5.3. the structure of and relationship of API Service resources; and
 - 5.4. the design of API Service, in any part or as a whole.
 6. **Prohibitions on API Content.** Neither Agency nor its end users will use API content returned from the API Interface to:
 - 6.1. scrape, build databases, or otherwise create permanent copies of such content, or keep cached copies longer than permitted by the cache header;
 - 6.2. copy, translate, modify, create a derivative work of, sell, lease, lend, convey, distribute, publicly display, or sublicense to any third-party;
 - 6.3. misrepresent the source or ownership; or
 - 6.4. remove, alter, or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices).
 7. **API Updates.** Axon may update or modify the API Service from time to time ("**API Update**"). Agency is required to implement and use the most current version of API Service and to make any applicable changes to Agency's API Client required as a result of such API Update. API Updates may adversely affect how Agency's API Client access or communicate with API Service or the API Interface. Each API Client must contain means for Agency to update API Client to the most current version of API Service. Axon will provide support for one (1) year following the release of an API Update for all depreciated API Service versions.

Master Services and Purchasing Agreement for Agency

Advanced User Management Appendix

This Appendix applies if Axon Advanced User Management is included on the Quote.

1. **Scope.** Advanced User Management allows Agency to (a) utilize bulk user creation and management, (b) automate user creation and management through System for Cross-domain Identity Management ("**SCIM**"), and (c) automate group creation and management through SCIM.
2. **Advanced User Management Configuration.** Agency will work independently to configure Agency's Advanced User Management for Agency's applicable Use. Upon request, Axon will provide general guidance to Agency, including documentation that details the setup and configuration process.

Master Services and Purchasing Agreement for Agency

Axon Channel Services Appendix

This Appendix applies if Agency purchases Axon Channel Service, as set forth on the Quote.

1. **Definitions.**
 - 1.1. **"Axon Digital Evidence Management System"** means Axon Evidence or Axon Evidence Local, as specified in the attached Channel Services Statement of Work.
 - 1.2. **"Active Channel"** means a third-party system that is continuously communicating with an Axon Digital Evidence Management System.
 - 1.3. **"Inactive Channel"** means a third-party system that will have a one-time communication to an Axon Digital Evidence Management System.
2. **Scope.** Agency currently has a third-party system or data repository from which Agency desires to share data with Axon Digital Evidence Management. Axon will facilitate the transfer of Agency's third-party data into an Axon Digital Evidence Management System or the transfer of Agency data out of an Axon Digital Evidence Management System as defined in the Channel Services Statement of Work ("**Channel Services SOW**"). Channel Services will not delete any Agency Content. Agency is responsible for verifying all necessary data is migrated correctly and retained per Agency policy.
3. **Changes.** Axon is only responsible to perform the Services described in this Appendix and Channel Services SOW. Any additional services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in the charges or schedule.
4. **Purpose and Use.** Agency is responsible for verifying Agency has the right to share data from and provide access to third-party system as it relates to the Services described in this Appendix and the Channel Services SOW. For Active Channels, Agency is responsible for any changes to a third-party system that may affect the functionality of the channel service. Any additional work required for the continuation of the Service may require additional fees. An Axon Field Engineer may require access to Agency's network and systems to perform the Services described in the Channel Services SOW. Agency is responsible for facilitating this access per all laws and policies applicable to Agency.
5. **Project Management.** Axon will assign a Project Manager to work closely with Agency's project manager and project team members and will be responsible for completing the tasks required to meet all contract deliverables on time and budget.
6. **Warranty.** Axon warrants that it will perform the Channel Services in a good and workmanlike manner.
7. **Monitoring.** Axon may monitor Agency's use of Channel Services to ensure quality, improve Axon devices and services, prepare invoices based on the total amount of data migrated, and verify compliance with this Agreement. Agency agrees not to interfere with such monitoring or obscure from Axon Agency's use of channel services.
8. **Agency's Responsibilities.** Axon's successful performance of the Channel Services requires Agency:
 - 8.1. Make available its relevant systems for assessment by Axon (including making these systems available to Axon via remote access);
 - 8.2. Provide access to the building facilities and where Axon is to perform the Channel Services, subject to safety and security restrictions imposed by the Agency (including providing security passes or other necessary documentation to Axon representatives performing the Channel Services permitting them to enter and exit Agency premises with laptop personal computers and any other materials needed to perform the Channel Services);
 - 8.3. Provide all necessary infrastructure and software information (TCP/IP addresses, node names, and network configuration) for Axon to provide the Channel Services;
 - 8.4. Ensure all appropriate data backups are performed;
 - 8.5. Provide Axon with remote access to the Agency's network and third-party systems when required for Axon to perform the Channel Services;
 - 8.6. Notify Axon of any network or machine maintenance that may impact the performance of the Channel Services; and
 - 8.7. Ensure the reasonable availability by phone or email of knowledgeable staff, personnel, system administrators,

Master Services and Purchasing Agreement for Agency

and operators to provide timely, accurate, complete, and up-to-date documentation and information to Axon (these contacts are to provide background information and clarification of information required to perform the Channel Services).

Master Services and Purchasing Agreement for Agency

VIEVU Data Migration Appendix

This Appendix applies if Agency purchases Migration services, as set forth on the Quote.

1. **Scope.** Agency currently has legacy data in the VIEVU solution from which Agency desires to move to Axon Evidence. Axon will work with Agency to copy legacy data from the VIEVU solution into Axon Evidence ("**Migration**"). Before Migration, Agency and Axon will work together to develop a Statement of Work ("**Migration SOW**") to detail all deliverables and responsibilities. The Migration will require the availability of Agency resources. Such resources will be identified in the SOW. On-site support during Migration is not required. Upon Agency's request, Axon will provide on-site support for an additional fee. Any request for on-site support will need to be pre-scheduled and is subject to Axon's resource availability.
 - 1.1. A small amount of unexposed data related to system information will not be migrated from the VIEVU solution to Axon Evidence. Upon request, some of this data can be manually exported before Migration and provided to Agency. The Migration SOW will provide further detail.
2. **Changes.** Axon is only responsible to perform the Services described in this Appendix and Migration SOW. Any additional services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in the charges or schedule.
3. **Project Management.** Axon will assign a Project Manager to work closely with Agency's project manager and project team members and will be responsible for completing the tasks required to meet all contract deliverables on time and budget.
4. **Downtime.** There may be downtime during the Migration. The duration of the downtime will depend on the amount of data that Agency is migrating. Axon will work with Agency to minimize any downtime. Any VIEVU mobile application will need to be disabled upon Migration.
5. **Functionality Changes.** Due to device differences between the VIEVU solution and the Axon's Axon Evidence solution, there may be functionality gaps that will not allow for all migrated data to be displayed the same way in the user interface after Migration.
6. **Acceptance.** Once the Migration is complete, Axon will notify Agency and provide an acceptance form. Agency is responsible for verifying that the scope of the project has been completed and all necessary data is migrated correctly and retained per Agency policy. Agency will have ninety (90) days to provide Axon acceptance that the Migration was successful, or Axon will deem the Migration accepted.
 - 6.1. In the event Agency does not accept the Migration, Agency agrees to notify Axon within a reasonable time. Agency also agrees to allow Axon a reasonable time to resolve any issue. In the event Agency does not provide Axon with a written rejection of the Migration during these ninety (90) days, Agency may be charged for additional monthly storage costs. After Agency provides acceptance of the Migration, Axon will delete all data from the VIEVU solution ninety (90) days after the Migration.
7. **Post-Migration.** After Migration, the VIEVU solution may not be supported and updates may not be provided. Axon may end of life the VIEVU solution in the future. If Agency elects to maintain data within the VIEVU solution, Axon will provide Agency ninety (90) days' notice before ending support for the VIEVU solution.
8. **Warranty.** Axon warrants that it will perform the Migration in a good and workmanlike manner.
9. **Monitoring.** Axon may monitor Agency's use of Migration to ensure quality, improve Axon Devices and Services, prepare invoices based on the total amount of data migrated, and verify compliance with this Agreement. Agency agrees not to interfere with such monitoring or obscure Agency's use of Migration from Axon.

Master Services and Purchasing Agreement for Agency

Axon Technical Account Manager Appendix

This Appendix applies if Axon Support Engineer services are included on the Quote.

1. **Axon Technical Account Manager Payment.** Axon will invoice for Axon Technical Account Manager ("TAM") services, as outlined in the Quote, when the TAM commences work on-site at Agency.

2. **Full-Time TAM Scope of Services.**

- 2.1. A Full-Time TAM will work on-site four (4) days per week, unless an alternate schedule or reporting location is mutually agreed upon by Axon and Customer.
- 2.2. Agency's Axon sales representative and Axon's Agency Success team will work with Agency to define its support needs and ensure the Full-Time TAM has skills to align with those needs. There may be up to a six- (6-) month waiting period before the Full-Time TAM can work on-site, depending upon Agency's needs and availability of a Full-Time TAM.
- 2.3. The purchase of Full-Time TAM Services includes two (2) complimentary Axon Accelerate tickets per year of the Agreement, so long as the TAM has started work at Agency, and Agency is current on all payments for the Full-Time TAM Service.
- 2.4. The Full-Time TAM **Service options are listed below:**

Ongoing System Set-up and Configuration

Assisting with assigning cameras and registering docks
 Maintaining **Agency's Axon Evidence account**
 Connecting Agency to "Early Access" programs for new devices

Account Maintenance

Conducting on-site training on new features and **devices for Agency leadership team(s)**
 Thoroughly documenting issues and workflows and suggesting new workflows to improve **the effectiveness of the Axon program**
 Conducting weekly meetings to cover current issues and program status

Data Analysis

Providing on-demand Axon usage data to identify trends and insights for improving daily workflows
 Comparing **Agency's Axon usage and trends to peers to establish best practices**
 Proactively monitoring the health of Axon equipment and coordinating returns when needed

Direct Support

Providing on-site, Tier 1 and Tier 2 (as defined in Axon's Service Level Agreement) technical support for Axon Devices
 Proactively monitoring the health of **Axon equipment**
 Creating and monitoring RMAs **on-site**
 Providing Axon app support
 Monitoring and testing new firmware and workflows before they are released to Agency's production environment

Agency Advocacy

Coordinating **bi-annual voice of customer meetings with Axon's Device Management team**
 Recording and tracking Agency feature requests and major bugs

3. **Regional TAM Scope of Services**

- 3.1. A Regional TAM will work on-site for three (3) consecutive days per quarter. Agency must schedule the on-site days at least two (2) weeks in advance. The Regional TAM will also be available by phone and email during regular business hours up to eight (8) hours per week.
- 3.2. There may be up to a six- (6-) month waiting period before Axon assigns a Regional TAM to Agency, depending upon the availability of a Regional TAM.
- 3.3. The purchase of Regional TAM Services includes two (2) complimentary Axon Accelerate tickets per year of the Agreement, so long as the TAM has started work at Agency and Agency is current on all payments for the Regional TAM Service.
- 3.4. The Regional TAM service options are listed below:

Master Services and Purchasing Agreement for Agency

Account Maintenance

Conducting remote training on new features and **devices for Agency's leadership**

Thoroughly documenting issues and workflows and suggesting new **workflows to improve the effectiveness of the Axon program**

Conducting weekly conference calls to cover **current issues and program status**

Visiting Agency quarterly (up to 3 consecutive days) to perform a quarterly business review, discuss Agency's goals for your Axon program, and continue to ensure a successful deployment of Axon Devices

Direct Support

Providing remote, Tier 1 and Tier 2 (As defined Axon's Service Level Agreement) technical support for Axon Devices

Creating and monitoring RMAs remotely

Data Analysis

Providing quarterly Axon **usage data to identify trends and program efficiency opportunities**

Comparing an **Agency's Axon usage and trends to peers to establish best practices**

Proactively monitoring the health of Axon equipment and coordinating returns when needed

Agency Advocacy

Coordinating bi-yearly Voice of **Agency meetings with Device Management team**

Recording and tracking Agency feature requests and major bugs

4. **Out of Scope Services.** The TAM is responsible to perform only the Services described in this Appendix. Any additional Services discussed or implied that are not defined explicitly in this Appendix will be considered out of the scope.
5. **TAM Leave Time.** The TAM will be allowed up seven (7) days of sick leave and up to fifteen (15) days of vacation time per each calendar year. The TAM will work with Agency to coordinate any time off and will provide Agency with at least two (2) weeks' notice before utilizing any vacation days.

Master Services and Purchasing Agreement for Agency

Axon Investigate Appendix

If the Quote includes Axon's On Prem Video Suite known as Axon Investigate or Third Party Video Support License, the following appendix shall apply.

1. **License Grant.** Subject to the terms and conditions specified below and upon payment of the applicable fees set forth in the Quote, Axon grants to Agency a nonexclusive, nontransferable license to install, use, and display the Axon Investigate software ("**Software**") solely for its own internal use only and for no other purpose, for the duration of subscription term set forth in the Quote. This Agreement does not grant Agency any right to enhancements or updates, but if such are made available to Agency and obtained by Agency they shall become part of the Software and governed by the terms of this Agreement.
2. **Third-Party Licenses.** Axon licenses several third-party codecs and applications that are integrated into the Software. Users with an active support contract with Axon are granted access to these additional features. By accepting this agreement, Agency agrees to and understands that an active support contract is required for all of the following features: DNxHD output formats, decoding files via the "fast indexing" method, proprietary file metadata, telephone and email support, and all future updates to the software. If Agency terminates the annual support contract with Axon, the features listed above will be disabled within the Software. It is recommended that users remain on an active support contract to maintain the full functionality of the Software.
3. **Restrictions on Use.** Agency may not permit any other person to use the Software unless such use is in accordance with the terms of this Agreement. Agency may not modify, translate, reverse engineer, reverse compile, decompile, disassemble or create derivative works with respect to the Software, except to the extent applicable laws specifically prohibit such restrictions. Agency may not rent, lease, sublicense, grant a security interest in or otherwise transfer Agency's rights to or to use the Software. Any rights not granted are reserved to Axon.
4. **Term.** For purchased perpetual Licenses only—excluding Licenses leased for a pre-determined period, evaluation licenses, companion licenses, as well as temporary licenses--the license shall be perpetual unless Agency fails to observe any of its terms, in which case it shall terminate immediately, and without additional prior notice. The terms of Paragraphs 1, 2, 3, 5, 6, 8 and 9 shall survive termination of this Agreement. For licenses leased for a pre-determined period, for evaluation licenses, companion licenses, as well as temporary licenses, the license is granted for a period beginning at the installation date and for the duration of the evaluation period or temporary period as agreed between Axon and Agency.
5. **Title.** Axon and its licensors shall have sole and exclusive ownership of all right, title, and interest in and to the Software and all changes, modifications, and enhancements thereof (including ownership of all trade secrets and copyrights pertaining thereto), regardless of the form or media in which the original or copies may exist, subject only to the rights and privileges expressly granted by Axon. This Agreement does not provide Agency with title or ownership of the Software, but only a right of limited use.
6. **Copies.** The Software is copyrighted under the laws of the United States and international treaty provisions. Agency may not copy the Software except for backup or archival purposes, and all such copies shall contain all Axon's notices regarding proprietary rights as contained in the Software as originally provided to Agency. If Agency receives one copy electronically and another copy on media, the copy on media may be used only for archival purposes and this license does not authorize Agency to use the copy of media on an additional server.
7. **Actions Required Upon Termination.** Upon termination of the license associated with this Agreement, Agency agrees to destroy all copies of the Software and other text and/or graphical documentation, whether in electronic or printed format, that describe the features, functions and operation of the Software that are provided by Axon to Agency ("**Software Documentation**") or return such copies to Axon. Regarding any copies of media containing regular backups of Agency's computer or computer system, Agency agrees not to access such media for the purpose of recovering the Software or online Software Documentation.
8. **Export Controls.** None of the Software, Software Documentation or underlying information may be downloaded or otherwise exported, directly or indirectly, without the prior written consent, if required, of the office of Export Administration of the United States, Department of Commerce, nor to any country to which the U.S. has embargoed goods, to any person on the U.S. Treasury Department's list of Specially Designated Nations, or the U.S. Department of Commerce's Table of Denials.
9. **U.S. Government Restricted Rights.** The Software and Software Documentation are Commercial Computer Software provided with Restricted Rights under Federal Acquisition Regulations and agency supplements to them. Use, duplication or disclosure by the U.S. Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFAR 255.227-7013 et. Seq. or 252.211-7015, or

Title: Master Services and Purchasing Agreement between Axon and Agency

Department: Legal

Version: 19.0

Release Date: 8/18/2023

Page 34 of 40

Master Services and Purchasing Agreement for Agency

subparagraphs (a) through (d) of the Commercial Computer Software Restricted Rights at FAR 52.227-19, as applicable, or similar clauses in the NASA FAR Supplement. Contractor/manufacturer is Axon Enterprise, Inc., 17800 North 85th Street, Scottsdale, Arizona 85255.

My90 Terms of Use Appendix

Definitions.

- 1.1. **"My90"** means Axon's proprietary platform and methodology to obtain and analyze feedback, and other related offerings, including, without limitation, interactions between My90 and Axon products.
- 1.2. **"Recipient Contact Information"** means contact information, as applicable, including phone number or email address (if available) of the individual whom Agency would like to obtain feedback.
- 1.3. **"Agency Data"** means
 - 1.3.1. "My90 Agency Content" which means data, including Recipient Contact Information, provided to My90 directly by Agency or at their direction, or by permitting My90 to access or connect to an information system or similar technology. My90 Agency Content does not include My90 Non-Content Data.
 - 1.3.2. "My90 Non-Content Data" which means data, configuration, and usage information about Agency's My90 tenant, and client software, users, and survey recipients that is Processed (as defined in Section 1.6 of this Appendix) when using My90 or responding to a My90 Survey. My90 Non-Content Data includes data about users and survey recipients captured during account management and customer support activities. My90 Non-Content Data does not include My90 Agency Content.
 - 1.3.3. "Survey Response" which means survey recipients' response to My90 Survey.
- 1.4. **"My90 Data"** means
 - 1.4.1. "My90 Survey" which means surveys, material(s) or content(s) made available by Axon to Agency and survey recipients within My90.
 - 1.4.2. "Aggregated Survey Response" which means Survey Response that has been de-identified and aggregated or transformed so that it is no longer reasonably capable of being associated with, or could reasonably be linked directly or indirectly to, a particular individual.
- 1.5. **"Personal Data"** means any information relating to an identified or identifiable natural person. An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural, or social identity of that natural person.
- 1.6. **"Processing"** means any operation or set of operations which is performed on data or on sets of data, whether or not by automated means, such as collection, recording, organization, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure, or destruction.
- 1.7. **"Sensitive Personal Data"** means Personal Data that reveals an individual's health, racial or ethnic origin, sexual orientation, disability, religious or philosophical beliefs, or trade union membership.
2. **Access.** Upon Axon granting Agency a subscription to My90, Agency may access and use My90 to store and manage My90 Agency Content, and applicable My90 Surveys and Aggregated Survey Responses. This Appendix is subject to the Terms and Conditions of Axon's Master Service and Purchasing Agreement or in the event you and Axon have entered into a prior agreement to govern all future purchases, that agreement shall govern.
3. **IP address.** Axon will not store survey respondents' IP address.
4. **Agency Owns My90 Agency Content.** Agency controls or owns all right, title, and interest in My90 Agency Content. Except as outlined herein, Axon obtains no interest in My90 Agency Content, and My90 Agency Content is not Axon's business records. Except as set forth in this Agreement, Agency is responsible for uploading, sharing, managing, and deleting My90 Agency Content. Axon will only have access to My90 Agency Content for the limited purposes set forth herein. Agency agrees to allow Axon access to My90 Agency Content to (a) perform troubleshooting, maintenance, or diagnostic screenings; and (b) enforce this Agreement or policies governing use of My90 and other Axon products.
5. **Details of the Processing.** The nature and purpose of the Processing under this Appendix are further specified

Title: Master Services and Purchasing Agreement between Axon and Agency

Department: Legal

Version: 19.0

Release Date: 8/18/2023

Page 36 of 40

Master Services and Purchasing Agreement for Agency

in Schedule 1 Details of the Processing, to this Appendix.

6. **Security.** Axon will implement commercially reasonable and appropriate measures to secure Agency Data against accidental or unlawful loss, access, or disclosure. Axon will maintain a comprehensive information security program to protect Agency Data including logical, physical access, vulnerability, risk, and configuration management; incident monitoring and response; security education; and data protection. Axon will not treat Agency Data in accordance with FBI CJIS Security Policy requirements and does not agree to the CJIS Security Addendum for this engagement or any other security or privacy related commitments that have been established between Axon and Agency, such as ISO 27001 certification or SOC 2 Reporting.
7. **Privacy.** Agency use of My90 is subject to the My90 Privacy Policy, a current version of which is available at <https://www.axon.com/legal/my90privacypolicy>. Agency agrees to allow Axon access to My90 Non-Content Data from Agency to (a) perform troubleshooting, maintenance, or diagnostic screenings; (b) provide, develop, improve, and support current and future Axon products including My90 and related services; and (c) enforce this Agreement or policies governing the use of My90 or other Axon products.
8. **Location of Storage.** Axon may transfer Agency Data to third-party subcontractors for Processing. Axon will determine the locations for Processing of Agency Data. For all Agency, Axon will Process and store Agency Data within the United States. Ownership of My90 Agency Content remains with Agency.
9. **Required Disclosures.** Axon will not disclose Agency Data that Agency shares with Axon except as compelled by a court or administrative body or required by any law or regulation. Axon will notify Agency if any disclosure request is received for Agency Data so Agency may file an objection with the court or administrative body, unless prohibited by law.
10. **Data Sharing.** Axon may share data only with entities that control or are controlled by or under common control of Axon, and as described below:
 - 10.1. Axon may share Agency Data with third parties it employs to perform tasks on Axon's behalf to provide products or services to Customer.
 - 10.2. Axon may share Aggregated Survey Response with third parties, such as other Axon customers, local city agencies, private companies, or members of the public that are seeking a way to collect analysis on general policing and community trends. Aggregated Survey Response will not be reasonably capable of being associated with or reasonably be linked directly or indirectly to a particular individual.
11. **License and Intellectual Property.** Agency grants Axon, its affiliates, and assignees the irrevocable, perpetual, fully paid, royalty-free, and worldwide right and license to use Agency Data for internal use including but not limited to analysis and creation of derivatives. Axon may not release Agency Data to any third party under this right that is not aggregated and de-identified. Agency acknowledges that Agency will have no intellectual property right in any media, good or service developed or improved by Axon. Agency acknowledges that Axon may make any lawful use of My90 Data and any derivative of Agency Data including, without limitation, the right to monetize, redistribute, make modification of, and make derivatives of the surveys, survey responses and associated data, and Agency will have no intellectual property right in any good, service, media, or other product that uses My90 Data.
12. **Agency Use of Aggregated Survey Response.** Axon will make available to Agency Aggregated Survey Response and rights to use for any Agency purpose.
13. **Data Subject Rights.** Taking into account the nature of the Processing, Axon shall assist Agency by appropriate technical and organizational measures, insofar as this is reasonable, for the fulfilment of Agency's obligation to respond to a Data Subject Request regarding any Personal Data contained within My90 Agency Content. If in regard to My90 Agency Content, Axon receives a Data Subject Request from Agency's data subject to exercise one or more of its rights under applicable Data Protection Law, Axon will redirect the data subject within seventy-two (72) hours, to make its request directly to Agency. Agency will be responsible for responding to any such request.
14. **Assistance with Requests Related to My90 Agency Content.** With regard to the processing of My90 Agency Content, Axon shall, if not prohibited by applicable law, notify Agency without delay after receipt, if Axon: (a) receives a request for information from the Supervisory Authority or any other competent authority regarding My90 Agency Content; (b) receives a complaint or request from a third party regarding the obligations of Agency or Axon under applicable Data Protection Law; or (c) receives any other communication which directly or indirectly pertains to My90 Agency Content or the Processing or protection of My90 Agency Content. Axon shall not respond to such requests, complaints, or communications, unless Agency has given Axon written instructions to

Title: Master Services and Purchasing Agreement between Axon and Agency

Department: Legal

Version: 19.0

Release Date: 8/18/2023

Page 37 of 40

Master Services and Purchasing Agreement for Agency

that effect or if such is required under a statutory provision. In the latter case, prior to responding to the request, Axon shall notify Agency of the relevant statutory provision and Axon shall limit its response to what is necessary to comply with the request.

15. **Axon Evidence Partner Sharing.** If Axon Evidence partner sharing is used to share My90 Agency Content, Agency will manage the data sharing partnership with Axon and access to allow only for authorized data sharing with Axon. Agency acknowledges that any applicable audit trail on the original source data will not include activities and processing performed against the instances, copies or clips that has been shared with Axon. Agency also acknowledges that the retention policy from the original source data is not applied to any data shared with Axon. Except as provided herein, data shared with Axon may be retained indefinitely by Axon.
16. **Data Retention.** Phone numbers provided to Axon directly by Agency or at their direction, or by permitting My90 to access or connect to an information system or similar technology will be retained for twenty-four (24) hours. Axon will not delete Aggregated Survey Response for four (4) years following termination of this Agreement. There will be no functionality of My90 during these four (4) years other than the ability to submit a request to retrieve Aggregated Survey Response. Axon has no obligation to maintain or provide Aggregated Survey Response after these four years and may thereafter, unless legally prohibited, delete all Aggregated Survey Response.
17. **Termination.** Termination of an My90 Agreement will not result in the removal or modification of previously shared My90 Agency Content or the potential monetization of Survey Response and Aggregated Survey Response.
18. **Managing Data Shared.** Agency is responsible for:
 - 18.1. Ensuring My90 Agency Content is appropriate for use in My90. This includes, prior to sharing: (a) applying any and all required redactions, clipping, removal of metadata, logs, etc. and (b) coordination with applicable public disclosure officers and related legal teams;
 - 18.2. Ensuring that only My90 Agency Content that is authorized to be shared for the purposes outlined is shared with Axon. Agency will periodically monitor or audit this shared data;
 - 18.3. Using an appropriately secure data transfer mechanism to provide My90 Agency Content to Axon;
 - 18.4. Immediately notifying Axon if My90 Agency Content that is not authorized for sharing has been shared. Axon may not be able to immediately retrieve or locate all instances, copies or clips of My90 Agency Content in the event Agency requests to un-share previously shared My90 Agency Content;
19. **Prior to enrollment in My90.** Prior to enrolling in My90, Agency will:
 - 19.1. determine how to use My90 in accordance with applicable laws and regulations including but not limited to consents, use of info or other legal considerations;
 - 19.2. develop a set of default qualification criteria of what My90 Agency Content may be shared with Axon; and
 - 19.3. assign responsibilities for managing what My90 Agency Content is shared with Axon and educate users on what data may or not be shared with Axon.
20. **Agency Responsibilities.** Agency is responsible for:
 - 20.1. ensuring no My90 Agency Content or Agency end user's use of My90 Agency Content or My90 violates this Agreement or applicable laws;
 - 20.2. providing, and will continue to provide, all notices and has obtained, and will continue to obtain, all consents and rights necessary under applicable laws for Axon to process Agency Data in accordance with this Agreement; and
 - 20.3. maintaining necessary computer equipment and Internet connections for use of My90. If Agency becomes aware of any violation of this Agreement by an end user, Agency will immediately terminate that end user's access to My90. Agency will also maintain the security of end usernames and passwords and security and access by end users to My90 Agency Content. Agency is responsible for ensuring the configuration and utilization of My90 meets applicable Agency regulations and standards. Agency may not sell, transfer, or sublicense access to any other entity or person. Agency shall contact Axon immediately if an unauthorized party may be using Agency's account or My90 Agency Content or if account information is lost or stolen.
21. **Suspension.** Axon may temporarily suspend Agency's or any end user's right to access or use any portion or all of My90 immediately upon notice, if Agency or end user's use of or registration for My90 may (a) pose a security

Master Services and Purchasing Agreement for Agency

risk to Axon products including My90, or any third-party; (b) adversely impact My90, the systems, or content of any other customer; (c) subject Axon, Axon's affiliates, or any third-party to liability; or (d) be fraudulent. Agency remains responsible for all fees, if applicable, incurred through suspension. Axon will not delete My90 Agency Content or Aggregated Survey Response because of suspension, except as specified in this Agreement.

22. My90 Restrictions. Agency and Agency end users (including employees, contractors, agents, officers, volunteers, and directors), may not, or may not attempt to:

- 22.1. copy, modify, tamper with, repair, or create derivative works of any part of My90;
- 22.2. reverse engineer, disassemble, or decompile My90 or apply any process to derive any source code included in My90, or allow others to do the same;
- 22.3. access or use My90 with the intent to gain unauthorized access, avoid incurring fees or exceeding usage limits or quotas;
- 22.4. use trade secret information contained in My90, except as expressly permitted in this Agreement;
- 22.5. access My90 to build a competitive product or service or copy any features, functions, or graphics of My90;
- 22.6. remove, alter, or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon's or Axon's licensors on or within My90; or
- 22.7. use My90 to store or transmit infringing, libelous, or other unlawful or tortious material; to store or transmit material in violation of third-party privacy rights; or to store or transmit malicious code.

Master Services and Purchasing Agreement for Agency

Schedule 1- Details of the Processing

1. **Nature and Purpose of the Processing.** To help Agency obtain feedback from individuals, such as members of their community, staff, or officers. Features of My90 may include:
 - 1.1. Survey Tool where Agency may create, distribute, and analyze feedback from individuals it designates. Agency may designate members of the community, staff or officers from whom they would like to obtain feedback;
 - 1.2. Creation of custom forms for surveys. Agency may select questions from a list of pre-drafted questions or create their own;
 - 1.3. Distribution of survey via multiple distribution channels such as text message;
 - 1.4. Ability to access and analyze Survey Response. Axon may also provide Agency Aggregated Survey Responses which contain analysis and insights from the Survey Response;
 - 1.5. Direct integrations into information systems including Computer Aided Dispatch ("CAD"). This will enable Agency to share contact information easily and quickly with Axon of any individuals from whom it wishes to obtain feedback, enabling Axon to communicate directly with these individuals;
 - 1.6. Data Dashboard Beta Test ("**Data Dashboard**") where Survey Response and Aggregated Survey Response will be displayed for Agency use. Agency will be able to analyze, interpret, and share results of the Survey Response. My90 may provide beta versions of the Data Dashboard that are specifically designed for Agency to test before they are publicly available;
 - 1.7. Survey Responses will be aggregated and de-identified and may be subsequently distributed and disclosed through various mediums to: (1) Agency; (2) other Axon Agency; (3) private companies; and (4) members of the public. The purpose of disclosure is to provide ongoing insights and comparisons on general policing and community trends. Prior to disclosing this information, Axon will ensure that the Survey Response has been de-identified and aggregated or transformed so that it is no longer reasonably capable of being associated with, or could reasonably be linked directly or indirectly to a particular individual; and
 - 1.8. Provide services and materials to engage Agency stakeholders, market the partnership to the public, and facilitate training.

9	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Ashley Forbrich 17800 N. 85th St. Scottsdale, AZ 85255-6311 aforbrich@axon.com 1-301-356-5253	

Table 2: Company Information and Financial Strength

Line Item	Question	Response *
-----------	----------	------------

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Since 1993, Axon Enterprise, Inc. has been committed to delivering safe, secure solutions for law enforcement, militaries, and citizens. From our humble beginning as TASER International, Inc. to now, we have worked diligently to develop a network of TASER smart weapons, body cameras, and industry-leading cloud-based evidence management software to help accomplish a singular goal—to protect life. Over this time, we have partnered with more than 7,500 law enforcement agencies to deploy tailored solutions designed to preserve transparency and truth. With 10 offices based in Arizona, Washington, Australia, Canada, Finland, Germany, India, the Netherlands, the United Kingdom, and Vietnam, Axon's team of more than 1,000 employees continue to define smarter policing through the development of industry-leading technology solutions. We are Axon. Axon is a market-driven organization dedicated to solving real problems for law enforcement agencies. We create meaningful value through high-quality products, enhanced technology solutions and extraordinary service. We are proud of the values with which we conduct our business. We instill a culture of morality and good ethical conduct in all our business practices. We have and will continue to uphold the highest levels of business ethics and personal integrity in all types of transactions and interactions, both internally and in dealings with our customers, vendor, suppliers and other business relationships. To this end, our Code of Business Conduct and Ethics Code serves to (a) emphasize the Company's commitment to ethics and compliance with the law; (b) set forth basic standards of ethical and legal behavior; (c) provide reporting mechanisms for known or suspected ethical or legal violations; and (d) help prevent and detect wrongdoing. All employees are required to read and sign our Code of Business Conduct and Ethics policy, which is available on our website https://www.axon.com/legal. Additionally, our employees and business practices are guided by our core values, which are: BE OBSESSED: Walk with the customer as you transform their world. We never want to develop or sell something that you don't want or need. We're obsessed with creating products that solve real problems and add value. If it doesn't benefit you, then we rethink what we're doing. AIM FAR: Think big with a long-term view. We want to reinvent the world to be a safer, better place. We've failed spectacularly a few times, but that's what you get when you aim for the stars. That's our final destination. WIN RIGHT: Win with integrity. We are fiercely competitive and have an unquenchable thirst to win, but we don't think winning and doing the right thing are mutually exclusive. Our challenge is to make them synonymous, and never compromise our integrity. OWN IT: Commit, take action, and deliver. We empower individuals to step up and take initiative. Be an owner and see things through to completion. That's the only way we've been able to succeed as a company, and it's the only way we will continue to grow. JOIN FORCES: Act as one global team. Creating the future is a team sport. When a company scales globally in 40 different markets with multiple technology stacks ranging from wearables and cloud to electronic weapons, you need teamwork. We're one global team committed to an audacious vision. EXPECT CANDOR: Deliver with respect and assume positive intent. Candor gets critical issues elevated, puts truth on the table, and gets us to the right answer faster. How can we be the best version of ourselves and the best company we can be, if we can't offer and be given critical feedback.	*
11	What are your company's expectations in the event of an award?	If awarded a contract again, Axon will continue to actively include Sourcewell in our marketing efforts as an option to our customers.	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Axon is a public company and our latest annual report (2022) is attached. Expected annual revenue for 2023 is approximately \$1.5B USD. Axon signs long-term contracts and a large portion of our revenue is from subscriptions, providing a very stable financial base. Further information can be obtained at: https://investor.axon.com/.	*
13	What is your US market share for the solutions that you are proposing?	Axon works with over 17,000 public safety agencies globally and is a major supplier of public safety equipment. For body-worn cameras, Axon has a market share of approximately 14% in the US. The vehicle cameras represent a 7% market share, and DEMS 4%.	*

14	What is your Canadian market share for the solutions that you are proposing?	Axon works with over 17,000 public safety agencies globally and is a major supplier of public safety equipment. Canada is not separately tracked, but generally mirrors the US. For body-worn cameras, Axon has a market share of approximately 14% in the US. The vehicle cameras represent a 7% market share, and DEMS 4%.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	Axon has never petitioned for bankruptcy protection.	*
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	a) N/A b) Axon Sales Representatives play a pivotal role in knowing business needs and applying technological solutions to solve potential challenges. These representatives must have a "business mindset," that enables them to understand complex challenges and present solutions that might solve these. They are employees of Axon Enterprise, Inc. Some sales representatives work from our main office in Scottsdale, AZ and others work throughout the United States and globally. Regarding services, Axon Professional Service employees support and install the majority of our products. Axon utilizes ProLogic for some aspects of installation of our Axon Fleet and Axon Interview solutions. Axon handles technical support and repairs for all of its manufactured products	*

17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	AXON EVIDENCE Axon's compliance demonstrates our commitment to providing a trustworthy platform and offers customers a way to understand the controls that have been put in place to secure Axon Evidence and their data. Axon holds the following certifications, in partnership with Microsoft Azure, for Axon Evidence. • CJIS Compliant • ISO/IEC 27001:2013 Certified - Information Security Management Standards • ISO/IEC 27018:2014 Certified - Code of Practice for Protecting Personal Data in the Cloud • CALEA Standard 17.5.4 Compliant • SOC 2+ Report • Cloud Security Alliance - CSA STAR Attestation (Level Two) • Cloud Security Alliance - CSA STAR Self-Assessment (Level One) • FedRAMP Joint Authorization Board (JAB) Provisional Authority to Operate (PATO) at the Moderate Impact Level (applicable only to the US Federal Region of Axon Evidence). Axon has achieved a FedRAMP Joint Authorization Board (JAB) Provisional Authority to Operate (P-ATO) at the Moderate Impact Level. Axon's Compliance website (https://www.axon.com/trust/compliance) includes additional information on our security certifications as well as copies of certificates and compliance documentation. AXON BODY CAMERAS Batteries used in Axon body-worn cameras meet the following safety standards. • UL1642 • UL2054 • IEC 62133 AXON FLEET • The Axon Fleet solution is wholly FCC certified, the Axon Fleet camera FCC ID is X4GS00947. • Per the component-based standards as set by Electronic Industries Association (EIA), Axon Fleet utilizes industry standard components, which meet all necessary standards for sale and use in the United States. • Axon Fleet's communication interfaces are designed to IEEE 802.15.1 and IEEE 802.11 guidelines and is IEC 60529 and IEC55022 compliant. • Axon Fleet has been tested to and meets ISO 16750-2:2012, ISO 17215-1:2014, and ISO 13766:2006. • The system hardware components of the system are low-voltage devices. Axon Fleet batteries comply with UL 1642 and UL 2054. • Axon Fleet batteries are UL 1642 compliant. QUALITY ACCREDITATIONS MANUFACTURING • ISO 9001 – Axon is accredited to design, develop, manufacture, distribute, and provide services for public safety solutions including, but not limited to digital video recorders and accessories used in the law enforcement industry. These products and services are manufactured and supported according to ISO standards. • ISO 14001 - Environmental INFORMATION SECURITY • ISO 27001 – Axon is aligned with the scope of the ISO 27001 certification; the Information Security Management System that governs all customer data that resides in the Axon Evidence application.	*
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	Axon has not been suspended or disbarred in the past ten years.	*

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *

-----------	----------	------------

26	Sales force.	Axon directly employs approximately 250 employees in sales-related positions who are committed to selling and delivering service to Sourcewell entities across the US and Canada. Our sales resources are spread throughout the US and Canada. This ensures that we have qualified Axon employees close to our customers in order to conduct site visits, demonstrations, or to check on customer satisfaction. Axon organizes representatives into sales divisions to provide services to agencies based on multiple factors including agency type, agency size (i.e. sworn officer counts), agency geographic location, whether the agency is an existing Axon customer or building a new relationship with Axon, and Axon product types. Our multiple sales divisions help ensure we have qualified Axon employees close to Sourcewell entities to provide you with conducted energy weapon equipment, products, and services; conduct site visits; provide demonstrations; and check on customer satisfaction as needed. All sales representatives have access to the Sourcewell contract via our Salesforce system. Our hiring process is designed to find the highest caliber employees to help us achieve our mission. We take the hiring process seriously, as Axon Sales Representatives play a pivotal role in knowing business needs and applying technological solutions to solve potential challenges. These representatives must have a “business mindset,” that enables them to understand complex challenges and present solutions that might solve these. Axon’s hiring process intends to identify candidates who can do this effectively. It’s our intention to hire people who also derive great satisfaction in helping others solve challenges through technological adoption, implementation, and advancement. Candidates are first phone screened by highly qualified firms who seek top talent from related industries. They are then screened again by a senior member of the Axon team to vet their personal and professional qualifications. During this time, candidates demonstrate how they have successfully learned about past businesses and helped solve their challenges through complex technological solutions. It is expected that candidates can demonstrate success in doing so throughout multiple years of their professional career. The most successful candidates are then invited to Axon headquarters or, as our workforce expands geographically, are invited to participate in multiple on-line interviews. During this process, they meet approximately five senior members of the Axon team to more deeply validate who they are personally and professionally – personal characteristics, business skill, cultural fit within public safety, organizational fit within Axon. The internal team then debriefs about the candidate’s potential fit as a representative of the company, on law enforcement’s behalf. If the internal team finds the candidate appropriate in this position, the candidate moves on to preparing and providing a plan for how they are going to work with a number of accounts. This includes an understanding of how they’re going to research, engage, understand, and work with each potential agency. They present this to the hiring manager (a Director or Vice President at Axon). If appropriate, candidates move on to the final stage of the review and hiring process. During this final stage, candidates speak directly with the Vice President of the Axon Sales Team or with the Executive Vice President of Global Sales for the organization. During this time, the candidate, once again, reviews their personal and professional qualifications as well as their approach to working within the organization and with public safety agencies. At this time, a decision to extend an offer of employment is made. The multiple steps and many stakeholders in the hiring process are to ensure proper rigor in vetting those who work with the many agencies we have or would like to partner with through a business engagement. The Axon organization is a proud technological partner of many in public safety and looks forward to hiring many more qualified individuals to appropriately work with, understand, and solve challenges within, for, and alongside countless agencies for years to come.
27	Dealer network or other distribution methods.	Axon does not sell the video solutions that are the subject of this RFP in the US or Canada through distributors.

28	Service force.	Axon employees approximately 145 in customer support positions who are committed to providing Sourcewell entities with post-sales and post-deployment support. Axon has a full customer and technical support division available 24 hours a day, seven days a week. The Technical Support team is based in Scottsdale, Arizona with additional employees in our Melbourne, Australia and Daventry, UK offices. REPAIR (RMA) DEPARTMENT The Return Material Authorization (RMA) department is located at Axon Headquarters in Scottsdale, Arizona. The RMA department prioritizes returned products for analysis and/or repair on a first-in-first-out (FIFO) basis, based on the severity of the complaint (or unless otherwise requested by the agency). The general turn-around-time for a full resolution is less than 30 calendar days from receipt of the returned product. Axon provides agencies with the ability to manage RMA requests within Axon Evidence. Authorized users will be able to create, update, save, submit, and track device returns for their agency in one place. Axon Evidence Device Return Service is integrated with FedEx and return shipping labels are provided at no extra charge. RMAs may also be generated at https://returns.axon.com, although return shipping labels are not available via this method. Upon receipt of the item(s), the RMA department will conduct a failure analysis investigation to determine the root cause of the issue and repair the item if possible. It is at Axon's sole discretion to repair or replace a device as identified in the original manufacturer warranty and/or the extended warranty policy. CUSTOMER SUCCESS MANAGERS (CSM) Throughout the length of their contract, some customers will have a dedicated, in country Customer Success Manger (CSM). This is determined on the size and location of the customer; Currently the CSM team is operating within the United States only. The team is being expanded, but we do not have an estimated time of implementation in Canada. The CSM will have comprehensive knowledge of a customers' solution and its components, including any applicable custom integrations. The CSM will be available to offer support and escalate any issues or concerns as needed.
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Axon will process orders from Sourcewell members directly, as our distributor network in the United States and Canada does not sell our video products. The ordering is simple and primarily follows a process where the customer will contact an Axon sales resource. The sales resource will use pre-defined Sourcewell skus in Salesforce to request a quote from our internal quoting department. The department will create a quote using the pre-approved pricing and release the quote to the sales resource. The sales resource will either provide the quote directly, or will work with the Axon Proposal Team to deliver the offer. The entire process is tracked within Salesforce. Quarterly, our internal Sourcewell resource runs reports from Salesforce and uses this data to prepare and submit quarterly reports to Sourcewell.

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Customers can initiate live phone support 24 hours a day, seven days a week by calling the support center at +1-800-978-2737 (extension 2), or via email at Support@axon.com. Online, email-based support and remote-location troubleshooting are included on an ongoing basis as part of your investment in the Axon ecosystem. Calls are first routed to the Tier 1 technical support team. Through troubleshooting, they can resolve most calls. If at any point an issue needs to be escalated to a higher technical tier, the call may be immediately transferred to a Tier 2 support specialist, or a phone number may be taken for a callback, depending on call volume and issue complexity. The following describes our levels of support available by tiers (based on the nature and criticality of the issue): TIER 1 TECHNICAL SUPPORT - GENERAL HOW-TO QUESTIONS • Frequently asked questions (FAQs) • Product navigation • Feature clarification • Standard queries • Assistance with known solutions TIER 2 TECHNICAL SUPPORT • Advanced Product trouble shooting • Advanced Axon Evidence Configuration • Any Escalated issues from Tier 1 support TIER 3 ENGINEERING SUPPORT • Critical problem or recurring problems rendering the product inoperable or requiring workarounds, bug fixes, testing and/or simulation The targeted response time for critical problems is one business day. The targeted resolution time (depending on severity and potential workarounds) is between less than 24 hours to less than two weeks. Monthly, the Customer Service and Support team manager evaluates three calls for each team member. This audit checks adherence to policies, troubleshooting ability and customer satisfaction. Team members are evaluated on the scores they receive each month. Additionally, each team member is evaluated on their customer feedback score and the number of cases that remained unresolved after 24 hours. This assesses customer satisfaction and ensures that cases are handled in a timely manner.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Axon is willing to provide all included products and services to Sourcewell participating entities in the United States.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Axon is willing to provide all included products and services to Sourcewell participating entities in Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	There are no restricted areas in the United States or Canada for the proposed contract.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Axon will serve any participating sectors for the proposed contract.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Axon does not have any specific contract requirements related to Hawaii or Alaska for this contract.	*

Table 7: Marketing Plan

Line Item	Question	Response *
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	As a current Sourcewell contract holder, Axon already has programs in place to educate staff and perspective customers on the appropriate use of the contract mechanism. Our sales team is our primary link to customers and our best path for marketing cooperative contract benefits to our customers. Our sales teams favor cooperative contracts because they simplify the sales process. We focus education internally on our sales and contract teams. All sales staff are trained on the availability and use of cooperative contracts. This is done through sales training and webinars, and the contracting process is built into our tools, such as Salesforce . We are also expanding our internal resource guides specifically with information on cooperative contracts. This tool provides sales teams with information on all our cooperative contracts, including availability dates, authorized users, price lists and relevant terms and conditions. The tool also includes the public links and information that can be provided to customers to improve their awareness and tie them directly to cooperative resources, such as Sourcewell. Our Salesforce tracking system for order processing includes internal links to the available cooperative contracts which customers may use for purchasing Axon products. By ensuring our sales force has access to this information, our representatives are able to quickly provide details for agencies to engage in pricing discussions and justify purchasing via a cooperative. We have also run public webinars to educate potential customers on different buying options. Cooperative Contracts Webinar (axon.com). We actively recruit staff, including legal staff, with knowledge of cooperative contracts. This is another way of expanding the visibility both internally and externally https://www.axon.com/job/5738892003.
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Axon uses a variety of technologies to enhance our marketing effectiveness. This includes visibility on various platforms such as LinkedIn, where we leverage both text and custom videos to inform customers of new products and to demonstrate thought leadership. In addition, we maintain a detailed website where both current and prospective customers can access detailed information, including product sheets, training materials, event schedules, and detailed user documentation. Our Salesforce database provides detailed information on customer buying habits, prospective opportunities, and actions taken. It is integrated with our purchasing processes to ensure a smooth connection between sales and ordering processes. Axon provides on-line and in-person demonstrations of our products, attends trade shows, and has a travelling road show where people can get detailed information and hands-on access to our products. Some of these more traditional technologies are still the most effective ways to reach customers.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell can help promote membership to law enforcement agencies who may not realize they are members. Axon has seen in past interactions that many agencies do not know they are already members of a cooperative. Because we already have a Sourcewell contract, the foundation for integration is already in place. Upon award of a new contract, we will announce it to our sales teams, and update SFDC to ensure that any new pricing or terms are available to the sales teams. We will also update any training as needed to reflect the new contract.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Yes, Axon provides an ecommerce site that requires an authorized login and purchase eligibility to access. The ecommerce site acts as another 'ingestion point' for orders. The platform is intended to make ordering faster, easier, and more efficient. The site customizes product visibility and includes contracted pricing for each agency. We allow authorized customers to pay by credit card. With prior authorization by both an agency and Axon, we will also allow Purchase Orders/Invoices. After the order is placed, it is processed as any other order would. The e-procurement site is generally used for small add on products. Most government and education customers work directly with sales representatives for more complex projects.

Table 8: Value-Added Attributes

Line Item	Question	Response *
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Training is a standard part of all Axon programs and is included in the base cost of the program. Training Overview Axon's training approach is aligned with the overall coordination of the integrated body-worn camera, in-car camera, and digital evidence management solution implementation. Our approach ensures that those responsible for administering the digital evidence ecosystem, as well as those responsible for using our systems and devices, have multiple options for initial and recurring training. We will provide initial training, as well as access to the on-line Axon Academy for refresher training, and future training of new users. Axon is highly flexible with our training options, and can adjust courses and approaches as needed based on discussions in the project planning phase. Training is largely centered around the types of users and devices, focusing on those with administrative responsibility, in house trainers, detectives, redaction technicians, body-worn camera users and Fleet users. Our proposed training is outlined below. Training Materials Our Professional Services team will provide soft copies of User Guides, Axon Quick Start Guides, and Manuals, Axon Evidence Administrator Reference Guide, Axon Evidence Security Guide, End-to-End Deployment Guide, Implementation Best Practices Guideline, and a Go-Live Checklist. Additional curriculum and support materials include, but are not limited to: - Job Aids - E-Learning Certification Programs - Video Training Demonstrations - Software Simulations - Enrollment for Virtual Classes - Recordings of Previous Classes and Demonstrations - Sample Lesson Plans Key User Training (Train the Trainer) End users can be trained one by one or in a train-the-trainer style. For a department of the size of Champaign, we advise training an initial subset of key end users. This group will serve several roles, including confirmation of system functionality, performance, and feedback on any localized issues that had not been previously identified. This initial subset of trainees can act in a "train the trainer" capacity for their co-workers and typically become a resource when newer users are activated and require training or assistance. System Administration Training System Administrator training typically consists of a session covering custom roles and permissions, retention categories, and other critical Axon Evidence settings. Additionally, Axon Evidence features will be discussed, including working with evidence, redaction capabilities, case functionality, reporting options, audit trails, and device inventory. Administrators will also learn how to configure items specifically related to Axon Body 3, Axon Fleet 3, Axon Signal, and ALPR. Each System Administrator training session is generally three to four hours in length and can accommodate up to 10 users. Axon Evidence User Training If training for evidence technicians, supervisors, detectives, or redaction technicians is necessary for your program, our team can accommodate those needs. These sessions are customized and will cover portions of Axon Evidence that are central to the job functions of those in attendance. Recommended Class Structure / Training Plan Under this project, Axon will provide the following training classes: - One (1) three-hour Super User (Administrative) Training session (two (2) sessions can be conducted, if needed). There is no limit to the number of attendees for these sessions. - One (1) three (3) hour Train the Trainer session. There is no limit to the number of attendees for these sessions. - One (1) one and a half (1.5) hour Evidence Tech Training. There is no limit to the number of attendees for these sessions. - Fleet 3 Training - Generally, end users will be trained on the system when they return to pick up their vehicle after hardware installation is complete. They will be trained on system operation and best practices. This process can be modified if needed; in some larger agencies a group of end users may be trained, who will then train other groups of end users. The customer trainers would then complete the rollout of the cameras and training to all the officers. The number of classes will vary depending on the size of each department. For customer train the trainer rollout, we recommend a limit of 15 officers per class. Training is normally conducted at the beginning of a shift so that the officer can begin using the equipment immediately. Having training coincide with deployment reinforces the material taught during training and allows any issues that arise to be addressed by training staff immediately. While this is our recommended and proposed class structure and curriculum, our approach is flexible and can be modified to meet the needs of different customers. Additional Training Resources and Continued Learning

		Our continued learning site, Axon Academy, is your go-to online resource for learning more about your TASER smart weapon, Axon camera, Axon Evidence account, and how each of these components interface with other elements of the Axon ecosystem. Supported by the Police One web infrastructure, Axon Academy is a convenient and secure way of accessing information to help agencies make the most of the Axon Ecosystem of products and digital evidence management software. Within Axon Academy, there are three different ways to learn: ON-DEMAND E-LEARNING MODULES – Each of these modules address a different element of the Axon Ecosystem and provide a self-paced, individual learning experience whenever is convenient for your users VIRTUAL TRAINING COURSES – these courses are offered live via the web, and give your users the ability to participate in a class and interact with the instructor CERTIFICATION PROGRAMS – Our comprehensive certification programs allow learners to pull together a specified list of resources to quantify their knowledge in a particular area (e.g., CEWs, Axon Evidence, Axon cameras). Training content is developed and maintained by Axon subject matter experts and supporting documentation is designed to provide a simple and straightforward way of learning about specific topics. The database continues to grow as our product and service offering expands.
41	Describe any technological advances that your proposed products or services offer.	Axon Body 4's integration with the Axon Ecosystem enables dispatch and command staff to gain real-time situational awareness of events in the field through Axon Respond. Axon Respond enables remote personnel to quickly gain insight into a call-for-service or an officer's whereabouts. By simply signing into Axon Evidence or the Axon Respond mobile application, users can use the Axon Respond Map to view the real time location of officers wearing the Axon Body 4 or vehicles equipped with the Fleet in-car cameras, as well as receive live alerts and notifications. This solution is provided anytime LTE connectivity is available. If an agency elects to upgrade to Axon Respond+, video can also be live streamed from the LTE enabled cameras. When livestreaming begins, the officer will be notified via audible and haptic (vibration) feedback and visually by an icon on the display. If stealth is enabled, the officer will not be notified. A new "Watch Me" button on Axon Body 4 devices empowers officers to signal for an additional set of eyes to watch their back when responding to calls. When an officer presses this button, Axon Respond users receive a notification within moments so they can immediately support the officer. This enables supervisors and dispatchers to prioritize which officers can most benefit from additional support. A new Voice Communication functionality is also available on Axon Body 4 devices. After starting a livestream on Axon Respond, Respond users then have the ability to start a conversation with the device wearer by pressing the "Start Call" button. The Respond viewer can then communicate with the officer by our "push-to-talk" feature. The device wearer can hands-free talk back to the Respond viewer. This feature supplies officers and supervisors with a communication method through Axon Respond. These capabilities make it possible for those not on scene to gather better intel and help officers in the field as situations change. Whether checking in on a responding officer or sharing tactical advice during a critical event, Axon Respond gives your agency access to information in the moment. Video and audio are livestreamed via WebRTC (Web Real-Time Communication) protocol, with media secured using SRTP (Secure Real-Time Transport Protocol), and encryption keys agreed upon using DTLS (Datagram Transport Layer Security). All are industry standards. Today, livestreaming uses AVC (h.264) for video encoding and G.711 µ-law for audio. Axon Body 4 bi-directional voice communications are encoded with Opus. Livestreams consume 800kbps-1Mbps. ALPR INTEGRATED ALPR OVERVIEW Axon Fleet 3 revolutionizes daily patrol by fully integrating ALPR and evidence cameras into a single unit. This addition enables communities to make the most of ALPR coverage and helps identify more offenders, missing persons, and stolen vehicles when patrolling your communities. Though most U.S. law enforcement agencies already use ALPR technology today, the cost to deploy and outfit an entire fleet of patrol vehicles can be very expensive. Fortunately, Axon Fleet 3's level of integration changes the economics of ALPR. There is no additional installation required to enable ALPR meaning no additional equipment, drilling of holes, external mounting of hardware/cables, or complicated camera aiming/calibration processes. HOTLISTS The ALPR process starts by setting up hotlists within Axon Evidence. These hotlists are made up of known license plates and vehicles of interest that are either stolen, wanted for, or potentially associated with unlawful activity or missing persons. They often fall into the following categories: - A list of license plates or vehicles known to be stolen - A list of license plates or vehicles known to be associated with known or potential criminal activity such as gang involvement, watch lists, known associates of criminal activity, etc. - A list of license plates or vehicles with administrative issues such as unpaid vehicle

registration, unpaid traffic fines, etc.
 Hotlists are then sent to the Axon Fleet 3 vehicles via incremental updates when changes are made. Typically, if a plate is added to a hotlist, the hotlist is updated in all Axon Fleet 3 vehicles within minutes if they are on and connected.

ALPR DETECTION

Axon Fleet 3's ALPR technology will activate once the in-car system is booted up. As long as the Axon Fleet 3 in-car system is powered on, the ALPR technology will continue to operate even if the Axon Fleet Dashboard application is not running or the MDC is powered off.

The Dual-View Camera leverages built-in 4K sensors to help legibly capture license plates up to 3 lanes away and ~50 feet (15.2 meters) in distance, at a closing speed of ~140 MPH (~225 km/h).

Plate reads and hits are encrypted and stored on the Axon Hub and securely uploaded to our CJIS-certified cloud storage.

ALPR ALERTS

Axon's ALPR is accessible from the Axon Fleet Dashboard application that runs on the MDC. Users can easily navigate between ALPR and in-car video workflows.

Once the camera makes a plate read, plates are compared to agency hotlists and, if there is a match, an alert is generated and presented on the MDC via the Axon Fleet user interface for officer disposition.

Our ALPR technology will alert the in-car system less than one second after a plate is read. If multiple plate reads or hits happen at the same time, all plate reads and hits will be saved, but the highest severity read or hit will be prioritized for an alert.

Once an alert is detected and confirmed as correct, the Axon ALPR system will copy the plate number to the Windows clipboard so that it can be easily pasted into and validated by a CAD application. This seamless integration between systems helps improve workflows and efficiencies through an intelligent ALPR system.

RESPONDING TO ALPR ALERTS

Using the Dashboard application on the MDC, users can quickly review and act on notifications populated when a plate number appears on an agency's hotlist. If a plate number activates a notification, users can review the hotlist source, offense category, additional vehicle details, and verify the accuracy of the plate read.

Officers can record an action taken on a particular hit, whether that be a warning given to the driver, a citation being issued, or an arrest being made.

FLOCK ALPR INTEGRATION

Axon has a proven integration with the FLOCK ALPR system. Users of the FLOCK Safety system will have an integration that allows the Look Up interface to search information in Axon Evidence.

42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	We take every action to minimize negative impacts to the environment. Axon recognizes and is fully compliant with all local, state, federal and foreign government requirements including U.S. EPA and O.S.H.A. standards. Axon is certified to ISO 14001. Axon is committed to excellence and leadership in protection of the environment. We strive to minimize adverse impact on the air, water, and land through excellence in pollution prevention and waste abatement. By preventing pollution at the source, we save resources, increase operational efficiencies, and maintain a safe and healthy work environment for our employees, visitors, contractors, and neighbors. Axon manages an on-premise waste minimization program. The objective is to reduce the quantity of non-hazardous solid waste produced, recycle materials, and reuse materials when possible. Other green initiatives in the building include in-house recycling and the use of variable frequency drives on our main exhaust systems and cooling towers, which allow for more efficient methods of using energy. Our Scottsdale office has on-premise xeriscape, which conserves water by eliminating the need for supplemental water from irrigation. Our Scottsdale headquarters and surrounding buildings use 60% and 95% LED lighting, respectively, which produces less heat and uses less energy. We supplement this with having large windows around the offices, which brings in ample natural light and saves electricity. 5 to 10 percent of the plastics we use in manufacturing our products are made of recycled materials. In addition, we substitute non-hazardous or less toxic material in our manufacturing processes when feasible. Examples are: • Substituting an alcohol-based glue accelerator for an aliphatic petroleum-based product • Replacing the gluing system with a less hazardous two-component epoxy In conjunction with the following practices, Axon has invested in re-usable material handling systems, much of which is also recyclable. • Use of corrugated materials exceeding 35% post-consumer recycled content • Use of other packaging materials that contain recycled content and are recyclable in most local programs • Both the printed and corrugated boxes used to ship our products to customers (and the protective foam used in shipping) are recyclable • We promote waste prevention and source reduction by reducing the extent of the packaging and/or offering • To minimize packaging waste on larger orders, 'bulk packaging' was developed • We also employ packaging take-back services and shipping carton return • We reduce and/or eliminate the use of materials which have been bleached with chlorine or chlorine derivatives Axon engages in the following practices that serve to reduce or minimize effects on the environment, including, but not necessarily limited to the following. • Corrugated boxes are broken down and processed for recycling • Offices and dining areas contain recycling bins in addition to trash bins to minimize waste and encourage employee participation in green initiatives • Axon Employee Transportation programs are in place using company supplied vans that reduce congestion on the roadways and carbon monoxide emissions into the environment. • We are compliant with laws pertaining to
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Axon is certified to ISO 14001. Axon also utilizes a green IaaS provider, Microsoft Azure; this partnership extends our focus and investment on a sustainable future and that will have positive global impact. The datacenters are 100 percent carbon neutral and rely on a larger percentage of wind, solar and hydropower electricity over time. Today roughly 44% of the electricity used by datacenters comes from these sources. The goal is to pass the 50 percent milestone, move to the top 60 percent early in the next decade, and then to keep improving from there.
44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Axon does not hold any WMBE, SBE, or veteran-owned business certifications.

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	Axon has long made the priorities of law enforcement our own, and their challenges ours to solve. When Members partner with Axon, they're partnering with a team of product experts, security professionals, engineers, technology specialists, and former law enforcement personnel. We are dedicated to pushing the boundaries of technology and are committed to delivering on those efforts, to offer law enforcement the solutions needed to help make the world a safer place. By becoming a part of our Axon Ecosystem made up of connected devices and apps, Members can better position themselves to keep their officers and community safe. Axon provides hardware and software solutions to law enforcement agencies throughout the globe and is proud to work with the following clients to implement the technology used to help increase workflow efficiencies, reduce incidents, and protect the truth. Some of our largest customers include: • London Metropolitan Police Service, London UK • Los Angeles, CA Police Department • Calgary Police Service, AB • Charlotte-Mecklenburg, NC Police Department • Fort Worth, TX Police Department • Dallas, TX Police Department • San Diego, CA Police Department • Baltimore City, MD Police Department • Baltimore County, MD Police Department • Memphis, TN Police Department • Washington, DC Metropolitan Police Department • Denver, CO Police Department • Cincinnati, OH Police Department • Atlanta, GA Police Department Because our solutions are deployed by thousands of law enforcement agencies across the globe, we are experienced in the development of technology at scale and put a great deal of emphasis on improving our end-user's ease of use. By demonstrating a large investment in research and development—with expenses reaching \$76.9 million, \$55.4 million, and \$30.6 million in 2018, 2017, and 2016, respectively—we are committed to identifying improvements and developing new and innovative solutions. As a member of some of the most prestigious associations across the country, Axon is dedicated to staying involved—and through our participation—we hope to continue building on our understanding of the issues Members face while staying apprised of the conversations affecting the communities they serve. Axon is proud to be a part of the following associations. • The International Association of Chief of Police (IACP) • The Major City Sheriff's Association (MCSA) • The National Organization of Black Law Enforcement Executives (NOBLE) • The FBI National Academy Associates (FBINAA) Once a solution is delivered, most agencies are left asking, what's next? Axon has you covered. Our dedicated customer success and support managers are committed to providing Members with post-sales and post-deployment support. Whether that be troubleshooting assistance, technical support, or help with understanding a new feature, our Customer Success team is here to be your main point of contact and advocate. Through regular communication, our knowledgeable staff can offer Members the support you should expect from a service provider. This support includes: • Notifying customers of Important firmware and hardware updates, identifying bugs, and addressing general issues • Fulfilling hardware refreshes and deployment of new equipment • Conducting Quarterly Business Reviews with customers • Identifying important customer feature requests Our goal is to provide Members with the necessary assistance to help make the most of the solutions you count on every day.
----	---	---

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Axon warrants that its law enforcement hardware products which are manufactured by Axon are free from defects in workmanship and materials for a period of one (1) year from the date of receipt. Axon-manufactured accessories are covered under a limited ninety-day warranty from the date of receipt. Non-Axon manufactured accessories are covered under the manufacturer's warranty. There are extended warranties available as defined in the Axon Master Services and Purchasing Agreement (MSPA). NON-AXON MANUFACTURED PRODUCTS For some solutions we are authorized resellers of hardware (Cradlepoint routers for Axon Fleet, Axis cameras for Axon Interview, etc.). Products that we are authorized to resell abide by the manufacturer's warranty. Further details can be provided upon request.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Restrictions are outlined in our warranty, which has been included in the uploaded attachments .	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	No, our warranties do not cover the expense of technicians' travel time or mileage to perform warranty repairs.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Axon will be available 24 hours/7 days per week by phone for emergency technical support for any system outage, and if mutually agreed upon by both parties, we can provide onsite support for local issues. If a site visit is deemed necessary due to an issue (i.e. access point failures or accidental cut wires) and not an Axon or Axon Evidence issue there may be a charge assessed to the agency.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Axon will troubleshoot third party devices to the best of our ability. If we are unable to resolve the issue and the devices require warranty service, this will be performed by the manufacturer. Axon solutions require minimal third-party hardware, limited primarily to commercial-off-the-shelf (COTS) computing devices such as routers, servers, and hard drives. Additionally, some solutions such as Axon Interview rely on third party cameras and tablets which are also COTS.	*
51	What are your proposed exchange and return programs and policies?	Axon does not allow exchanges or returns except on failed items. Please see our MSPA for full details.	*
52	Describe any service contract options for the items included in your proposal.	Please refer to the included MSPA.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	Payment terms are Net 30.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	Axon does not providing leasing or financing options. We do have a provision in our MSPA that allows for cancellation by an agency if sufficient funds are not approved.	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Axon's Master Services and Purchasing Agreement (MSPA) is a standard transaction document that includes the terms and conditions we propose to use in connection with an awarded contract. A sample MSPA has been uploaded with our response."	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Axon can process via P-card if necessary but prefers ACH payments whenever possible.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Axon is proposing a Schedule Discount for Sourcewell Members, including quantity discounts. See question #58 for additional detail.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Axon is proposing the following discount schedule based on order quantity. This discount schedule applies to Axon manufactured items. This does not apply to items which Axon resells as part of its offerings. Please see the uploaded price sheet, included in the document section. Quantity: 1 • Customer Discount % off MSRP: 0.00% Quantity: 2-99 • Customer Discount % off MSRP: 1.00% Quantity: 100-249 • Customer Discount % off MSRP: 3.00% Quantity: 250-499 • Customer Discount % off MSRP: 5.00% Quantity: 500-999 • Customer Discount % off MSRP: 7.00% Quantity 1000+ • Customer Discount % off MSRP: 10.00%	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	See question 58.	*
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Axon generally sells at the sourced party's MSRP. Discounts may be applied on a case-by-case basis.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	All standard costs, such as those for professional services like installation and training, are included in standard pricing.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Freight, shipping and delivery are included in our costs.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight, shipping and delivery are included in our costs.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Axon offers expedited shipping upon request.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	A detailed price list is attached.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Axon utilizes Salesforce as our CRM tool and Microsoft Dynamics AX as our enterprise resource-planning tool. Salesforce has the Sourcewell contract skus built in. A salesperson requesting a quote for a Sourcewell contract must use these skus, and our formal quoting team creates the quote, adding a further layer of review to ensure that the quote is produced correctly. Quarterly, our Sales Operations team runs standard reports to review all prospects that closed during the prior quarter using a cooperative contract. This information is confirmed within our resource planning tool to ensure that any prospects that have closed, but not yet shipped are accounted for. The collected information is used to calculate the administrative fees owed to Sourcewell.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Axon will track the following internal metrics to measure success with the contract: • The number of agencies who utilize the cooperative • The dollar amount of sales associated with the cooperative • The Length of time it takes to update the contract after new products/services are announced by Axon.
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Axon proposes 1.05% on all equipment, products and services to all participating entities.

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	A summary description of the offered products is included as a response to this question. Detailed solution descriptions for each product have been included as attachments. Capturing Evidence Axon Body 4 The Axon Body 4 camera is designed to capture clear, admissible video and audio evidence when an officer is in the field. The camera has four configurable resolutions from 480p to 1440p and leverages low-light and clear frame technology to capture high-quality video evidence in a variety of environments. Four-built in microphones, strategically placed inside the camera, leverage audio algorithms and onboard audio processing to capture high-quality audio recordings. When combined, these elements help officers capture truth in the moment and maintain transparency. The Axon Body 4 camera is compatible with an easily integrated point-of-view camera called the Axon Flex POV module. Without having to register, assign, or charge the accessory before use, an officer can simply plug the Axon Flex POV module into the Axon Body 4 and begin capturing the same quality evidence from a different vantage point. With this accessory, agencies no longer have to decide between deploying a body-worn camera or a point-of-view camera; they can have both. Camera Features and benefits A DURABLE DESIGN that has been tested to meet/pass the Ingress Protection Rating, MIL-STD Defense, and Impact Certified standards, and can withstand impacts and operate in the harshest environments. A LONG-LASTING BATTERY that is capable of providing approximately 14 hours of battery life under normal usage. A LARGE INTERNAL STORAGE CAPACITY of 128 GB to house captured video files A MAGNETIC FAST CHARGE DISCONNECT CABLE that allows officers to rapidly charge their cameras from the patrol vehicle and falls off when they need to

leave the vehicle at a moment's notice.

AN INTEGRATED AND EASY-TO-USE MOUNTING SYSTEM that allows officers to quickly mount their cameras to various locations on the body and across different uniform types and equipment, such as helmets and belts.

EMBEDDED REAL-TIME AWARENESS TECHNOLOGY via Axon Respond, which allows the camera to send notifications and alerts, GPS and Wi-Fi location information, and a secure livestream feed over an LTE connection to Axon Evidence or a mobile application. This includes future support for bi-directional communication in the field.

INTEGRATED AXON SIGNAL TECHNOLOGY that activates cameras if an action is taken, such as a firearm being removed from a holster equipped with Axon Signal Sidearm.

A CONFIGURABLE PRE-EVENT BUFFER that can capture up to two minutes of video before the camera is actively recording.

AN IN-FIELD EVIDENCE OFFLOAD OPTION that allows officers to send individual pieces of evidence directly from the camera to Axon Evidence.

Axon Body 3

The Axon Body 3 camera is designed to capture clear, admissible video and audio evidence when an officer is in the field. The camera has four configurable resolutions from 480p to 1080p and leverages low-light and clear frame technology to capture high-quality video evidence in a variety of environments. Four built-in microphones, strategically placed inside the camera, leverage audio algorithms and onboard audio processing to capture high-quality audio recordings. When combined, these elements help officers capture truth in the moment and maintain transparency in the field.

AB3 Features and benefits

A DURABLE DESIGN that has been tested to meet/pass the Ingress Protection Rating, MIL-STD Defense, and Impact Certified standards, and can withstand impacts and operate in the harshest environments.

AN INTEGRATED AND EASY-TO-USE MOUNTING SYSTEM that allows officers to quickly mount their cameras to various locations on the body and across different uniform types and equipment, such as helmets and belts.

EMBEDDED REAL-TIME AWARENESS TECHNOLOGY via Axon Respond, which allows the camera to send notifications and alerts, GPS and Wi-Fi location information, and a secure livestream feed over an LTE connection to Axon Evidence or a mobile application.

INTEGRATED AXON SIGNAL TECHNOLOGY that activates cameras if an action is taken, such as TASER being armed.

A LONG-LASTING BATTERY that is capable of providing 12 hours of battery life under normal usage.

A MOBILE CHARGING OPTION that allows officers to charge the camera from their patrol vehicle via a USB-C cable.

A CONFIGURABLE PRE-EVENT BUFFER that can capture up to two minutes of video before the camera is actively recording.

AN IN-FIELD EVIDENCE OFFLOAD OPTION that allows officers to send individual pieces of evidence directly from the camera to Axon Evidence.

Fleet 3 with ALPR

Axon Fleet 3 is an in-car video system purpose-built to capture audio and video within and outside of the vehicle. Axon Fleet 3 offers comprehensive evidence capture so that incidents are accurately documented. Evidence captured by the system is stored on the Axon Hub and offloaded to Axon Evidence via LTE or Wi-Fi connections.

The system features Automatic License Plate Recognition (ALPR) technology that is integrated into the same camera housing to quickly gather information tied to plate reads. The hardware for ALPR is included, and THE CITY can request activation of the ALPR service in the future if desired.

Features and Benefits

A DURABLE DESIGN that has been tested to meet/pass the Ingress Protection Rating, MIL-STD Defense, and Impact Certified standards, and can withstand impacts and operate in a range of temperatures.

CONTINUOUS SYSTEM POWER FROM THE PATROL VEHICLE'S ENGINE that keeps the system running while the ignition is switched on.

BACK UP BATTERY POWER for up to 30 minutes once the ignition is switched off.

A BUILT-IN ALPR CAMERA with 4K sensors to help legibly capture license plates up to 3 lanes away and ~50 feet in distance, at a closing speed of ~140 MPH.

A CONFIGURABLE PRE-EVENT BUFFER that can capture up to two minutes of video before the camera is actively recording.

EMBEDDED REAL-TIME AWARENESS TECHNOLOGY that allows the camera to send notifications and alerts, GPS and Wi-Fi location information, and a livestream feed over an LTE connection to Axon Evidence or a mobile application.

EMBEDDED AXON SIGNAL TECHNOLOGY tied to configurable triggers that

activate cameras if a particular action is taken—like a door being opened or a weapon rack being unlocked, as well as connectivity with the Axon BWCs. VIDEO RECALL FEATURE that allows for recovery of 24 hours of video footage if a device was not recording at the time of an incident.

Axon Signal Sidearm

Axon Signal Sidearm is a smart sensor that attaches to a firearm holster to remotely activate Axon body-worn and in-car cameras. When a firearm is removed from the holster, the Axon Signal Sidearm device transmits a signal for up to 30 seconds to activate Axon cameras up to 100 feet away. The device can be configured to activate recordings of Axon body-worn cameras or Axon Fleet in-car cameras, leading to better coverage of critical events.

Axon Respond+

Axon Respond enables remote personnel to quickly gain insight into a call-for-service or an officer's whereabouts. By simply signing into Axon Evidence or the Axon Respond mobile application, users can use the Axon Respond Map to view the real time location of officers wearing the Axon Body 4 or vehicles equipped with the Fleet in-car cameras, as well as receive live alerts and notifications.

This solution is provided anytime LTE connectivity is available. If an agency elects to upgrade to Axon Respond+, video can also be live streamed from the LTE enabled cameras. When livestreaming begins, the officer will be notified via audible and haptic (vibration) feedback and visually by an icon on the display. If stealth is enabled, the officer will not be notified.

Video and audio are livestreamed via WebRTC (Web Real-Time Communication) protocol, with media secured using SRTP (Secure Real-Time Transport Protocol), and encryption keys agreed upon using DTLS (Datagram Transport Layer Security). All are industry standards. Today, livestreaming uses AVC (h.264) for video encoding and G.711 μ -law for audio. Axon Body 4 bi-directional voice communications are encoded with Opus. Livestreams consume 800kbps-1Mbps.

A new "Watch Me" button on Axon Body 4 devices empowers officers to signal for an additional set of eyes to watch their back when responding to calls. When an officer presses this button, Axon Respond users receive a notification within moments so they can immediately support the officer. This enables supervisors and dispatchers to prioritize which officers can most benefit from additional support.

A new Voice Communication functionality is also available on Axon Body 4 devices. After starting a livestream on Axon Respond, Respond users then have the ability to start a conversation with the device wearer by pressing the "Start Call" button. The Respond viewer can then communicate with the officer by our "push-to-talk" feature. The device wearer can hands-free talk back to the Respond viewer. This feature supplies officers and supervisors with a communication method through Axon Respond.

These capabilities make it possible for those not on scene to gather better intel and help officers in the field as situations change. Whether checking in on a responding officer or sharing tactical advice during a critical event, Axon Respond gives your agency access to information in the moment.

Axon Community Request+

Axon Community Request is a tool built to securely request evidence from community members for ingestion into Axon Evidence. Axon Community Request can be used by officers in the field to collect video and audio evidence from witness or victim cell phones, or from surveillance video. Community members can then access the portal link and upload any evidence they have related to the incident in question, greatly simplifying the evidence collection process.

Axon Interview Room

Axon Interview is an interview system designed to reliably record and protect evidentiary footage throughout the interview process. Axon Interview includes both hardware and software components that are integrated together to simplify interview workflows. A standard Axon Interview setup can include one or two cameras per room, a microphone, and camera enclosures. Two servers, touch panels, and power over ethernet (POE) switches are also a part of a standard solution setup.

Axon Device Manager

The Axon Device Manager mobile application assists agencies deploying large numbers of devices by enabling administrators to complete device management tasks for one or multiple Axon devices in seconds. Axon Device Manager transforms device management processes by starting with the devices themselves, instead of an inventory search and armory or storage room visit.

Managing Evidence

Axon Evidence

Axon Evidence is a scalable, cloud-based Digital Evidence/Asset Management System (DEMS), which stores all digital evidence in a centralized, secure system.

Axon Evidence integrates with the entire Axon Ecosystem of devices and applications, so your personnel can use its suite of features to easily store, organize, and view evidence.

Axon Evidence includes easy-to-use case-building tools and sharing workflows that allow users to build cases out of the evidence stored in the system. Once built, these cases can then be shared across your agency and with prosecuting partners in other agencies and jurisdictions.

Axon focuses on creating solutions to solve the complex challenges of digital evidence management. Rather than focusing solely on the camera or "capture" aspect, Axon looks at the bigger picture, considering the costs of ingesting, managing, retrieving, and sharing the data or the "capture to courtroom" workflow. We pay close attention to how officers interact with the application, as we believe it should conform to the needs of law enforcement and never the other way around. After years of collecting feedback and listening to input from law enforcement, Axon created the Digital Evidence Workflow (DEW) framework. The DEW Framework was designed to help agencies make sense of complicated and complex systems and highlight areas where they could improve their efficiency and effectiveness. The Axon Evidence digital evidence management solution was designed to align with and simplify this workflow.

Axon Evidence automatically integrates with all Axon solutions including TASER CEWs, Axon Fleet, and Axon body-worn cameras. Axon Evidence also has manual bulk upload capabilities to ingest and manage many other forms of digital evidence. Axon Evidence is a true end-to-end solution providing the application and the infrastructure required to run it. With Axon Evidence, all you need to access your evidentiary information is an internet connection and a standard web browser.

Axon Evidence can ingest assets from multiple sources, manage them simply with configurable metadata fields, retrieve them with an advanced search engine, automate access control and retention with intelligent workflow features, redact videos using powerful tools for FOIA requests, and collaborate effortlessly with other stakeholders using secure sharing features. Unlimited storage

Our Axon OSP package includes unlimited storage for all evidence—including Axon-generated footage, third-party footage, and anything else that can be stored in Axon Evidence. With unlimited storage, your agency will be equipped to make Axon Evidence your single destination for storage of your most critical evidence, without having to worry about storage overages or additional fees.

Third-party video support

The Axon Evidence third-party video playback feature automatically converts and plays videos not supported by the default video player. Officers and investigators will save time when ingesting video of a non-standard file type, as the feature automatically converts and plays more than 1,000 file types and their variations, with new file types added regularly and directly from customer requests.

Auto-transcribe

Axon Auto-Transcribe is a tool in Axon Evidence made up of two modules: Review Assistant and Transcription Assistant. Investigators can use Review Assistant to accelerate their review of evidence by generating a searchable, time-synced transcript of the evidence's audio. This allows a user to click on a word spoken in the evidence file and be immediately taken to that point of the video. Transcription Assistant generates a transcript of an entire video via AI. An investigator can use Transcription Assistant to speed up the process of creating a transcript by correcting any errors in the AI-generated transcript, rather than typing a transcript from scratch.

Auto-tagging

The Auto-Tagging service takes information directly from your CAD or RMS solution and correlates it with the associated videos stored in Axon Evidence. Your officers will no longer need to manually tag their body-worn and in-car camera recordings or double-check manual entries for errors. Administrators can rest easy knowing that the metadata from your CAD and RMS systems are correlated via auto-tagging with custom retention categories in Axon Evidence, making proper evidence retention simple.

Axon Records

Axon Records is a cloud-based database application, that is intended to help improve incident reporting based on customized forms and automation tools. Axon Records is fully integrated with Axon Evidence, as well as other devices in the Axon Ecosystem, such as body-worn cameras and TASER energy weapons.

Axon Records is designed to make report writing more efficient, and submission and review processes faster, by generating information from the Axon Ecosystem of connected devices and software. Direct access to Axon Evidence allows users to seamlessly attach digital evidence from TASER devices, cameras, and citizen smartphones to an incident. Axon Records reports are collaborative in nature and can be shared with involved officers, partner agencies, and prosecutors. Cases developed in Axon Records are automatically created in Axon Evidence.

With this connectivity, agencies can access agency-wide data that can be reviewed and imported into Axon Records' reporting modules, thus offering improved efficiency, and helping to ease your administrative burden.

Axon Investigate

Axon Investigate is a forensic platform for everything video related, with a trackable set of tools which allow users to quickly overcome challenges seen with modern video and multimedia evidence streams. Users can easily convert files to playable formats in bulk and manage multiple video sources in a single project. Additionally, the tools in Axon Investigate Pro assist with video analysis, including multi-clip time syncing and stitching, video enhancement, narrative report creation, and court demonstratives. To accomplish these goals, Axon Investigate uses workflows—a combined set of processing steps—to forensically interrogate the media files.

Improving Performance

Axon Performance

Axon Performance is a module within Axon Evidence that provides two capabilities: reviewing individual evidence entries and managing overall performance. Axon Performance is designed to reduce the amount of time field supervisors spend reviewing compliance with agency policies and programs. With Axon Performance, agencies streamline the supervisor review and enable supervisors to deliver tailored personnel training and feedback to ensure that teams are operating within agency guidelines and policies.

While using Axon Performance, supervisors or managerial-level staff can review electronic evidence, leave feedback on findings to be added to the Audit Report, and add inspection notes all within the Review pane.

As shown below, Axon Performance provides an easy-to-use interface to review video and mark pre-defined items, as well as enter more descriptive notes.

Axon Performance allows supervisors or managerial-level staff to review their agency's body-worn camera, Fleet and TASER metrics.

Not only can Axon Performance help an agency adhere to policies and programs currently in place, but they can leverage the technology to identify gaps in performance and evidence management. By gathering this information, your agency can work to train and improve an officer's skill set.

Axon Standards

Axon Standards is an internal affairs tool in Axon Evidence that assists with report writing and tracking of officer-involved events such as use-of-force, injury, or pursuit incidents. Supervisors, Professional Standards, or Internal Affairs (IA) units can streamline their report writing duties by having direct access to any associated digital evidence and take advantage of predictive typing, task delegation, and data management features. System administrators can create custom forms specific to an agency's policies, design routing and approval processes to match your workflows, and create automated alerts so that reports are not bottlenecked for review.

With Axon Standards, users can also access interactive reports to help provide data-driven insights and quicker investigative outcomes. These reports can help supervisors and leaders in the chain of command to thoroughly investigate staff-involved incidents, ultimately leading to better transparency amongst the community

Axon My90

My90 is a comprehensive engagement tool that helps law enforcement leaders conduct surveys, capture data, and display the results. My90 collects, de-identifies, and aggregates the survey responses to identify trends, surface positive feedback, and find specific opportunities for improvement. My90's offers three types of surveys:

- POST-CONTACT SURVEYS – Text or web-based surveys automatically sent to 911 callers to evaluate their interaction with officers
- COMMUNITY SURVEYS – Sent to the general population either in-person or online using QR codes and URLs to gauge community-wide sentiments
- EMPLOYEE SURVEYS – Short "pulse surveys" sent to agency staff via text message, email, and the web to evaluate morale or staff burnout
-

Training

Axon Virtual Reality

Axon Virtual Reality (VR) Training is an immersive training program that uses virtual reality hardware and software to enhance officer performance, critical thinking, and de-escalation skills. The solution is fully wireless and is made up of VR headsets, controllers, tablets, and integrated software.

Axon VR Training allows training at the station or a remote location, with its quick set-up experience and minimal amount of hardware. The solution has a small form factor, meaning there is no longer a need for a training room dedicated to housing cameras, truss systems, backpacks, or computers. Axon VR Training is very portable, and no complex room calibration is required.

The innovative Axon VR Training software is comprised of three core elements: Community Engagement Training, Simulator Training, and Axon Academy.

70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	For video surveillance, our products generally fall into the categories of: - Body-worn cameras - In-vehicle camera solutions - Interview Room solutions - Digital Evidence Management Systems	*
----	--	--	---

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments	
71	Portable and mobile video camera and recording solutions, such as body-worn, in-car, and equipment-mounted devices.	☒ Yes ☐ No	Axon's offer includes the Axon Body 3 and Axon Body 4 body-worn cameras, as well as the Axon Fleet 3 in-vehicle camera solution. These products, and the mounts below, are described in answer 69 and detailed product sheets are attached. The Axon Body 3 and 4 cameras are self-contained audio-visual unit with no external wires. The cameras utilize a proprietary mounting system, allowing it to fully attach or detach from a mount in less than one second. Whether officers decide to mount their devices on a shirt, patrol vest, jacket, or belt, our easy-to-use mounting system—which includes an attachment piece built into the back of the device and an attachment receiver built into each mount—allows them to simply attach and lock the camera in a desired place and position. Officers can easily remove and securely remount the camera as needed and no alteration to uniforms is necessary for most mounts. Having multiple mounting options that attach to a variety of uniforms and clothing types can be both beneficial and convenient. Axon provides both low-retention mounts that are easy to maneuver and breakaway, as well as high-retention models that become an integral part of the uniform. With either option, officers can leverage our secure mounting system with RapidLock technology to help capture truth. The camera's magnetic mounts are strong enough to hold the devices in place while running or fighting. To mitigate the jostling and bouncing that might happen during a foot pursuit or a physical altercation, Axon camera mounts are designed to fit on the centerline or above the beltline of the user to benefit from the human body's own mechanics for absorption of impact and energy.	*
72	Permanently mounted or installed video camera and recording solutions designed for all law enforcement, school resource officers, corrections, first responders, and emergency medical services.	☒ Yes ☐ No	Axon Interview is an interview system designed to reliably record and protect evidentiary footage throughout the interview process. Axon Interview includes both hardware and software components that are integrated together to simplify interview workflows. A standard Axon Interview setup can include one or two	

		cameras per room, a microphone, and camera enclosures. Two servers, touch panels, and power over ethernet (POE) switches are also a part of a standard solution setup. Axon can build custom interview rooms to meet your specific needs. Available options include: - Overt and Covert Cameras - Covert Camera Enclosures - Microphones - Physical or Virtual Recording Servers - Touch Panels - Software application for workstations - POE Switches - Point-to-zoom cameras - In-room remote viewing indicator lights - Motion-detector camera activation - Button-Push / Toggle switch camera activation Detectives responsible for conducting interviews will have access to an easy-to-use solution that will reliably capture crucial statements and important body language. This evidence can then be reviewed later and used when building a case. The system is controlled with touch panels that are pre-installed with Axon Interview software. With a simple tap of the screen, detectives can start an interview from either inside or outside of the interview room. The touch panel also unlocks time-saving workflows that can be leveraged during an interview—such as metadata entry to make evidence management easier, audio/video masking to protect individual privacy, note-taking tools, and bookmarking features to flag points of interest in an interview for later review. Additionally, command staff or other personnel can keep track of interviews as they happen through Axon Interview's Live Streaming application. The personnel can view multiple rooms at once and add notes and markers to an interview in progress. For security, access to interview rooms via livestream can be password protected. Features and benefits REDUNDANT ON-PREMISE STORAGE SERVERS to prevent the loss of critical evidence if a connectivity issue were to occur prior to uploading to the cloud A CONTINUOUS RECORDING BUFFER that temporarily stores audio and video to local servers, which allows agencies to retrieve evidence if a user forgot to start a recording A SECURE EVIDENCE UPLOAD PROCESS TO AXON EVIDENCE that protects the chain of custody and offers cloud-based storage	*
--	--	---	---

73	Video capable threat and weapons detection.	☒ Yes ☐ No	The Fleet 3 in-vehicle camera solution offers integrated Automatic License Plate Recognition technology. This technology can be used in combination with pre-defined criteria to alert based on a number of factors, such as a vehicle being stolen, or as part of an active search.	*
74	Related equipment complementary to the offering of the solutions in 71-73 above, including automated activation devices, lasers, monitors, recorders, microphones, and transmitters.	☒ Yes ☐ No	Axon Signal technology utilizes Bluetooth to activate nearby cameras in certain situations. This can be based on activating a TASER, withdrawing a weapon armed with Axon Signal Sidearm, and a variety of 12-volt signals in the vehicle, including, for example, activating sirens, a crash, or opening doors. Certain Axon Interview cameras can be configured to activate based on motion.	*

75	Technology, data storage, advanced analytics, redaction, and management software solutions and applications for self-hosted, cloud-based, and hybrid systems that are complementary to the offering of the solutions in 71-73 above.	☒ Yes ☐ No	Axon Evidence is a scalable, cloud-based Digital Evidence/Asset Management System (DEMS), which stores all digital evidence in a centralized, secure system. Axon Evidence integrates with the entire Axon Ecosystem of devices and applications, so your personnel can use its suite of features to easily store, organize, and view evidence. Please see the attached solution description for detailed information on Axon Evidence. Axon Evidence includes easy-to-use case-building tools and sharing workflows that allow users to build cases out of the evidence stored in the system. Once built, these cases can then be shared across your agency and with prosecuting partners in other agencies and jurisdictions. Axon focuses on creating solutions to solve the complex challenges of digital evidence management. Rather than focusing solely on the camera or "capture" aspect, Axon looks at the bigger picture, considering the costs of ingesting, managing, retrieving, and sharing the data or the "capture to courtroom" workflow. We pay close attention to how officers interact with the application, as we believe it should conform to the needs of law enforcement and never the other way around. After years of collecting feedback and listening to input from law enforcement, Axon created the Digital Evidence Workflow (DEW) framework. The DEW Framework was designed to help agencies make sense of complicated and complex systems and highlight areas where they could improve their efficiency and effectiveness. The Axon Evidence digital evidence management solution was designed to align with and simplify this workflow. Axon Evidence automatically integrates with all Axon solutions including TASER CEWs, Axon Fleet, and Axon body-worn cameras. Axon Evidence also has manual bulk upload capabilities to ingest and manage many other forms of digital evidence. Axon Evidence is a true end-to-end solution providing the application and the infrastructure required to run it. With Axon Evidence, all you need to access your evidentiary information is an internet connection and a standard web browser. Axon Evidence can ingest assets from multiple sources, manage them simply with configurable metadata fields, retrieve them with an advanced search engine, automate access control and retention with intelligent workflow features, redact videos using powerful tools for FOIA requests, and collaborate effortlessly with other stakeholders using secure sharing features.
----	--	--	---

76	Accessories complementary to the offering above, including docking stations, chargers, memory cards, cables, adapters, clips, mounts, batteries, holsters, and harnesses.	☒ Yes ☐ No	Docking stations The Axon Body 3 cameras are compatible with two types of docks—an 8-bay Dock and a 1-bay Dock. Each dock is designed to charge the camera or cameras, and provide a connection to our DEMS, Axon Evidence, to securely upload evidence and receive the newest operating system updates or configuration changes. Please see the attached Axon Body 3 and Axon Body 4 solution descriptions for a images and specifications. Each dock function as an Ethernet adapter, an unmanaged network switch, and charger. All Axon Body 3 cameras are compatible with any Axon Body 3 Dock. All that is required to install an Axon Body 3 Dock, is the supplied Ethernet cable, an active internet port that connects to your network, and the included power cord. Upload rates average 30 MBPS withing a dock. Each time the Axon Body 3 camera is docked, the time is automatically checked and reset. The dates and timestamps sync with the atomic clocks at the National Institute of Standards and Technology (NIST) and cannot be altered, which protects the chain of custody. The timestamp can be displayed in local or UTC. Axon also provides an option for Wall Mount Brackets, which were designed to minimize the device-storage footprint, as well as provide easy access to your device(s). The docks are typically mounted at an angle to help keep devices connected and operating lights visible. Mounts The Axon Body 3 camera is a self-contained audio-visual unit with no external wires. The camera utilizes a proprietary mounting system, allowing it to fully attach or detach from a mount in less than one second. Please see the attached Axon Body 3 and Axon Body 4 solution descriptions for a detailed list with images of all mounting options. Whether your officers decide to mount their devices on a shirt, patrol vest, jacket, or belt, our easy-to-use mounting system—which includes an attachment piece built into the back of the device and an attachment receiver built into each mount—allows them to simply attach and lock the camera in a desired place and position. Officers can easily remove and securely remount the camera as needed and no alteration to uniforms is necessary for most mounts. Having multiple mounting options that attach to a variety of uniforms and clothing types can be both beneficial and convenient. Axon provides both low-retention mounts that are easy to maneuver and breakaway, as well as high-retention models that become an integral part of the uniform. With
----	---	--	---

			either option, officers can leverage our secure mounting system with RapidLock technology to help capture truth. The camera's magnetic mounts are strong enough to hold the devices in place while running or fighting. To mitigate the jostling and bouncing that might happen during a foot pursuit or a physical altercation, Axon camera mounts are designed to fit on the centerline or above the beltline of the user to benefit from the human body's own mechanics for absorption of impact and energy. Axon Body 4 Point of View Module The Axon Body 4 camera offers an easily integrated point-of-view camera called the Axon Flex POV Accessory. The Flex POV module does not require charging or offload. When a Flex POV module is connected, Axon Body 4 will buffer and record from the POV module perspective. When the POV module is disconnected, Axon Body 4 will automatically switch back to the Body Worn Camera perspective. When a Flex POV module is connected to a user's camera for the first time, Axon Body 4 will prompt the user to set the POV orientation. The orientation of the POV module can be determined using the letter on the top of the POV module when mounted. Once set, orientation can be updated using the camera menu. Axon Body 4 Quick Disconnect Charger While the Axon Dock is the primary means of charging, the Axon cameras can be charged by any electrical charger with a USB connector. The Axon Body 4 uses a USB 3.0, Type-C receptacle. This flexibility allows an officer to charge a camera from any location with a USB-compatible power source. The Axon Body 4 also includes a magnetic disconnect charger for additional ease of charging.	
77	Services complementary to the offering above, including training, installation, and administration of warranty programs.	☒ Yes ☐ No	A successful program depends on the ease of implementation and the experience of the deployment team. Axon's Professional Services (PSO) team includes experienced professionals who have completed hundreds of deployments covering hundreds of thousands of cameras, as well as the supporting evidence management systems. Axon's PSO, data migration, training and Fleet installation teams have extensive experience helping agencies of all sizes implement their body-worn and in-car camera programs. By offering dynamic deployment plans, experienced deployment teams, and a solution developed in-house specifically for public safety, Axon is uniquely positioned to provide customers with an effective deployment, training, and	

support experience.

With Axon, customers receive a full solution, mitigating the project and support risks associated with having multiple, different suppliers. Axon has the manufacturing capability, financial capacity and skilled and available workforce to ensure that a program is successful. Our reputation for going above and beyond to ensure that our customers are not only satisfied, but successful with our products is well known throughout the industry, and we invite all customers to validate this with objective resources.

By having our staff complete installations, customers can expect project alignment, with end users gaining a more complete picture of the features and functionality of the solutions. Our PSO team is trained specifically to install our proprietary solutions, meaning customers will benefit from having installers with the most up-to-date product information, product training, and installation techniques.

Many of our PSO implementation specialists joined Axon directly from law enforcement and were responsible for planning and managing similar projects in their former law enforcement roles. This real-world experience is an invaluable resource and allows them to predict and overcome potential challenges as well as effectively collaborate with command and IT staff. Our staff can also offer guidance on custom workflows and processes to help use your body-worn and in-car cameras and DEMS effectively and in compliance with local laws and statutes.

When selecting a solution, it is worth considering whether the hardware and software were built from company acquisitions or developed by the same engineers who support it today. The proposed body-worn and in-car camera hardware and DEMS software were designed and maintained by Axon's in-house engineers, allowing our teams to easily pass on feedback for feature requests as programs progress. Our U.S.-based Technical Support team can engage directly with our in-house engineers for advanced troubleshooting if the need arises.

At the beginning of each program, we meet with customers to define requirements and outline a project schedule.

Our programs typically include items required to:

- Migrate your existing data;
- Establish integrations with your current platforms as defined in the requirements;
- Build and deliver your solutions;
- Configure all body-worn camera LTE sim cards, establishing them on the appropriate carrier networks, and

managing all body-worn LTE data plans.

Create your initial configuration in Axon Evidence;

Train your administrators;

Install your in-car cameras and,

Provide long term support.

Deployments are led by Axon's PSO team, who will begin by reviewing the proposed project plan with designated point of contact. Axon's PSO team will coordinate direction with this point of contact throughout the project to accomplish the tasks necessary for a smooth, successful implementation. During the implementation kick-off calls, our resources will work collectively to refine the plan, and define a final schedule.

These initial discussions will set expectations for deployment timing and staffing. Administrator guides, networking information, and other critical solution information will be provided to your program point of contact to assist with planning. Axon's PSO team will also evaluate the project for proper scoping and follow-up to obtain additional information if necessary prior to on-site services. This may include information on network specifications/bandwidth, CAD/RMS integration, desired offload method, and other system information that may require involvement from your network administrators or IT team. It is important to agree on a solid plan at the beginning of the program, as well as to set the policies that will guide how data is migrated and establish the rules that will be used to configure the systems.

The resulting plan will be documented and shared with each member of the team, providing the structure to successfully complete your project implementations.

Having your policies in place before deployment begins helps to streamline the go-live process and ensures officers are prepared to use the system as soon as possible. Additionally, necessary categories in Axon Evidence should be considered, as they determine evidence retention. Categories are completely customizable to meet your local policies and laws. To ensure proper input and legal compliance, customers should gather the following agency and community stakeholders before building your body-worn and in-car camera policies.

POLICY MAKERS – Stakeholders

such as command staff and community leaders should be included when developing body-worn and in-car camera policies.

FIELD TRAINING OFFICERS –

Officers who represent the end users of the devices.

EVIDENCE CUSTODIANS –

Including those who will be responsible for digital evidence sharing is key.

LEGAL REPRESENTATIVES –
Including members of the larger legal community can assist with community alignment and buy-in.

Once the proper stakeholders are gathered, Axon's team will collaborate with customer personnel to help draft the policy definitions necessary for the successful use of Axon Evidence.

First, user roles should be considered. User roles and their permissions in Axon Evidence are highly customizable, and our PSO team can assist with the development of custom roles during deployment. Identifying the level of permissions needed (such as the ability to view evidence, share evidence, download evidence, restrict evidence, etc.) for each role is customized. The guides provided by the PSO coordinator during initial planning conversations will help with this task.

When determining necessary custom retention categories, customers should consider consulting State Retention Schedules or other legal guidance. During on-site services, our PSO team can then offer guidance to set up these pre-determined retention categories in Axon Evidence. Having these critical system policies in place prior to deployment will support a quicker, more thorough roll-out.

While the primary Evidence solution will be maintained in the cloud, there can be a number of areas where Axon and customers will need to agree on information technology approaches and requirements.

This primarily includes decisions related to LTE and Wi-Fi uploads, networking permissions for body-worn camera docks, and offload methods for the Fleet 3 system.

These discussions will happen early in the program, allowing Axon to finalize details of the implementation plan, including configuration and installation requirements.

For customers with existing DEMS, Axon will help define a migration strategy. Axon Evidence is designed to be highly configurable, and supports the creation of both free-text metadata (tags) and customer-defined metadata fields. The flexibility of Axon Evidence ensures customers get the information they need that is most effective for searching, while at the same time standardizing their terminology over time. This supports greater efficiency, less re-training, and ultimately greater organizational value.

Every system your agency uses may be organized a little differently. For example, in your in-car video management system, you may

classify evidence as "Evidence Type" whereas in your CCTV system you may classify evidence as "Offense". Axon's migration process allows customers to visualize and map out how they want this information to appear in Axon Evidence. Axon will work with customers to design a metadata mapping schema for Axon Evidence based on the metadata tags and fields from the legacy system. Based on this mapping schema, an Axon Field engineer will use our automated tools to map the desired metadata to fields, pre-append any audit information into Axon Evidence audit logs and upload the assets with this information populated in Axon Evidence. Axon will demonstrate this migration in a test environment for customers to review and sign off that the data is uploaded and organized as desired. Ingesting and pre-appending the audit trail for each piece of evidence maintains full evidentiary integrity as you migrate systems automatically. This allows Axon Evidence to be a single source of truth detailing the lifespan of your evidence. Upon sign-off, Axon will install the migration tools and initiate upload into the live environment. The upload of historical data will commence after all legacy cameras are decommissioned to ensure that no evidence is lost in the transition.

Training

Training Overview

Axon's training approach is aligned with the overall coordination of the integrated body-worn camera, in-car camera, and digital evidence management solution implementation. Our approach ensures that those responsible for administering the digital evidence ecosystem, as well as those responsible for using our systems and devices, have multiple options for initial and recurring training.

We will provide initial training, as well as access to the on-line Axon Academy for refresher training, and future training of new users. Axon is highly flexible with our training options, and can adjust courses and approaches as needed based on discussions in the project planning phase.

Training is largely centered around the types of users and devices, focusing on those with administrative responsibility, in house trainers, detectives, redaction technicians, body-worn camera users and Fleet users. Our proposed training is outlined below.

Training Materials

Our Professional Services team will provide soft copies of User Guides, Axon Quick Start Guides, and Manuals, Axon Evidence

Administrator Reference Guide, Axon Evidence Security Guide, End-to-End Deployment Guide, Implementation Best Practices Guideline, and a Go-Live Checklist.

Additional curriculum and support materials include, but are not limited to:

- Job Aids
- E-Learning Certification Programs
- Video Training Demonstrations
- Software Simulations
- Enrollment for Virtual Classes
- Recordings of Previous Classes and Demonstrations
- Sample Lesson Plans

Key User Training (Train the Trainer)

End users can be trained one by one or in a train-the-trainer style. For a department of the size of Champaign, we advise training an initial subset of key end users. This group will serve several roles, including confirmation of system functionality, performance, and feedback on any localized issues that had not been previously identified. This initial subset of trainees can act in a "train the trainer" capacity for their co-workers and typically become a resource when newer users are activated and require training or assistance.

System Administration Training

System Administrator training typically consists of a session covering custom roles and permissions, retention categories, and other critical Axon Evidence settings.

Additionally, Axon Evidence features will be discussed, including working with evidence, redaction capabilities, case functionality, reporting options, audit trails, and device inventory. Administrators will also learn how to configure items specifically related to Axon Body 3, Axon Fleet 3, Axon Signal, and ALPR.

Each System Administrator training session is generally three to four hours in length and can accommodate up to 10 users.

Axon Evidence User Training

If training for evidence technicians, supervisors, detectives, or redaction technicians is necessary for your program, our team can accommodate those needs. These sessions are customized and will cover portions of Axon Evidence that are central to the job functions of those in attendance.

Recommended Class Structure / Training Plan

Under this project, Axon will provide the following training classes:

- One (1) three-hour Super User (Administrative) Training session (two (2) sessions can be conducted, if needed). There is no limit to the number of attendees for these sessions.
- One (1) three (3) hour Train the Trainer session. There is no limit to the number of attendees for these

sessions.

One (1) one and a half (1.5) hour Evidence Tech Training. There is no limit to the number of attendees for these sessions.

Fleet 3 Training - Generally, end users will be trained on the system when they return to pick up their vehicle after hardware installation is complete. They will be trained on system operation and best practices. This process can be modified if needed; in some larger agencies a group of end users may be trained, who will then train other groups of end users.

The customer trainers would then complete the rollout of the cameras and training to all the officers. The number of classes will vary depending on the size of each department. For customer train the trainer rollout, we recommend a limit of 15 officers per class.

Training is normally conducted at the beginning of a shift so that the officer can begin using the equipment immediately. Having training coincide with deployment reinforces the material taught during training and allows any issues that arise to be addressed by training staff immediately.

While this is our recommended and proposed class structure and curriculum, our approach is flexible and can be modified to meet the needs of the City.

Additional Training Resources and Continued Learning

Our continued learning site, Axon Academy, is your go-to online resource for learning more about your TASER smart weapon, Axon camera, Axon Evidence account, and how each of these components interface with other elements of the Axon ecosystem. Supported by the Police One web infrastructure, Axon Academy is a convenient and secure way of accessing information to help agencies make the most of the Axon Ecosystem of products and digital evidence management software. Within Axon Academy, there are three different ways to learn:

ON-DEMAND E-LEARNING MODULES – Each of these modules address a different element of the Axon Ecosystem and provide a self-paced, individual learning experience whenever is convenient for your users

VIRTUAL TRAINING COURSES – these courses are offered live via the web, and give your users the ability to participate in a class and interact with the instructor

CERTIFICATION PROGRAMS – Our comprehensive certification programs allow learners to pull together a specified list of resources to quantify their knowledge in a particular area (e.g., CEWs, Axon Evidence, Axon cameras).

Training content is developed and maintained by Axon subject matter

experts and supporting documentation is designed to provide a simple and straightforward way of learning about specific topics. The database continues to grow as our product and service offering expands.

Fleet 3 Installation

Axon Fleet 3 significantly reduces the need for bulky and expensive components often seen in traditional in-car solutions. With Axon Fleet 3, customers will benefit from minimally-designed system components such as our integrated cameras built to capture both audio and video, as well as provide integrated ALPR capability. Our sleek hardware and non-obtrusive wiring installation help optimize space within the patrol vehicle and promote an open and safe cabin in which an officer can move about freely and unobstructed. The Axon Fleet 3 in-car system has a small form factor designed to offer a discreet and inconspicuous setup within a variety of vehicles, including civilian, unmarked, and patrol vehicles. Our team will work with customers to identify mounting locations within the vehicle that limit unwanted attention.

Our proposed solution will include all necessary wiring. Axon Fleet 3 has been developed to utilize Power over Ethernet (PoE) connections, which offer both greater connection speed and stability. All wiring will be installed and run underneath the lining of the vehicle or with the shape of the vehicle where possible. Any exposed wire will be secured, mounted, and bundled together to avoid any loose cabling.

During installation, our team will work with customers to determine the best mounting option for Axon Fleet 3 cameras in each vehicle, while keeping practical use and officer safety in mind.

Cameras are typically mounted to the windshield or rear glass with an adhesive and can be removed without permanent damage. The offered Fleet 3 system includes two cameras: the dual view, forward facing camera that includes the ALPR camera, and the interior camera to capture the rear cabin.

The Axon Fleet 3 Dual-View Camera is mounted on a swivel-ball joint that allows the camera to be panned and tilted to ensure objects of interest are within the camera's field of view. It supports 360-degree articulation. An Internal spring provides consistent sensory feedback as a user makes adjustments. The swivel-ball joint has detents that click in place every 22.5 degrees of horizontal rotation (pan) to hold the camera in the desired position.

The Axon Fleet 3 Interior Camera is mounted on an adjusted angle mount that allows the camera to be

tilted up or down to ensure objects of interest are within the camera's field of view. The Interior Mount can be adjusted to capture a comprehensive view of the cabin.

Long Term Support

In our view, a project is not over when a deployment is concluded. The final portion of any Axon delivery is our professional customer support, which starts after deployment concludes and continues for the life of the solution. Axon has included an initial five-year warranty as part of this project.

We have a multi-level approach to service, including our account specific Customer Success Managers, our 24/7 technical support and our Return Merchandise Authorization (RMA) team to help our law enforcement partners have the most successful body-worn, in-car camera and digital evidence management programs possible.

We begin the post-deployment process with a survey that allows all customers to provide feedback directly to Axon leaders, and we provide multiple options for getting help, offering suggestions, or expanding your Axon ecosystem.

Customer Success Manager

We assign a customer success manager (CSM) to your account for the remainder of your contract. Their goal is to support your day-to-day needs, educate you on new features, and help you receive value from your investment. Your CSM will wear multiple hats, from project management to product expert to consultant, and will continually be focused on making the City more efficient and confident in your daily workflows.

As your program develops and progresses, your CSM can take hardware and software feedback and pass it along to our engineers—another benefit of deploying a solution that is serviced by the same engineers who developed it. In fact, many new features have been built directly from such suggestions from our law enforcement partners. They will also work with your sales executive if any further purchases are desired. Your CSM can be reached by phone or email and can be adaptable to your communication preferences.

24/7/365 Technical Support

Our Technical Support team is US-based and offers live phone support 24 hours a day, seven days a week. This is included as part of your investment in the Axon ecosystem and any member of your agency can call; our staff will help anyone with their questions, not just supervisors. A caller is usually talking with one of our support staff within 30 seconds of placing their call. Online, email-based support and remote-location

		troubleshooting are also included. If a technical issue requires advanced troubleshooting or interfacing with our in-house engineers, our Senior Technical Support team (Tier 2) can take over from the Technical Support team (Tier 1). All senior technical support representatives hold certifications from their respective governments for access to CJI. The team currently holds a variety of education and information technology certifications, and many have a background in law enforcement. RMA Process If equipment needs to be returned for repair or warranty work, we make the process as simple and hassle-free as possible. Axon's return material authorization (RMA) request process is housed directly within Axon Evidence, allowing users with appropriate permissions to create repair requests easily. Our US-based RMA team works out of our Scottsdale, AZ headquarters. All returns are initiated, tracked, and managed using the hardware's unique device serial number, which also correlates with warranty status and helps protect evidence integrity if evidence recovery is needed. Axon's RMA process is also integrated with FedEx and return labels are provided at no extra cost.
--	--	--

Table 15: Industry Specific Questions

Line Item	Question	Response *
78	Describe the security features of your proposed solutions in relation to data security.	Axon Evidence, the same application used for managing TASER evidence, is a cloud-based solution that complies with the Federal Bureau of Investigation's Criminal Justice Information Services (CJIS) Security Policy, which sets the minimum-security requirements to provide an acceptable level of assurance to protect the full lifecycle of Criminal Justice Information (CJI). Axon Cloud Services was designed and is operated to ensure that it is compliant with the FBI CJIS Security Policy at both the application and data storage layers. Customers can be assured that their digital data is protected by a robust information security program that is designed to exceed the CJIS security requirements as well as provide protection against current and emerging threats. The Axon CJIS Compliance White paper outlines the specific security policies and practices for Axon Evidence and how they are compliant with the CJIS Security Policy. Read more about Axon's CJIS Compliance program and commitments here. http://www.axon.com/compliance. Axon Evidence offers numerous data security management functions to meet and exceed industry standards for the architecture and security of Axon Evidence. Axon has developed and operates secure software development lifecycle procedures (SDLC). Execution within the SDLC ensures security is evaluated at every phase of development and that quality measures are met. All evidence data is encrypted at rest and in transit. Robust SSL/TLS is implemented for data in transit using TLS 1.2 with a 256-bit connection and Perfect Forward Secrecy. Evidence data stored at rest is encrypted with at least 256-bit AES. The graphic below offers a high-level view of the various layers of security implemented in the CJIS compliant solution. Axon's compliance with a number of security standards in addition to CJIS demonstrate our commitment to providing a trustworthy platform to our customers, and offers a way to understand the controls put in place to secure Axon Evidence and the data you store in it. These additional certifications, compliance measures, and security assurances include: ISO/IEC 27001:2013 Certified - Information Security Management Standards ISO/IEC 27017:2015 Certified - Code of Practice for Information Security Controls

ISO/IEC 27018:2019 Certified - Code of Practice for Protecting Personal Data in the Cloud
 CALEA Standard 17.5.4 Compliant
 HIPAA and HITECH
 AICPA SOC 2 Type 2 Reporting (Applicable only to Axon Evidence)
 Cloud Security Alliance - CSA STAR Attestation (Level Two)
 Cloud Security Alliance - CSA STAR Self-Assessment (Level One)
 Accessibility Conformance Report - WCAG 2.0 & VPAT/Section 508

BWC Security Overview

Law enforcement data is among the most sensitive in the world and, with Axon's robust information security program, we can help keep that data protected at all times. Our latest body-worn camera, Axon Body 3, includes a number of security features that help keep your valuable evidence and other information safe.

Both physical and software approaches ensure the security of data even if the camera is lost or stolen, and help you maintain a proper chain of custody.

Physical Security

SECURED COMPARTMENT – Axon assembles Axon Body 3 cameras with Torx screws, thus preventing access to the storage without proper tools.

EMMC STORAGE (EMBEDDED MULTIMEDIA CARD) – eMMC storage is populated on the circuit board rather than using an SD card. Accessing and reading eMMC is difficult and would require destruction and/or modification of the circuit board. Videos cannot be deleted from the camera. Cameras will not natively mount into a Microsoft Windows operating system like a mass storage device such as a flash drive or external hard drive would.

Software/Firmware Security

NO PARTITION TABLE – The storage media does not have a partition table and will show as an unreadable drive/ card (under any operating system).

ENHANCED VIDEO AUTHENTICITY & INTEGRITY VALIDATION – Authentication and validation checks between the camera and Axon Evidence;

SIGNED COMMANDS – Cryptographic validation of commands sent to the camera from Axon Evidence;

SECURE BOOT – Only trusted, cryptographically signed firmware will run on the camera;

HASH TREE IMPLEMENTATION – Facilitates multiple layers of forensic integrity;

DISK ENCRYPTION – While on the device, evidentiary video is protected from manipulation with AES-XTS 128-bit encryption. Currently AES-128 is acceptable for protection of classified data, up to SECRET, by the US federal government.

Secure Transfer

The Secure Upload Process

Axon cameras are designed to protect and preserve the evidence they capture. The cameras store all video files securely in onboard storage until the files are completely and successfully transferred into the digital evidence management system. All communication between the Axon Body 3 camera and Axon Evidence is conducted over 256-bit AES encryption to safeguard data during transfer.

During offload from the camera to Axon Evidence:

1. The precomputed SHA-2 cryptographic hash tree is located for each video that needs to be uploaded and each SHA-2 hash tree is computed immediately after the corresponding MP4 video finishes recording.
2. The SHA-2 cryptographic hash tree and video metadata are transmitted to Axon Evidence. The MP4 video files are saved securely on Axon Evidence in their original state, as verified by the SHA-2 hash tree function.
3. Upon completion of the upload process, the SHA-2 cryptographic hash tree values are evaluated to detect data corruption of any kind. A contiguous SHA-2 hash is computed after this verification step.
4. Once the hash values and data integrity are verified, the file is confirmed to be uploaded, and the corresponding video files are deleted from the camera. If a transfer is terminated before its video files are fully uploaded, any files not completely uploaded to Axon Evidence will remain on the camera, so that upload can resume the next time the camera is docked or connected.

Loss of power to an Axon camera will not cause data loss or corruption. The devices maintain a suitable amount of backup power to ensure proper shutdown. If a device were to lose power, it would properly close out all incident files (videos) to ensure that no data was lost or corrupted. In the event of sudden and complete power loss, the device will perform a video recovery operation during the next boot process and close out the incident file. The interrupted recording file, as well as any previously recorded files, will be available once power is restored.

79	Describe the data storage, Artificial Intelligence (AI) analytics, and management features and functionality as they relate to your proposed products.	As a cloud-based system, Axon Evidence's architecture is modular, scalable, and extensible. All data is stored in the Evidence instance at a Microsoft Azure data center. Managing the vast amount of digital evidence available to agencies today can be overwhelming. Especially when the burden is on end users to keep evidence organized—no matter the source. This becomes even more difficult when digital evidence is stored in various locations, on different devices, and across many platforms. Axon's unlimited third-party storage plan—which includes storage for both Axon-captured evidence and third-party evidence—offers agencies a modernized approach to digital evidence management that is affordable, convenient, modular, secure and can scale to meet any storage requirements. With unlimited storage, Axon Evidence can be the main source of storage for all digital evidence. You can then easily manage, store, share, receive, and investigate your data all from a single system. To help with the usability of large data volumes, content that has not been viewed or accessed for six months may be moved into archival storage. Archived files are still searchable and can be retrieved with a single click. Interview Room Axon Interview uses a local storage server to temporarily store video before upload to Axon Evidence. This is in place to ensure that no evidence is lost due to communications issues. Axon Body Worn Cameras Axon cameras will never overwrite previously recorded footage. It is not possible to delete or modify any video content on the device; videos are only deleted from the camera once they completely and verifiably upload to the application. This safeguard ensures no video content is accidentally lost or altered. The Axon Body 3 has 64 GB of non-removable storage to house captured video files and the camera's operating system. This is sufficient to hold 11 to 46 hours of recorded video (depending on resolution). The Axon Body 4 has 128 GB of non-removable storage on a solid state eMMC to house captured video files and the camera's operating system. This is sufficient to hold 11 to 103 hours of recorded video (depending on resolution). Axon Performance Axon Performance allows supervisors or managerial-level staff to review their agency's body-worn camera, Fleet and TASER metrics. Not only can Axon Performance help an agency adhere to policies and programs currently in place, but they can leverage the technology to identify gaps in performance and evidence management. By gathering this information, your agency can work to train and improve an officer's skill set. Please see the attached solution overview for more information. Auto-transcription As cases make their way through the justice system, an accurate transcript will be required at some point. Manual transcription typically takes 4-10 times longer to produce than the length of the actual audio, meaning there are often lengthy backlogs and budget constraints, which slow the delivery of admissible evidence. Furthermore, during the transcription process, transcribers are forced to repeatedly listen to potentially disturbing audio to ensure accuracy. To address these issues, Axon's Transcription Assistant offers access to powerful artificial intelligence (AI) and an intuitive user interface (UI) to help make transcribing audio faster and more efficient.
----	--	--

80	Describe how your proposed product(s) or systems integrates with Computer Aided Dispatch, Records Management, Digital Evidence Management, and/or Situational Awareness Systems.	Axon Evidence is a Digital Evidence Management System (DEMS), and a large benefit with Axon is that our full ecosystem of products natively integrates with Axon Evidence. There is never a need to worry about the core integration of evidence collection, storage and management as Axon provides all these capabilities. Axon has a proven integration with situational awareness systems such as RapidSOS and Flock through our Axon Respond API. This API is fully developed and requires no additional work for customers. Generally, the situational awareness systems will begin polling Axon Respond continuously, providing real-time access to officer locations. The location data of both body-worn and Fleet cameras will flow into these systems for visualization on their display. Integration with CAD/RMS Auto-tagging is a feature that categorizes videos based on the correlated event metadata captured by the respective systems. Common data already collected by the CAD or RMS, such Event ID, Event Type, Officer Badge ID, and Dispatched and Cleared Times can be automatically associated with evidence, without the need for manual intervention. Integrating a CAD or RMS system with Axon Evidence will save officers valuable time, because the majority of tags will be automatically added by the system. With auto-tagging, officers simply record videos with Axon body-worn or in-car cameras and upload them. Axon Evidence will use the data from the CAD and RMS solutions to apply the appropriate tags. Officers will still be able to add custom metadata tags in the field. On a regular schedule, customers export a database-printout file to a specific folder from the CAD or RMS software. The printout file format, generally an .xml or .csv, is designed to comply with Axon Evidence requirements for integration. Axon supplies a .NET 4.0 service "Integrator Application" on your server that monitors the selected folder. When the service detects the presence of a printout file, it encrypts the file using AES 256-bit encryption and sends it securely to Axon Evidence. After Axon Evidence confirms receipt of the file, the application deletes the local copy of the file. Axon Evidence decrypts the printout file and parses the data found in the file. Using an algorithm, Axon Evidence determines which evidence file each piece of data applies to and tags those files appropriately. Evidence can be auto-tagged for 72 hours after upload, and then will require manual tagging. When Axon Evidence finishes processing a batch of data received from the CAD/RMS solution, it sends the specified recipients a reporting email that includes summary results of the processing and detailed reports about evidence matched.
----	--	---

81	Describe how your system allows for secured sharing of videos - file sharing systems.	Sharing Evidence Axon Evidence enables users to share content with internal and external stakeholders without the need for additional licenses. This includes other agencies already using Axon Evidence or Axon Justice Premier, as well as external users who do not have Axon Evidence accounts. Sharing with Outside Agency Axon Evidence Users Axon Evidence makes it easy to share evidence and cases with other Axon Evidence agencies, as well as those utilizing our Justice Premier solution for prosecutors and public defenders. Since these external users already have Axon Evidence credentials, shared evidence can be used in the same way as their own digital evidence. After evidence is added to Axon Evidence, a user can simply share the case with any of their trusted partner agencies with Axon Evidence credentials. As users share evidence with partner agencies, the partner agencies will only have access to the data a user has chosen to share via an access list. All unshared data remains completely unavailable. When files are shared with a partner agency, Axon Evidence sends a copy of the files and their associated metadata, which the partner agency can manage independently without affecting the original evidence. Any evidence that is shared is preserved in its original form in the sharer's instance of Axon Evidence. Sharing With Non-Axon Evidence Users A user can share evidence with those who are not Axon Evidence users by emailing a download link to an external email address. Audit Trails, Table of Contents, and Transcripts, an Optional Message and the Duration in days that the share is active, can all be shared with the core evidence. All included documents will be made available via a ZIP folder, which a recipient can access without having to sign into an Axon Evidence account. There are no additional authorizations or licenses required by Axon to share files using this method. However, please note that access can no longer be centrally controlled once it is downloaded locally. Data Export Users cannot modify original videos captured for chain of custody and chain of evidence reasons. If the original content or video evidence is uploaded as an MP4 it will be downloaded as an MP4 for review. Axon does not apply any proprietary formats when files are exported. This applies with any files such as PDF, DOC, AVI, WAV, MP3, AAC, etc. At the time of upload an SHA cryptographic hash function is generated and used to verify the integrity of the content uploaded. This SHA hash is also available at time of download for verification of authenticity.
82	Detail how your system complies with Criminal Justice Information Systems (CJIS) security requirements.	Axon Evidence, the same application used for managing TASER evidence, is a cloud-based solution that complies with the Federal Bureau of Investigation's Criminal Justice Information Services (CJIS) Security Policy, which sets the minimum-security requirements to provide an acceptable level of assurance to protect the full lifecycle of Criminal Justice Information (CJI). Axon Cloud Services was designed and is operated to ensure that it is compliant with the FBI CJIS Security Policy at both the application and data storage layers. Customers can be assured that their digital data is protected by a robust information security program that is designed to exceed the CJIS security requirements as well as provide protection against current and emerging threats. The Axon CJIS Compliance White paper outlines the specific security policies and practices for Axon Evidence and how they are compliant with the CJIS Security Policy. Read more about Axon's CJIS Compliance program and commitments here. http://www.axon.com/compliance.

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.
 2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.
 3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.
 4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
 2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☒ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Kenneth Maum, Senior Proposal Manager, Axon

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

☒ Yes ☐ No

The Bidder acknowledges and agrees that the addendum/addenda below form part of the Bid Document.

**AMENDMENT #1
TO
CONTRACT # 101223-AXN**

THIS AMENDMENT is effective upon the date of the last signature below (Effective Date) by and between **Sourcewell** and **Axon Enterprise, Inc.** (Supplier), collectively referred to as “parties.”

Sourcewell awarded a contract to the Supplier to provide Public Safety Video Surveillance Solutions with Related Equipment, Software and Accessories to Sourcewell and its Participating Entities, effective February 6, 2024, through December 15, 2027 (Contract).

Supplier requested that its Canadian affiliate, Axon Public Safety Canada, Inc., be named as an additional Contract holder.

Therefore, the parties agree that as of the effective date of this Amendment, the named Contract holder “Axon Enterprise, Inc.” in Contract # 101223-AXN will be replaced with “Axon Enterprise, Inc. and it's Canadian affiliate Axon Public Safety Canada, Inc.”

Except as amended by this Amendment, the Contract remains in full force and effect.

**AMENDMENT #2
TO
CONTRACT # 101223-AXN**

THIS AMENDMENT is effective upon the date of the last signature below by and between **Sourcewell** and **Axon Enterprise, Inc.** (Supplier), collectively referred to as “parties.”

Sourcewell awarded a contract to the Supplier to provide Public Safety Video Surveillance Solutions with Related Equipment, Software and Accessories to Sourcewell and its Participating Entities, effective February 6, 2024, through December 15, 2027 (Contract).

On April 28, 2025, the parties signed a Price and Product Change Request (PNP) amendment to expand Supplier’s product range to offer additional configuration choices for existing products.

NOW, THEREFORE, the parties wish to amend the Contract to add certain appendices related to that PNP, which are attached and incorporated into this Amendment, specifically:

- a. Appendix for AI Technology
- b. DEDRONE Product Appendix

Except as amended by this Amendment, the Contract remains in full force and effect.

**AMENDMENT #3
TO
CONTRACT #101223-AXN**

THIS AMENDMENT is effective upon the date of the last signature below by and between **Sourcewell** and **Axon Enterprise, Inc.** (Supplier).

Sourcewell entered into a contract (101233-AXN) with Supplier to provide Public Safety Video Surveillance Solutions with Related Equipment, Software, and Accessories to Sourcewell and its Participating Entities, effective February 6, 2024, through December 15, 2027.

The Parties wish to incorporate further changes into the Contract in order to add additional products and services.

The Parties therefore agree as follows:

The attached and incorporated appendices are hereby replaced in their entirety within the Contract: ALPR Appendix (replacing Axon Fleet Appendix).

Except as amended, the Contract remains in full force and effect.

AXON ALPR APPENDIX

If Axon Fleet 2, Axon Fleet 3, or any future generation of Axon Fleet (collectively, “**Axon Fleet**”) or Axon Outpost or Axon Lightpost (collectively all “ALPR Products”) is included on the Quote, this Appendix applies.

Customer Responsibilities.

1. Customer must ensure its infrastructure and vehicles adhere to the minimum requirements to operate Axon ALPR Products as established by Axon during the qualifier call and on-site assessment at Customer and in any technical qualifying questions. If Customer’s representations are inaccurate, the Quote is subject to change.
2. Customer is responsible for providing a suitable work area for Axon or Axon third-party providers to install Axon ALPR Products into Customer vehicles and/or at designated installation location(s).s Customer is responsible for making available all vehicles for which installation services were purchased and preparing all installation sites, during the agreed upon onsite installation dates, Failure to make vehicles available or prepare installation sites may require an equitable adjustment in fees or schedule.

Third-party Installer. Axon will not be liable for the failure of Axon Fleet, Axon Outpost, or Axon Lightpost hardware to operate per specifications if such failure results from installation not performed by, or as directed by Axon.

1. **Upgrade.** If Customer has no outstanding payment obligations and has purchased the "Fleet Technology Assurance Plan" (Fleet TAP) or “Outpost Technology Assurance Plan” (Outpost TAP) or any lightpost extended warranty or refresh, Axon will provide Customer with the same or like model of applicable Axon Devices included in the applicable TAP ("Axon Upgrade") as scheduled on the Quote.
2. If Customer would like to change models for the Axon Upgrade, Customer must pay the difference between the MSRP for the offered Axon Upgrade and the MSRP for the model desired. The MSRP is the MSRP in effect at the time of the upgrade. Customer is responsible for the removal of previously installed hardware and installation of the Axon Upgrade.
3. Within thirty (30) days of receiving the Axon Upgrade, Customer must return the original Axon Devices to Axon or destroy the Axon Devices and provide a certificate of destruction to Axon, including serial numbers of the destroyed Axon Devices. If Customer does not destroy or return the Axon Devices to Axon, Axon will deactivate the serial numbers for the Axon Devices received by Customer.

Axon Fleet Specific Terms.

1. **Cradlepoint.** If Customer purchases Cradlepoint hardware, software, or services, Customer will comply with Cradlepoint’s end user license agreement. The term of the Cradlepoint license may differ from the Axon Evidence Subscription. If Customer requires Cradlepoint support, Customer will contact Cradlepoint directly. By accepting a Quote including Cradlepoint products, Customer designates and authorizes Axon as its

partner of record for purposes of Cradlepoint product renewals, support coordination, and other relevant functions. This designation applies to all Cradlepoint products acquired by Customer during the Subscription Term of the applicable Quote whether directly from Cradlepoint, through Axon, or through any third-party vendor or distributor. Axon shall have no liability to Customer or any third party arising out of or relating to Axon's acts or omissions as the Partner of Record. Customer has the right to opt out of this authorization at any time by providing prior written notification to both Axon and Cradlepoint. Upon such notification, the designation will be removed. This authorization remains effective until formally removed in accordance with this section or as otherwise agreed between the parties in the Agreement.

2. **Axon Vehicle Software License.** Axon grants Customer a non-exclusive, royalty-free, worldwide, perpetual license to use ViewXL or Dashboard (collectively, "Axon Vehicle Software".) "Use" means storing, loading, installing, or executing Axon Vehicle Software solely for data communication with Axon Devices. The Axon Vehicle Software term begins upon the start of the Axon Evidence Subscription.
3. **Restrictions.** Customer may not: (a) modify, alter, tamper with, repair, or create derivative works of Axon Vehicle Software; (b) reverse engineer, disassemble, or decompile Axon Vehicle Software, apply any process to derive the source code of Axon Vehicle Software, or allow others to do so; (c) access or use Axon Vehicle Software to avoid incurring fees or exceeding usage limits; (d) copy Axon Vehicle Software in whole or part; (e) use trade secret information contained in Axon Vehicle Software; (f) resell, rent, loan or sublicense Axon Vehicle Software; (g) access Axon Vehicle Software to build a competitive device or service or copy any features, functions or graphics of Axon Vehicle Software; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within Axon Vehicle Software.

Axon Outpost Specific Terms.

1. **Outpost License and Permits.** Customers will obtain, maintain all legally required permits, authorizations, and/or licensing in order to place, maintain, and/or remove the Axon Outpost device at the installation location including licenses or permits for fixed installation of poles. If mutually agreed by the parties, Axon or an Axon authorized subcontractor may assist with obtaining the necessary local, state, or Federal approvals before installing Axon Outpost.
2. **Installation.** Customer will adhere to the installation requirements as agreed in the Outpost SOW.

Axon Lightpost Specific Terms.

1. **Ubiquia.** If Customer purchases Lightpost hardware and installation services, any warranties for the hardware are provided exclusively by the third-party manufacturer Ubiquia. All hardware-related support or warranty claims must be directed to the respective third-party provider. Axon is not responsible for servicing or replacing hardware. Axon will provide and support software components in accordance with the applicable Quote.

2. **Installation.** Installation of Axon Lightpost equipment will be performed by a third-party service provider authorized by Axon. Axon does not directly perform installation services.
3. **Power.** Customer agrees to supply a power source, in compliance with Lightpost requirements, at each site where a Lightpost device is installed. The power must be available on a 24-hour, 7 days per week (24/7) basis.

Wireless Offload Server.

1. **License Grant.** Axon grants Customer a non-exclusive, royalty-free, worldwide, perpetual license to use Wireless Offload Server ("**WOS**"). "Use" means storing, loading, installing, or executing WOS solely for data communication with Axon Devices for the number of licenses purchased. The WOS term begins upon the start of the Axon Evidence Subscription.
2. **Restrictions.** Customer may not: (a) modify, alter, tamper with, repair, or create derivative works of WOS; (b) reverse engineer, disassemble, or decompile WOS, apply any process to derive the source code of WOS, or allow others to do so; (c) access or use WOS to avoid incurring fees or exceeding usage limits; (d) copy WOS in whole or part; (e) use trade secret information contained in WOS; (f) resell, rent, loan or sublicense WOS; (g) access WOS to build a competitive device or service or copy any features, functions or graphics of WOS; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within WOS.
3. **Updates.** If Customer purchases WOS maintenance, Axon will make updates and error corrections to WOS ("**WOS Updates**") available electronically via the Internet or media as determined by Axon. Customer is responsible for establishing and maintaining adequate Internet access to receive WOS Updates and maintaining computer equipment necessary for use of WOS. The Quote will detail the maintenance term.

WOS Support. Upon request by Axon, Customer will provide Axon with access to Customer's store and forward servers solely for troubleshooting and maintenance.

1. **Acceptance Checklist.** If Axon provides Services to Customer pursuant to any statement of work in connection with Axon ALPR Products, within seven (7) days of the date on which Customer retrieves Customer's vehicle(s) from the Axon installer or Axon Outpost or Axon Lightpost installation is complete, said ALPR Products having been installed and configured with tested and fully and properly operational hardware and software identified above, Customer will receive a Professional Services Acceptance Checklist to submit to Axon indicating acceptance or denial of said deliverables. In the event Customer does not respond to the Professional Services Acceptance Checklist within seven (7) business days, the installation of the ALPR Products and services shall be deemed accepted.

**AMENDMENT #4
TO
CONTRACT #101223-AXN**

THIS AMENDMENT, effective upon the date of the last signature below, is by and between **Sourcewell** and **Axon Enterprise, Inc.** (Supplier).

Sourcewell entered into a contract (#101223-AXN) with Supplier to provide Public Safety Video Surveillance Solutions with Related Equipment, Software, and Accessories to Sourcewell and its Participating Entities, effective February 6, 2024, through December 15, 2027.

Supplier has requested to update an Appendix to the Contract.

Now Therefore, the Parties agree as follows:

Exhibit A of the Contract is amended to incorporate the following into the Axon Master Services and Purchasing Agreement, Axon Cloud Services Terms of Use Appendix:

1. Carbyne Products and Services

1.1. Privacy Policy. Carbyne Privacy Policy governs the collection, use and disclosure of certain data provided to Axon in connection with Customer's use of the Carbyne products and services. The current policy is located: <https://carbyne.com/app-privacy-policy/> and is incorporated into this Agreement by reference.

1.2. Data Retention and Storage. Unless Customer provides Axon with written instruction otherwise, Axon will retain Customer Content which uploaded to the Carbyne cloud services or which is recorded or stored in the course of your use of the Carbyne products and services, for a period of two years (the period we retain your data referred to as the "Data Retention Period"), provided that Customer acknowledges it is responsible for your compliance with any applicable data retention laws. Customer Content is automatically deleted after the Data Retention Period; however, at any time prior to such deletion, Customer may download Customer Content which has been stored on the Carbyne Cloud Services. Customer is solely responsible for the retention of such data for any applicable retention periods and for the purpose of any subsequent data requests.

1.3. Disclaimer. CUSTOMER ACKNOWLEDGES THE CARBYNE PRODUCTS DO NOT PROVIDE TELEPHONE SERVICES, INTERCONNECTED VOIP SERVICES, OR 911 SERVICES. AXON MAKES NO REPRESENTATION THAT CARBYNE PRODUCTS ARE AN INTERCONNECTED VOIP SERVICE.

2. Prepared Products and Services.

2.1. Prepared product deployment timelines for Prepared products within the Scope of Work (SOW) shall be mutually agreed to by the Parties in the SOW. The initial deployment of Assistive Call Taking (ACT) may take up to 12 months from the execution of the SOW and the service start date listed in the Agreement; deployments of the remaining Prepared products may take up to twenty-four (24) months from the execution of the SOW. Axon must confirm feasibility based on technical requirements for prepared products prior to the execution of the SOW.

2.2. Customers using Solacom (Comtech CHE) call handling equipment in a multi-tenant configuration are not eligible for Prepared ACT or Prepared AQA, as call audio cannot be isolated to a single agency. Such Customers remain eligible for ANET and Assist Dispatch. Customers on Solacom single-tenant configurations are eligible for all Prepared products, subject to SPAN port fees described below.

Except as amended by this Amendment, the Contract remains in full force and effect.

Re: Multi-Year Contract Award – Special Event Permitting Software

Pursuant to NRO : § 5-74/B: A contract that extends from the current fiscal year into succeeding fiscal year(s) in which no funds have been appropriated nor otherwise designated for this purpose shall be approved by the full Board of Aldermen before the contract shall become binding on the City.

The Finance Committee has approved and placed on file the notification of the award of the referenced contract at the September 2, 2026 meeting, and as such, I am requesting the full Board of Aldermen approve the following contract:

Item: Software: Eproval eProfessional event permitting
Value: 39,000 per year
\$117,000 Total
Vendor: Event Approvals, Inc.
Purchasing Memo#: 27-134 dated August 26, 2026
Contract Term: 3 year

Thank you.

RE: Special Events Permitting Software

I am requesting approval to enter into a three-year agreement with Eproval for special events permitting software at an annual cost of \$39,000.

The City's special events permitting process requires coordination among numerous City departments, Police, Fire, and the School District. Applications may require concurrent review of public safety, traffic and road closures, insurance, food service, vendors, tents and structures, alcohol, parking, and other event-specific requirements. The current process relies heavily on separate forms, email communication, and manual coordination between departments. The City has identified the need for a centralized online system that allows applicants to submit and track applications while providing City reviewers with shared access, automated routing, status tracking, document management, and a complete record of approvals and communications.

Eproval is a cloud-based permitting platform specifically designed for complex special event permitting and multi-agency review. The system supports concurrent departmental workflows, applicant and reviewer dashboards, real-time application status, document management, conditional review processes, and cross-department collaboration. These capabilities align with the operational requirements identified by the City for the new special events permitting process.

The procurement was conducted as a sole-source purchase. In reviewing available solutions, the City determined that Eproval provides specialized functionality specifically designed for special event permitting that is not available through traditional land-use, reservation, or registration systems. Eproval's purpose-built workflow supports the concurrent, conditional, and iterative review process required by the City and allows multiple departments and outside agencies to participate in a single application process. Based on these unique capabilities and the City's identified requirements, Eproval was determined to be the appropriate sole-source solution.

OFFICE OF EMERGENCY MANAGEMENT

Nashua
NEW HAMPSHIRE'S GATE CITY

City of Nashua
Office of Emergency Management
38 Lake Street
Nashua, NH 03060

The proposed agreement is for Eproval's eProfessional platform at an annual cost of \$39,000. The annual \$39,000 cost was included in the FY27 Information Technology budget under Technology Maintenance, Account 20.1.555 – 54407 Software Maintenance. The pricing includes two application types, payment and invoicing functionality, scheduled email notifications, an event calendar, implementation and configuration, customer support, single sign-on integration, training, and hosting. With the ability to add additional application types and functionalities in the future.

If you have any questions, please contact me.

Thank you,

Emily Martuscello, CEM

Director, Emergency Management

EPROVAL - SERVICE AGREEMENT - TERMS AND CONDITIONS

- A. EPROVAL provides an application known as eproval which is an application for managing and administering events approvals and permitting as a service delivered over the Internet ("Services") to its Customers as more particularly described in Schedule A. The application underlying the Services is proprietary to EPROVAL.
- B. In conjunction with such Services, EPROVAL also provides Support to its Customers to allow them to use the Service.
- C. Customer desires to obtain such Services from EPROVAL.

1. DEFINITIONS

1.1 "Confidential Information" means any proprietary information relating to the business and technology of either party which is not generally available to third parties and which is treated by the parties, in accordance with their policies and applicable law, as confidential information or a trade secret and specifically includes the Services, either parties business processes, information about either parties customers or users in any manner, shape or form or other like information. For the purposes of this Agreement, a party disclosing Confidential Information is a Discloser and the party receiving Confidential Information is a Recipient. Confidential Information includes but is not limited to Input Data and the nature of the Services for the purposes of this Agreement but does not include information which is:

- (a) at the time of disclosure, or thereafter becomes part of the public domain without any violation of this Agreement by the Recipient;
- (b) already in the Recipient's possession before disclosure of such information to the Recipient by the Discloser;
- (c) following the Effective Date is furnished to the Recipient by a third party without that third party being in breach directly or indirectly of an obligation to the Discloser to keep such information secret confidential and secret;
- (d) developed independently by the Recipient without use of Discloser's Confidential Information as evidenced by reasonably detailed written records; and
- (e) disclosed as required by law.

1.2 "Customer" means City of **Nashua, NH**

1.3 "Effective Date" is the date that the Agreement is signed. It will be the latter date of the signature by EPROVAL or the Customer.

1.4 "Go Live Date" is a date mutually agreed by the Customer and EPROVAL when the Service is used in a live production environment.

1.5 "Input Data" means data inputted by Customer or Users into the Services via the Portal.

1.6 "Portal" means the online permitting website application in which the Services are provided.

1.7 "Renewal Date" is the date for yearly license renewals in subsequent years of the Agreement. It will be the day and month based on the Effective Date.

1.8 "Support" means technical support provided by EPROVAL to Customer relating to Customer's use of the Services, on a remote basis by telephone or e-mail or other electronic means, and optionally at the Customer's site, and is subject to the availability of support personnel and facility infrastructure services. Such support includes problem diagnosis, consultation, dial-in diagnosis services, and problem resolution with the Support levels defined in Schedule B.

1.9 "Users" means the user of the Services as authorized by Customer or who create accounts so they can use the Services.

2. SERVICES

2.1 EPROVAL will provide the Services to Customer in accordance with applicable laws and regulation. EPROVAL will use commercially reasonable efforts to make the Services available 24 hours a day, 7 days a week, except for:

- (a) planned downtime (and EPROVAL will give Customer at least 72 hours notice of such downtime and will attempt to schedule such downtime to the extent practicable during weekend hours from 6:00 p.m. Pacific time Friday to 3:00 a.m. Pacific time Monday), or
- (b) any unavailability caused by circumstances beyond EPROVAL's reasonable control.
- (c) Uptime guarantees of 99% outside of planned maintenance

2.2 EPROVAL will maintain the Services at EPROVAL's in accordance with EPROVAL's development methodology. Additionally, Customer will receive access to EPROVAL regular technology bulletin updates, access to an on-line knowledge base and may participate in training webinars.

2.3 Under no circumstances can Customer allow other commercial entities to access the Services except to the extent commercial entities use the Services as Users. Customer is prohibited from providing or repurposing the Services to other parties in any manner, including as a service bureau or application service provider.

2.4 Customer can make the Services available to as many users as it deems necessary.

2.5 The Customer agrees to not engage in any activity within its control that threatens the security of the Services. It is Customer's own responsibility to:

- (a) provide for its own access to the Internet, arrange for secure Internet access therefore and pay any service fees associated with such access;
- (b) be responsible for the accuracy, quality, integrity and legality of data inputted by Customer which is processed using the Services, including any Confidential Information;
- (c) use commercially reasonable efforts to prevent unauthorized access to or use of the Services to the extent reasonably within Customer's control, and notify EPROVAL promptly of any unauthorized access or use of which it has actual knowledge;
- (d) use the Services only in accordance with any documentation and applicable laws and regulations.

2.6 No other services are provided with the Service unless agreed to otherwise by EPROVAL and the Customer. The Services are provided on a software-as-a-services basis and accordingly as the Standard Offering set out in Schedule A. Any other service (including modifications, improvements, alterations or changes to the Standard Offering) shall be provided in connection with the terms set out in Schedule A and may be provided by written agreement or purchase order.

2.7 Violation of any of the terms of this Agreement or use of the Services in a way that breaches applicable law or regulation in any way entitles either party to terminate this Agreement. In the event of a breach, the non-breaching party will give the other party written notice of such breach. If such breach is not corrected in 30 days the non-breaching party may terminate this Agreement. PLEASE NOTE THAT BOTH PARTIES STRICTLY ENFORCE THIS POLICY AND MAY PROSECUTE ANY VIOLATION OF THIS AGREEMENT TO THE FULLEST EXTENT PERMISSIBLE BY LAW.

3. WARRANTY AND LIMITATION OF LIABILITY

3.1 EPROVAL will exercise due care in providing the Services, and will, at no extra charge to Customer, correct all errors where such errors are due solely to negligence on the part of employees of EPROVAL or deficiencies in the provision of Services. Customer shall make best efforts to call to notify EPROVAL of such errors within a reasonable timeframe.

3.2 EPROVAL will provide to Customer acceptable formats for the information to be inputted by Customer into the Service as Input Data.

3.3 EPROVAL will be responsible for general maintenance of the database underlying the Service (but not for the accuracy or completeness of the Input Data).

3.4 EPROVAL shall maintain backups of its database(s) in a commercially reasonable manner that will allow recovery of data in the event of data loss, damage, or destruction. The Customer will be responsible to maintain, under its care, adequate backup materials that will enable the regeneration of Input Data in the event of loss, damage or destruction thereof (including for example, all records required to be kept by regulation).

3.5 SPECIFIC EXCLUSION OF OTHER WARRANTIES - THE SERVICES ARE PROVIDED "AS IS, WHERE IS". OTHER THAN AS SET OUT SPECIFICALLY AS A WARRANTY IN THIS SECTION 3. EPROVAL DISCLAIMS ALL WARRANTIES WITH RESPECT TO THE SERVICES WHETHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, DURABILITY AND FITNESS FOR A PARTICULAR PURPOSE. NEITHER PARTY IS LIABLE UNDER THIS AGREEMENT FOR ANY INDIRECT, CONSEQUENTIAL, EXEMPLARY, OR INCIDENTAL DAMAGES OR LOSS OF PROFITS RESULTING FROM THE SERVICES (OR ANY THIRD PARTY GOODS OR SERVICES) EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

3.6 Warranty of Title and Ownership - EPROVAL warrants, for the sole benefit of Customer, that it has all rights necessary to provide the Services to Customer. All proprietary and intellectual property rights, title and interest including copyright and trade secret rights in and to anything associated with the Services remains that of EPROVAL. EPROVAL warrants, for the sole benefit of Customer, that the Services do not infringe on third-party rights including intellectual property rights. If there is a breach of this warranty then EPROVAL shall indemnify and hold Customer (and its affiliates and each their elected officials, respective directors, officers, employees and agents) harmless against any claims, damages, expenses, suits and actions arising from or relating to the infringement of intellectual property and proprietary rights of third parties relating to the Services.

4. OWNERSHIP CONFIDENTIALITY AND USE LIMITATION

4.1 Ownership

- (a) Subject to the limited rights expressly granted under this Agreement, EPROVAL reserves all rights, title and interest in and to the Services, including all related intellectual property rights. No rights are granted to Customer under this Agreement other than as expressly set forth with respect to limited rights to use the Services. EPROVAL shall have no ownership interest in Input Data and Customer Confidential Information. EPROVAL shall promptly return all Input Data and Customer Confidential Information to Customer, or its designee, in a format usable by Customer.
- (b) Customer shall not (i) permit any third party to access the Services except as expressly permitted, (ii) create derivative works based on the Services, (iii) copy, frame or mirror any part or content of the Services, other than copying or framing on Customer's own internal non-publicly accessible networks or otherwise for Customer's own internal business purposes, (iv) reverse engineer the Services, or (v) access the Services in order to (a) build a competitive product or service, or (b) copy any features, functions or graphics of the Services.

between EPROVAL and Customer, Customer exclusively owns all rights, title and interest in and to all of Input data or Customer Confidential Information.

4.2 Confidentiality - The following terms apply to Confidential Information and the ownership thereof.

- (a) All Confidential Information is owned by the respective parties. EPROVAL agrees not to use Input Data except when specifically authorized by Customer, and to treat all Customer data as confidential. Customer agrees to maintain the confidentiality of proprietary information identified as such by EPROVAL to the extent allowed by law.
- (b) Except to the extent required by law, neither party will, at any time whether before or after the termination of this Agreement, disclose, furnish, or make accessible to anyone any Confidential Information or permit the occurrence of any of the foregoing.
- (c) Except to the extent required by law, each party will hold in confidence and not disclose any Confidential Information of the other party. All Confidential Information will be maintained in confidence by the Recipient, will not be disclosed to any person or entity in any way except as provided in this Agreement, and will be protected with the same degree of care the Recipient normally uses in the protection of its own confidential and proprietary information, but in no case with any less degree than reasonable care.
- (d) The Confidential Information may be disclosed by the Recipient only to those employees, directors, officers, auditors or consultants of the Recipient having the need to receive such Confidential Information for the purposes of this Agreement, provided the recipients of such Confidential Information are already bound by written confidentiality and non-disclosure obligations similar to those undertaken by the Recipient under this Agreement. The Recipient shall immediately give notice to the Discloser of any unauthorized use or disclosure of the Confidential Information. The Recipient agrees to assist the Discloser in remedying any such unauthorized use or disclosure of Confidential Information.

To the extent the Recipient is required to disclose any Confidential Information pursuant to a valid subpoena or other applicable order by a governmental agency or judicial body or by operation of law, the Recipient will promptly notify the Discloser in writing of the existence, terms and circumstances surrounding such disclosure (except as prohibited by law) so that the Discloser may seek a protective order or other appropriate remedy from the proper authority. The Recipient agrees to reasonably cooperate with the Discloser in seeking such order or remedy at Discloser's cost and expense. The Recipient further agrees that if the Recipient is required to disclose any Confidential Information, the Recipient will furnish only that portion of the Confidential Information that is legally required and will reasonably cooperate with Discloser's efforts to obtain reliable, written assurances that confidential and legally compliant treatment will be accorded to such Confidential Information.

- (e) The obligations of confidence contained herein will survive termination or expiry of this Agreement.

4.3 References - Customer agrees that the fact of its use of the Services may be disclosed to others. Eproval will not use the City trademarks, logo or statement without prior written consent from the Customer's authorized representative.

5. REPRESENTATION AND INDEMNIFICATION

5.1 Indemnification by EPROVAL - EPROVAL has the right and all necessary permissions to provide the Services to the Customer. EPROVAL shall defend Customer against any claim, demand, suit, or proceeding ("Claim") made or brought against Customer, its elected officials, employees, or agents, by a third party alleging that the use of the Services infringes or misappropriates the intellectual property rights of a third party, and shall indemnify Customer, its elected officials, employees, and agents for any damages finally awarded against, and for reasonable attorney's

fees incurred by, Customer in connection with any such Claim; provided, that Customer (a) promptly gives EPROVAL written notice of the Claim; (b) cooperates with EPROVAL's defense and settlement of the Claim; and (c) provides to EPROVAL all reasonable assistance, at EPROVAL's expense.

5.2 Insurance

EPROVAL shall carry and maintain in effect during the performance of services under this contract:

- Comprehensive General Liability insurance in the amount of \$1,000,000 per occurrence and \$2,000,000 aggregate;
- Cyber Liability insurance in the amount of \$3,000,000 per incident, covering the City of Nashua's cost for computer and data loss restoration, notification costs, credit monitoring, and liability to third parties from the EPROVAL's failure to handle, manage, store and control personally identifiable information.

Above requirements can be met with a combination of underlying and umbrella/excess liability coverage.

The parties agree that EPROVAL shall have the status of and shall perform all work under this contract as an independent contractor, maintaining control over all its consultants, sub consultants, contractors, or subcontractors. The only contractual relationship created by this contract is between the City and EPROVAL, and nothing in this contract shall create any contractual relationship between the City and EPROVAL's consultants, sub consultants, contractors, or subcontractors. The parties also agree that EPROVAL is not a City employee and that there shall be no:

- Withholding of income taxes by the City;
- Industrial insurance coverage provided by the City;
- Participation in group insurance plans which may be available to employees of the City;
- Participation or contributions by either the independent contractor or the City to the public employee's retirement system;
- Accumulation of vacation leave or sick leave provided by the City;
- Unemployment compensation coverage provided by the City.

EPROVAL will provide the City with certificates of insurance for coverage as listed below and endorsements affecting coverage required by the contract within ten calendar days after the City issues the notice of award. The City requires thirty days written notice of cancellation or material change in coverage. The certificates and endorsements for each insurance policy must be signed by a person authorized by the insurer and who is licensed by the State of New Hampshire. General Liability policies must name the **City of Nashua as an additional insured and reflect as such on the certificate of insurance**. All policies shall contain a waiver of subrogation in favor of the City and its officers, directors, employees, volunteers and agents. EPROVAL is responsible for filing updated certificates of insurance with the City's Risk Management Department during the life of the contract -

- EPROVAL shall maintain in effect at all times during the performance under this contract all specified insurance coverage with insurers.
- Subcontractors are subject to the same insurance requirements as EPROVAL and it shall be EPROVAL's responsibility to ensure compliance.
- All deductibles and self-insured retentions shall be fully disclosed in the certificate(s) of insurance.
- If aggregate limits of less than \$2,000,000 are imposed on bodily injury and property damage, EPROVAL must maintain umbrella liability insurance of at least \$1,000,000. All aggregates must be fully disclosed on the required certificate of insurance.

of the requirements as to types and limits to be maintained by EPROVAL are intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by EPROVAL under this contract and the EPROVAL is encouraged to purchase such additional insurance as it deems necessary.

- The insurance provided herein is primary, and no insurance held or owned by the City of Nashua shall be called upon to contribute to a loss.
- EPROVAL is responsible for and required to remedy all damage or loss to any property, including property of the City, caused in whole or part by EPROVAL or anyone employed, directed, or supervised by EPROVAL.

Regardless of any coverage provided by any insurance, and to the extent provided by law, EPROVAL agrees to indemnify and shall defend and hold harmless the City, its agents, officials, employees and authorized representatives and their employees from and against any and all suits, causes of action, legal or administrative proceedings, arbitrations, claims, demands, damages, liabilities, interest, attorney's fees, costs and expenses of any kind or nature in any manner caused, occasioned, or contributed to in whole or in part by reason of any negligent act, omission, or fault or willful misconduct, whether active or passive, of EPROVAL or of anyone acting under its direction or control or on its behalf in connection with or incidental to the performance of this contract. EPROVAL's indemnity, defense and hold harmless obligations, or portions thereof, shall not apply to liability caused by the sole negligence or willful misconduct of the party indemnified or held harmless.

6. TERM

6.1 Term – This Agreement is for 3 years, commencing upon issuance of a PO or the execution of this Agreement. This Agreement is subject to approval by the City of Nashua Board of Aldermen. At the option of Customer, it may renew for a successive three (3) year term on mutual written agreement. Eproval may apply an inflationary adjustment of 3% for each year after the first year term.

6.2 Termination - Customer shall have the right to terminate this Agreement upon giving thirty (30) days' notice to EPROVAL. Upon termination under this Section 6.2, EPROVAL shall refund Customer any prepaid fees covering the period after the effective date of termination.

6.3 Default and Remedies. In the event either party should fail or refuse to perform according to the terms of this Agreement, such party may be declared in default thereof. In the event a party has been declared in default, such defaulting party shall be allowed a period of ten (10) days within which to cure said default. In the event the default remains uncorrected, the party declaring default may elect to (a) terminate the Agreement and seek damages; (b) treat the Agreement as continuing and require specific performance; or (c) avail himself of any other remedy at law or equity.

6.4 Refund for Termination of Agreement for cause – If this Agreement is terminated for cause by Customer, then EPROVAL shall refund Customer any prepaid fees covering the remainder of the term of all subscriptions after the effective date of termination. In the event of early termination by Customer for cause, EPROVAL shall be paid for Services rendered to the date of termination, subject only to the satisfactory performance of EPROVAL's obligations under this Agreement. Such payment shall be EPROVAL's sole right and remedy for such termination.

6.5 Input Data - Following termination of the Agreement, EPROVAL will provide read-only access to Input Data in a format usable by Customer for a period of three months without charge. After such period, EPROVAL shall have no obligation to maintain or provide any of Input Data and may, unless legally prohibited, delete all of Input Data in EPROVAL's systems or otherwise in EPROVAL's possession or control.

7. PAYMENTS

- 7.1 Invoicing - EPROVAL will invoice Customer on the Effective Date for year 1 of this Agreement and due immediately upon receipt. EPROVAL will invoice Customer 30 days in advance of the Renewal Date for subsequent years of this Agreement and are payable NET 30.
- 7.2 Disputed Invoices - In the event of a disputed invoice, Customer may withhold payment and EPROVAL will continue to perform during the pendency of the good faith dispute.

8. GENERAL

- 8.1 This Agreement contains the whole agreement between EPROVAL and the Customer relating to the Services.
- 8.2 EPROVAL may assign this Agreement only after written consent from Customer, which shall not be unreasonably withheld.
- 8.3 Upon 30 days' notice to Customer and upon written consent by Customer, EPROVAL reserves the right at all times to vary the conditions of this Agreement or change the operation of the Services. The Services may change in the normal course of business in the same manner as all SAAS implementations are changed, improved or modified in a developer's standard development cycle; provided, the Services shall provide substantially similar functionality to the Customer. If Customer does not agree to such variation or changes, Customer may terminate this Agreement without penalty to either party.
- 8.4 EPROVAL reserves the right to suspend the Services for repair, maintenance, and/or upgrade work. Unless EPROVAL cannot do so for security or other reasons beyond our reasonable control, EPROVAL will give Customer reasonable notice of such suspension a minimum of 72 hours prior to the suspension of Services.
- 8.5 This Agreement is governed by the laws of the State of New Hampshire and the City of Nashua. The venue for actions arising out of the Agreement is the State of New Hampshire.
- 8.6 The parties acknowledge that each is an independent contractor and nothing in this Agreement constitutes a joint venture or partnership and neither party has the right to bind nor act for the other as agent or in any other capacity.
- 8.7 The waiver or failure of either party to exercise in any respect any right provided for in this Agreement shall not be deemed a waiver of any further right under this Agreement.
- 8.8 This Agreement may not be modified, altered, or amended except by written instrument duly executed by both parties.
- 8.9 If any provision of this Agreement is invalid, illegal or unenforceable under any applicable statute, court decision or rule of law, it is to that extent to be deemed omitted. The remainder of the Agreement shall be valid and enforceable to the maximum extent possible.
- 8.10 All provisions of this Agreement that by their nature would reasonably be expected to continue after the termination of this Agreement will survive the termination of this Agreement.
- 8.11 **INTERLOCAL COOPERATIVE CONTRACTING:** Other governmental entities within the State may be extended the opportunity to purchase off of the City's solicitation, with the consent and agreement of the successful vendor(s) and the City. Such consent and agreement shall be conclusively inferred from lack of exception to this clause in vendor's response. However, all parties indicate their understanding and all parties hereby expressly agree

City is not an agent of, partner to, or representative of those outside agencies or entities and that the City is not obligated or liable for any action or debts that may arise out of such independently-negotiated “piggyback” procurements. that the

SCHEDULE A - eProfessional Implementation

1. Features

The following tasks & deliverables will be part of the eproval Service for the Customer ("Standard Offering") and will be implemented before the Go Live Date.

a) Access to Version 4.20 of the eproval Portal

- Availability: Access to the Portal will be available on a 24/7 basis.
- URL: A custom URL will be set up to access the Portal.
- User Licenses: An unlimited number of Users can access the Portal.
- Compatibility: The Portal will consist of a fully responsive design compatible with most browsers on computers, mobile phones and tablets. The only requirement is an active Internet connection.
- Sandbox: A sandbox Portal will be set up for the purposes of testing and training.
- Hosting: Portal Hosting will be with the Microsoft Azure cloud hosting platform at the West Central US Data Center in Wyoming.
- Support portal & help documentation.

b) Implementation, Configuration and Training

- Implementation:
 - Version 4.20 of the Portal will be implemented as a standalone version on dedicated Azure resources.
 - There will be isolated development and production environments.
 - 2 application types will be supported at this product Tier.
 - 2 approver workflow will be configured.
- Branding:
 - The font, button and background colors in the header, title bar and footer.
 - A logo provided by the Customer.
 - Email template design provided by the Customer.
- System configuration:

-
- external communication required to support the special event process.
 - Wording on all pages of the Portal.
 - Wording in all auto-generated emails.
 - Initial setup of all application questions for Film and Special Event Permit applications.
 - Initial setup of all survey questions.
 - Initial setup of all Administrators and Stakeholder Agencies.
 - Initial setup of all email notifications.
 - Initial setup of fields that are copied when an application is duplicated.
 - City will require a Configuration system email (example: SendGrid account) to relay with Customer's SMTP mail server.
 - Production URL.
 - Security certificate for the production URL.

- Training:

- All training sessions will be accomplished online using Zoom meetings.
 - Training will include all systems and tools for Administrators and Approvers.

c) Add-on Modules include the following:

- Scheduled Email Notification
- Calendar
- Payment & Invoicing

2. Additional items beyond EPROVAL Service scope

Any services in connection with customizing, modifying or changing the Services beyond as set out in Standard Offering features will be provided on a time and materials basis at EPROVAL's rate of \$225/hour.

Schedule B – Support Level Definition

All Customer requests for Support shall be managed as described below. The degree of EPROVAL's responsiveness ("Severity") shall be based on the nature of the initial Customer Support request. The Customer will always make every effort to respond in a timely fashion to requests from EPROVAL for assistance in providing Support.

1. Normal Support Hours

EPROVAL will provide phone and email support Monday to Friday between the hours of 7am and 5pm (Pacific Time).

EPROVAL will provide email support outside of normal business hours, 7 days per week.

2. Response Times

EPROVAL will make commercially reasonable efforts to respond to and provide updates according to the priority of the support request as defined by the Customer shown in the table below.

Priority	Criteria	Response Times	Status Updates
Critical	A Customer detected critical Services error that renders the entire live EPROVAL production system, or an essential part of it, inoperable or "down".	One (1) business hour.	Every two business hours until the closure of the support request.
Medium	A Customer detected non-critical Services error in a module of the live EPROVAL production system, which impairs system operation but does not render it "down". Non-critical Services errors exclude cosmetic, documentation, or reporting problems, and also questions regarding the operation of the Services, its installation or training.	Four (4) business hours.	Every business day until the closure of the support request.
Routine	All other Support requests not described above.	Two (2) business days.	Every two business days until the closure of the support request.

3. Chargeable Service

If the Critical support service is used by the Customer for non-critical support then the service is chargeable at EPROVAL's hourly support service rate of \$225/hour USD.

From: Jeff Lafleur, Superintendent, Solid Waste Department

Re: FY 27-FY 29 Landfill Gas Telemetry Monitoring & Support

B. Motion: To approve a three-year engineering services contract with Sanborn Head & Associates of Concord, NH in the amount of \$87,750 for FY2027 through FY2029. Landfill Gas Telemetry Monitoring & Support. Funding will be through: Department: 168 Solid Waste; Fund: Solid Waste; Account Classification: 53 Professional and Technical Services.

Attachment: Sanborn Head and Associates July 31, 2026 Scope of Engineering Support Services, Proposal – FY2027 – FY2029 Scope of Services for Project Portal

Discussion: Sanborn Head and Associates (SHA) is the City's primary engineering consultant for landfill and solid waste related issues, including landfill gas management, design and construction; groundwater, air and solid waste permitting; capacity analyses; regulatory representation; and general landfill operations.

The City has used Sanborn Head's *Project Portal* (previously "Landfill Gas Management Suite") for well over a decade to collect, store, and analyze landfill gas and leachate data via the landfill telemetry system and the Project Portal database. The data stored and outputs provided by Project Portal are critical to streamlining landfill operations in real-time and assists in quarterly regulatory reporting, and provides real-time alarm notifications for leachate system issues. SHA's proposal includes costs for FY 2027, FY 2028, and FY 2029.

SHA has demonstrated a thorough understanding of the issues and requirements of the Four Hills facility, and provide consistent, high quality engineering and consulting services to the department in a timely manner. They have demonstrated superior abilities relative to the database and telemetry management services, regulatory reporting, permitting, design and construction oversight. Therefore, they are considered a sole source for these services.

CONTRACT FOR PROFESSIONAL SERVICES

FY27-FY29 TELEMETRY MONITORING – PROJECT PORTAL

A CONTRACT BETWEEN

THE CITY OF NASHUA, 229 MAIN STREET, CITY HALL, NASHUA, NH 03060
AND

SANBORN, HEAD & ASSOCIATES, INC.
and its successors, transferees and assignees (together “Professional Engineer”)

NAME AND TITLE OF PROFESSIONAL ENGINEER

6 Bedford Farms Drive, Suite 201, Bedford, NH 03110

ADDRESS OF PROFESSIONAL ENGINEER

WHEREAS, the City of Nashua, a political subdivision of the State of New Hampshire, from time to time requires the services of a Professional Engineer ; and

WHEREAS, it is deemed that the services of a Professional Engineer herein specified are both necessary and desirable and in the best interests of the City of Nashua; and

WHEREAS, Professional Engineer represents they are duly qualified, equipped, staffed, ready, willing and able to perform and render the services hereinafter described;

NOW, THEREFORE, in consideration of the agreements herein made, the parties mutually agree as follows:

1. DOCUMENTS INCORPORATED. The following exhibits are by this reference incorporated herein and are made part of this contract:

Exhibit A – General Conditions for Contracts

Exhibit B – Revised Proposal Date July 31, 2026

The Contract represents the entire and integrated agreement between the parties and supersedes prior negotiations, proposals, representations or agreements, either written or oral. Any other documents which are not listed in this Article are not part of the Contract.

In the event of a conflict between the terms of the Proposal and the terms of this Agreement, a written change order and/or fully executed City of Nashua Purchase Order, the terms of this Agreement, the written change order or the fully executed City of Nashua Purchase Order shall control over the terms of the Proposal.

2. WORK TO BE PERFORMED. Except as otherwise provided in this contract, Professional Engineer shall furnish all services, equipment, and materials and shall perform all operations necessary and required to carry out and perform in accordance with the terms and conditions of the contract the work described.

DESCRIPTION OF WORK:

Sanborn Head will maintain and support the City's Project Portal system for the Four Hills Landfill, including landfill gas wellfield data management, surface emissions monitoring, and leachate telemetry. Services include maintaining the web-based monitoring and reporting platform, providing access to tables, charts, maps, alarms, and automated reports, and offering technical support and user training as needed as outlined in **Exhibit B**.

3. PERIOD OF PERFORMANCE. Professional Engineer shall perform and complete all work within the time periods set forth and may only be altered by the parties by a written agreement to extend the period of performance or by termination in accordance with the terms of the contract. Professional Engineer shall begin performance upon receipt of an Executed Contract and a valid Purchase Order issued from the City of Nashua.

The term of the contract will be for three (3) years with first year commencing on or about July 1, 2026 and terminating on June 30, 2029. Each year is subject to annual budget appropriations and at the City of Nashua's sole discretion. A separate/amended purchase order shall be issued for each year of the contract.

FEE AND BASIS OF BILLINGS

Our fee for the services described above is presented in the table below.

Task	Description	July 2026 through June 2027 Fee	July 2027 through June 2028 Fee	July 2028 through June 2029 Fee
1	Wellfield Database Services (lump sum per calendar quarter)	\$3,500	\$3,700	\$3,900
2	Telemetry Services (lump sum per calendar quarter)	\$2,200	\$2,300	\$2,400
3	Project Portal Technical Support & Training (T&E per year)	\$5,000	\$5,250	\$5,500
Total (12-month period)		\$27,800	\$29,250	\$30,700

4. COMPENSATION. Professional Engineer agrees to perform the work for a total cost not to exceed

July 1, 2026 – June 30, 2027 - TWENTY-SEVEN THOUSAND SEVEN EIGHT HUNDRED DOLLARS (\$27,800)

July 1, 2027 – June 30, 2028 - TWENTY-NINE THOUSAND TWO HUNDRED FIFTY DOLLARS (\$29,250)

July 1, 2028 – June 30, 2029 - THIRTY THOUSAND SEVEN HUNDRED DOLLARS (\$30,700)

The Contract Sum shall include all items and services necessary for the proper execution and completion of the Work.

Unless Professional Engineer has received a written exemption from the City of Nashua, Professional Engineer shall submit monthly requests for payment for services performed under this agreement in accordance with the values stated in the Agreement. Such requests shall be supported by such data substantiating the Professional Engineer's right to payment as the City of Nashua may reasonably require. Professional Engineer shall submit monthly requests for payment for services performed under this agreement shall be submitted as follows:

- Electronically via email to VendorAPInvoices@NashuaNH.gov

OR

- Paper Copies via US Mail to:

City of Nashua, City Hall
Accounts Payable
229 Main Street
Nashua, NH 03060

Please do not submit invoices both electronically and paper copy.

In addition, and to facilitate the proper and timely payment of applications, the City of Nashua requires that all submitted invoices contain a valid **PURCHASE ORDER NUMBER**.

Requests for payment shall be submitted no later than fifteen (15) days after the end of each month and must include a detailed summary of the expenditures reported in a form that supports the approved budget. Specifically, Professional Engineer agrees to provide the following with each request for payment:

1. Appropriate invoice forms. The forms shall include the project purchase order number, a listing of personnel hours and billing rates, and other expenditures for which payment is sought.
2. A progress report. The report shall include, for each monthly reporting period, a description of the work accomplished, problems experienced, upcoming work, any extra work carried out, and a schedule showing actual expenditures billed for the period, cumulative total expenditures billed and paid to date under the contract, and a comparison of cumulative total expenditures billed and paid to the approved budget.

The City of Nashua will pay for work satisfactorily completed by Professional Engineer. The City of Nashua will pay Professional Engineer within **30** days of approval by the City of Nashua of the submitted invoice forms and progress reports. The City of Nashua will make no payments until the invoice forms and progress reports have been submitted and approved.

5. EFFECTIVE DATE OF CONTRACT. This contract shall not become effective until and unless approved by the City of Nashua.

6. NOTICES. All notices, requests, or approvals required or permitted to be given under this contract shall be in writing, shall be sent by hand delivery, overnight carrier, or by United States mail, postage prepaid, and registered or certified, and shall be addressed to:

CITY OF NASHUA REPRESENTATIVE:

Jeff Lafleur, Superintendent
City of Nashua, Solid Waste Department

General Terms and Conditions

1. **Definitions.** Unless otherwise required by the context, "Professional Engineer", and its successors, transferees and assignees (together "Professional Engineer") includes any of the Professional Engineer's consultants, sub consultants, contractors, and subcontractors
2. **Professional Engineer Status.** The parties agree that Professional Engineer shall have the status of and shall perform all work under this contract as a Professional Engineer, maintaining control over all its consultants, sub consultants, contractors, or subcontractors. The only contractual relationship created by this contract is between the City of Nashua and Professional Engineer, and nothing in this contract shall create any contractual relationship between the City of Nashua and Professional Engineer's consultants, sub consultants, contractors, or subcontractors. The parties also agree that Professional Engineer is not a City of Nashua employee and that there shall be no:
 - (1) Withholding of income taxes by the City of Nashua;
 - (2) Industrial insurance coverage provided by the City of Nashua;
 - (3) Participation in group insurance plans which may be available to employees of the City of Nashua;
 - (4) Participation or contributions by either the Professional Engineer or the City of Nashua to the public employee's retirement system;
 - (5) Accumulation of vacation leave or sick leave provided by the City of Nashua;
 - (6) Unemployment compensation coverage provided by the City of Nashua.
3. **Standard of Care.** Professional Engineer shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all work performed under this contract. The standard of care of the Professional Engineer's is the degree of professional skill, care, diligence, and sound practices and judgment that are normally exercised by recognized professional firms with respect to services of a similar nature. It shall be the duty of Professional Engineer to assure at its own expense that all work is technically sound and in conformance with all applicable federal, state, and local laws, statutes, regulations, ordinances, orders, or other requirements. In addition to all other rights which the City of Nashua may have, Professional Engineer shall, at its own expense and without additional compensation, re-perform work to correct or revise any deficiencies, omissions, or errors in the work or the product of the work or which result from Professional Engineer's failure to perform in accordance with this standard of care. Any approval by the City of Nashua of any products or services furnished or used by Professional Engineer shall not in any way relieve Professional Engineer of the responsibility for professional and technical accuracy and adequacy of its work. City of Nashua review, approval, or acceptance of, or payment for any of Professional Engineer's work under this contract shall not operate as a waiver of any of the City of Nashua's rights or causes of action under this contract, and Professional Engineer shall be and remain liable in accordance with the terms of the contract and applicable law.

Professional Engineer shall furnish competent and skilled personnel to perform the work under this contract. The City of Nashua reserves the right to approve key personnel assigned by Professional Engineer to perform work under this contract. Approved key

personnel shall not be taken off of the project by Professional Engineer without the prior written approval of the City of Nashua, except in the event of termination of employment. Professional Engineer shall, if requested to do so by the City of Nashua, remove from the job any personnel whom the City of Nashua determines to be incompetent, dishonest, or uncooperative.

4. **City of Nashua Representative.** The City of Nashua may designate a City of Nashua representative for this contract. If designated, all notices, project materials, requests by Professional Engineer, and any other communication about the contract shall be addressed or be delivered to the City of Nashua Representative.
5. **Changes to Scope of Work.** The City of Nashua may, at any time, by written order, make changes to the general scope, character, or cost of this contract and in the services or work to be performed, either increasing or decreasing the scope, character, or cost of Professional Engineer's performance under the contract. Professional Engineer shall provide to the City of Nashua within 10 calendar days, a written proposal for accomplishing the change. The proposal for a change shall provide enough detail, including personnel hours for each sub-task and cost breakdowns of tasks, for the City of Nashua to be able to adequately analyze the proposal. The City of Nashua will then determine in writing if Professional Engineer should proceed with any or all of the proposed change. If the change causes an increase or a decrease in Professional Engineer's cost or time required for performance of the contract as a whole, an equitable adjustment shall be made and the contract accordingly modified in writing. Any claim of Professional Engineer for adjustment under this clause shall be asserted in writing within 30 days of the date the City of Nashua notified Professional Engineer of the change.

When Professional Engineer seeks changes, Professional Engineer shall, before any work commences, estimate their effect on the cost of the contract and on its schedule and notify the City of Nashua in writing of the estimate. The proposal for a change shall provide enough detail, including personnel hours for each sub-task and cost breakdowns of tasks, for the City of Nashua to be able to adequately analyze the proposal. The City of Nashua will then determine in writing if Professional Engineer should proceed with any or all of the proposed change.

Except as provided in this paragraph, Professional Engineer shall implement no change unless the City of Nashua in writing approves the change. Unless otherwise agreed to in writing, the provisions of this contract shall apply to all changes. The City of Nashua may provide verbal approval of a change when the City of Nashua, in its sole discretion, determines that time is critical or public health and safety are of concern. Any verbal approval shall be confirmed in writing as soon as practicable. Any change undertaken without prior City of Nashua approval shall not be compensated and is, at the City of Nashua's election, sufficient reason for contract termination.

6. **CITY OF NASHUA COOPERATION.** The City of Nashua agrees that its personnel will cooperate with Professional Engineer in the performance of its work under this contract and that such personnel will be available to Professional Engineer for consultation at reasonable times and after being given sufficient advance notice that will prevent conflict with their other responsibilities. The City of Nashua also agrees to provide Professional Engineer with access to City of Nashua records in a reasonable time and manner and to schedule items

that require action by the Board of Public Works and Finance Committee in a timely manner. The City of Nashua and Professional Engineer also agree to attend all meetings called by the City of Nashua or Professional Engineer to discuss the work under the Contract, and that Professional Engineer may elect to conduct and record such meetings and shall later distribute prepared minutes of the meeting to the City of Nashua.

7. **Discovery of Conflicts, Errors, Omissions, Ambiguities, or Discrepancies.** Professional Engineer represents that it has examined all contract documents, has brought all conflicts, errors, discrepancies, and ambiguities to the attention of the City of Nashua in writing, and has concluded that the City of Nashua's resolution of each matter is satisfactory to Professional Engineer. All future questions Professional Engineer may have concerning interpretation or clarification of this contract shall be submitted in writing to the City of Nashua within 10 calendar days of their arising. The writing shall state clearly and in full detail the basis for Professional Engineer's question or position. The City of Nashua representative shall render a decision within 15 calendar days. The City of Nashua's decision on the matter is final. Any work affected by a conflict, error, omission, or discrepancy which has been performed by Professional Engineer prior to having received the City of Nashua's resolution shall be at Professional Engineer's risk and expense. At all times, Professional Engineer shall carry on the work under this contract and maintain and complete work in accordance with the requirements of the contract or determination of the City of Nashua. Professional Engineer is responsible for requesting clarification or interpretation and is solely liable for any cost or expense arising from its failure to do so.

8. Termination of Contract

A. Termination, Abandonment, or Suspension at Will. The City of Nashua, in its sole discretion, shall have the right to terminate, abandon, or suspend all or part of the project and contract at will. If the City of Nashua chooses to terminate, abandon, or suspend all or part of the project, it shall provide Professional Engineer 10 day's written notice of its intent to do so.

If all or part of the project is suspended for more than 90 days, the suspension shall be treated as a termination at will of all or part of the project and contract.

Upon receipt of notice of termination, abandonment, or suspension at will, Professional Engineer shall:

1. Immediately discontinue work on the date and to the extent specified in the notice.
2. Place no further orders or subcontracts for materials, services, or facilities, other than as may be necessary or required for completion of such portion of work under the contract that is not terminated.
3. Immediately make every reasonable effort to obtain cancellation upon terms satisfactory to the City of Nashua of all orders or subcontracts to the extent they relate to the performance of work terminated, abandoned, or suspended under the notice, assign to the City of Nashua any orders or subcontracts specified in the notice, and revoke agreements specified in the notice.
4. Not resume work after the effective date of a notice of suspension until receipt of a written notice from the City of Nashua to resume performance.

In the event of a termination, abandonment, or suspension at will, Professional Engineer shall receive all amounts due and not previously paid to Professional Engineer for work satisfactorily completed in accordance with the contract prior to the date of the notice and compensation for work thereafter completed as specified in the notice. No amount shall be allowed or paid for anticipated profit on unperformed services or other unperformed work.

B. Termination for Cause. This agreement may be terminated by the City of Nashua on 10 calendar day's written notice to Professional Engineer in the event of a failure by Professional Engineer to adhere to any or all the terms and conditions of the contract or for failure to satisfactorily, in the sole opinion of the City of Nashua, to complete or make sufficient progress on the work in a timely and professional manner. Professional Engineer shall be given an opportunity for consultation with the City of Nashua prior to the effective date of the termination. Professional Engineer may terminate the contract on 10 calendar days written notice if, through no fault of Professional Engineer, the City of Nashua fails to pay Professional Engineer for 45 days after the date of approval by the City of Nashua of any Application for Payment.

Upon receipt of notice of termination for cause, Professional Engineer shall:

1. Immediately discontinue work on the date and to the extent specified in the notice.
2. Provide the City of Nashua with a list of all unperformed services.
3. Place no further orders or sub-contracts for materials, services, or facilities, other than as may be necessary or required for completion of such portion of work under the contract that is not terminated.
4. Immediately make every reasonable effort to obtain cancellation upon terms satisfactory to the City of Nashua of all orders or sub contracts to the extent they relate to the performance of work terminated, abandoned, or suspended under the notice, assign to the City of Nashua any orders or sub contracts specified in the notice, and revoke agreements specified in the notice.
5. Not resume work after the effective date of a notice of termination unless and until receipt of a written notice from the City of Nashua to resume performance.

In the event of a termination for cause, Professional Engineer shall receive all amounts due and not previously paid to Professional Engineer for work satisfactorily completed in accordance with the contract prior to the date of the notice, less all previous payments. No amount shall be allowed or paid for anticipated profit on unperformed services or other unperformed work. Any such payment may be adjusted to the extent of any additional costs occasioned to the City of Nashua by reasons of Professional Engineer's failure. Professional Engineer shall not be relieved of liability to the City of Nashua for damages sustained from the failure, and the City of Nashua may withhold any payment to the Professional Engineer until such time as the exact amount of damages due to the City of Nashua is determined. All claims for payment by the Professional Engineer must be submitted to the City of Nashua within 30 days of the effective date of the notice of termination.

If after termination for the failure of Professional Engineer to adhere to any of the terms and conditions of the contract or for failure to satisfactorily, in the sole opinion of the City of Nashua, to complete or make sufficient progress on the work in a timely and professional manner, it is determined that Professional Engineer had not so failed, the termination shall be deemed to have been a termination at will. In that event, the City of Nashua shall, if necessary, make an adjustment in the compensation paid to Professional Engineer such that Professional Engineer receives total compensation in the same amount as it would have received in the event of a termination-at-will.

C. General Provisions for Termination. Upon termination of the contract, the City of Nashua may take over the work and prosecute it to completion by agreement with another party or otherwise. In the event Professional Engineer shall cease conducting business, the City of Nashua shall have the right to solicit applications for employment from any employee of the Professional Engineer assigned to the performance of the contract.

Neither party shall be considered in default of the performance of its obligations hereunder to the extent that performance of such obligations is prevented or delayed by any cause, existing or future, which is beyond the reasonable control of such party. Delays arising from the actions or inactions of one or more of Professional Engineer's principals, officers, employees, agents, subcontractors, consultants, vendors, or suppliers are expressly recognized to be within Professional Engineer's control.

9. Dispute Resolution. The parties shall attempt to resolve any dispute related to this contract as follows. Either party shall provide to the other party, in writing and with full documentation to verify and substantiate its decision, its stated position concerning the dispute. No dispute shall be considered submitted and no dispute shall be valid under this provision unless and until the submitting party has delivered the written statement of its position and full documentation to the other party. The parties shall then attempt to resolve the dispute through good faith efforts and negotiation between the City of Nashua Representative and a Professional Engineer Representative. At all times, Professional Engineer shall carry on the work under this contract and maintain and complete work in accordance with the requirements of the contract or determination or direction of the City of Nashua. If the parties are unable to resolve their dispute as described above within 30 days, the parties may request that the dispute be submitted to the Board of Public Works for resolution. If the parties are dissatisfied with the decision of the Board of Public Works, the parties' reserve the right to pursue any available legal and/or equitable remedies for any breaches of this contract except as that right may be limited by the terms of this contract.

10. No Damages for Delay. Apart from a written extension of time, no payment, compensation, or adjustment of any kind shall be made to Professional Engineer for damages because of hindrances or delays in the progress of the work from any cause, and Professional Engineer agrees to accept in full satisfaction of such hindrances and delays any extension of time that the City of Nashua may provide.

11. Insurance. Professional Engineer shall carry and maintain in effect during the performance of services under this contract:

- General Liability insurance in the amount of \$1,000,000 per occurrence; \$2,000,000 aggregate;

- \$1,000,000 Combined Single Limit Automobile Liability;
***Coverage must include all owned, non-owned and hired vehicles.**
- \$1,000,000 Profession Liability;
- and Workers' Compensation Coverage in compliance with the State of New Hampshire statutes, \$100,000/\$500,000/\$100,000.

Professional Engineer shall maintain in effect at all times during the performance under this contract all specified insurance coverage with insurers. None of the requirements as to types and limits to be maintained by Professional Engineer are intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by Professional Engineer under this contract. The City of Nashua shall not maintain any insurance on behalf of Professional Engineer. Subcontractors are subject to the same insurance requirements as Professional Engineer and it shall be the Professional Engineer's responsibility to ensure compliance of this requirement.

Professional Engineer will provide the City of Nashua with certificates of insurance for coverage as listed below and endorsements affecting coverage required by the contract within ten calendar days after the City of Nashua issues the notice of award. The City of Nashua requires thirty days written notice of cancellation or material change in coverage. The certificates and endorsements for each insurance policy must be signed by a person authorized by the insurer and who is licensed by the State of New Hampshire. **General Liability and Auto Liability policies must name the City of Nashua as an additional insured** and reflect on the certificate of insurance. Professional Engineer is responsible for filing updated certificates of insurance with the City of Nashua's Risk Management Department during the life of the contract.

- All deductibles and self-insured retentions shall be fully disclosed in the certificate(s) of insurance.
- If aggregate limits of less than \$2,000,000 are imposed on bodily injury and property damage, Professional Engineer must maintain umbrella liability insurance of at least \$1,000,000. All aggregates must be fully disclosed on the required certificate of insurance.
- The specified insurance requirements do not relieve Professional Engineer of its responsibilities or limit the amount of its liability to the City of Nashua or other persons, and Professional Engineer is encouraged to purchase such additional insurance, as it deems necessary.
- The insurance provided herein is primary, and no insurance held or owned by the City of Nashua shall be called upon to contribute to a loss.
- Professional Engineer is responsible for and required to remedy all damage or loss to any property, including property of the City of Nashua, caused in whole or part by Professional Engineer or anyone employed, directed, or supervised by Professional Engineer.

12. Indemnification. Regardless of any coverage provided by any insurance, Professional Engineer agrees to indemnify and hold harmless the City of Nashua, its agents, officials, employees and authorized representatives and their employees from and against any and all suits, causes of action, legal or administrative proceedings, arbitrations, claims, demands, damages, liabilities, interest, attorney's fees, costs and expenses of any kind or

nature in any manner caused, occasioned, or contributed to in whole or in part by reason of any negligent act, omission, or fault or willful misconduct, whether active or passive, of Professional Engineer or of anyone acting under its direction or control or on its behalf in connection with or incidental to the performance of this contract. Professional Engineer's indemnity, defense and hold harmless obligations, or portions thereof, shall not apply to liability caused by the negligence or willful misconduct of the party indemnified or held harmless.

- 13. Fiscal Contingency.** All payments under this contract are contingent upon the availability to the City of Nashua of the necessary funds. This contract shall terminate and the City of Nashua's obligations under it shall be extinguished at the end of any fiscal year in which the City of Nashua fails to appropriate monies for the ensuing fiscal year sufficient for the performance of this contract.

Nothing in this contract shall be construed to provide Professional Engineer with a right of payment over any other entity. Any funds obligated by the City of Nashua under this contract that are not paid to Professional Engineer shall automatically revert to the City of Nashua's discretionary control upon the completion, termination, or cancellation of the agreement. The City of Nashua shall not have any obligation to re-award or to provide, in any manner, the unexpended funds to Professional Engineer. Professional Engineer shall have no claim of any sort to the unexpended funds.

- 14. Compensation.** Review by the City of Nashua of Professional Engineer's submitted monthly invoice forms and progress reports for payment will be promptly accomplished by the City of Nashua. If there is insufficient information, the City of Nashua may require Professional Engineer to submit additional information. Unless the City of Nashua, in its sole discretion, decides otherwise, the City of Nashua shall pay Professional Engineer in full within **30 days of approval** of the submitted monthly invoice forms and progress reports.

- 15. Compliance with Applicable Laws.** Professional Engineer, at all times, shall fully and completely comply with all applicable local, state and federal laws, statutes, regulations, ordinances, orders, or requirements of any sort in carrying out the obligations of this contract, including, but not limited to, all federal, state, and local accounting procedures and requirements, all immigration and naturalization laws, and the Americans with Disabilities Act. Professional Engineer shall, throughout the period services are to be performed under this contract, monitor for any changes to the applicable laws, statutes, regulations, ordinances, orders, or requirements, shall promptly notify the City of Nashua in writing of any changes to the same relating to or affecting this contract, and shall submit detailed documentation of any effect of the change in terms of both time and cost of performing the contract.

- 16. Nondiscrimination.** If applicable or required under any federal or state law, statute, regulation, order, or other requirement, Professional Engineer agrees to the following terms. Professional Engineer will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. Professional Engineer agrees to take affirmative action to employ, advance in employment, or to otherwise treat qualified, handicapped individuals without discrimination based upon physical or mental handicap in all employment practices, including but not limited to the following: employment,

upgrading, demotion, transfer, recruitment, advertising, layoff, termination, rates of pay, or other forms of compensation and selection for training, including apprenticeship.

Without limitation of the foregoing, Professional Engineer's attention is directed to "Title 41" Public Contracts and Property Management" C.F.R. Subtitle B "Other Provisions Relating to Public Contracts" Section 60 "Office of Federal Contract Compliance Programs, Equal Employment, Department of Labor" which, by this reference, is incorporated in this contract.

Professional Engineer agrees to assist disadvantaged business enterprises in obtaining business opportunities by identifying and encouraging disadvantaged suppliers, consultants, and sub consultants to participate to the extent possible, consistent with their qualification, quality of work, and obligation of Professional Engineer under this contract.

In connection with the performance of work under this contract, Professional Engineer agrees not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, or sexual orientation. This agreement includes, but is not limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

Professional Engineer agrees, if applicable, to insert these provisions in all subcontracts, except for subcontracts for standard commercial supplies or raw materials. Any violation of any applicable provision by Professional Engineer shall constitute a material breach of the contract.

17. Endorsement. Professional Engineer shall seal and/or stamp and sign professional documents including drawings, plans, maps, reports, specifications, and other instruments of service prepared by Professional Engineer or under its direction as required under the laws of the State of New Hampshire.

18. Assignment, Transfer, Delegation, or Subcontracting. Professional Engineer shall not assign, transfer, delegate, or subcontract any rights, obligations, or duties under this contract without the prior written consent of the City of Nashua. Any such assignment, transfer, delegation, or subcontracting without the prior written consent of the City of Nashua is void. Any consent of the City of Nashua to any assignment, transfer, delegation, or subcontracting shall only apply to the incidents expressed and provided for in the written consent and shall not be deemed to be a consent to any subsequent assignment, transfer, delegation, or subcontracting. Any such assignment, transfer, delegation, or subcontract shall require compliance with or shall incorporate all terms and conditions set forth in this agreement, including all incorporated Exhibits and written amendments or modifications. Subject to the foregoing provisions, the contract inures to the benefit of, and is binding upon, the successors and assigns of the parties.

19. City Inspection of Contract Materials. The books, records, documents and accounting procedures and practices of Professional Engineer related to this contract shall be subject to inspection, examination and audit by the City of Nashua, including, but not limited to, the contracting agency, the Board of Public Works, Corporation Counsel, and, if applicable,

the Comptroller General of the United States, or any authorized representative of those entities.

- 20. Disposition of Contract Materials.** Any books, reports, studies, photographs, negatives or other documents, data, drawings or other materials, including but not limited to those contained in media of any sort (e.g., electronic, magnetic, digital) prepared by or supplied to Professional Engineer in the performance of its obligations under this contract shall be the exclusive property of the City of Nashua and all such materials shall be remitted and delivered, at Professional Engineer's expense, by Professional Engineer to the City of Nashua upon completion, termination, or cancellation of this contract. Alternatively, if the City of Nashua provides its written approval to Professional Engineer, any books, reports, studies, photographs, negatives or other documents, data, drawings or other materials including but not limited to those contained in media of any sort (e.g., electronic, magnetic, digital) prepared by or supplied to Professional Engineer in the performance of its obligations under this contract must be retained by Professional Engineer for a minimum of four years after final payment is made and all other pending matters are closed. If, at any time during the retention period, the City of Nashua, in writing, requests any or all of the materials, then Professional Engineer shall promptly remit and deliver the materials, at Professional Engineer's expense, to the City of Nashua. Professional Engineer shall not use, willingly allow or cause to have such materials used for any purpose other than the performance of Professional Engineer's obligations under this contract without the prior written consent of the City of Nashua.

The City of Nashua acknowledges that the Professional Engineer's Instruments of Service are not represented to be suitable for use or reuse for any other applications or site without written verification from the Professional Engineer and any such use or reuse without written verification from the Professional Engineer will be at the City of Nashua's sole risk and without liability to the Professional Engineer.

- 21. Public Records Law, Copyrights, and Patents.** Professional Engineer expressly agrees that all documents ever submitted, filed, or deposited with the City of Nashua by Professional Engineer (including those remitted to the City of Nashua by Professional Engineer pursuant to paragraph 20), unless designated as confidential by a specific statute of the State of New Hampshire, shall be treated as public records and shall be available for inspection and copying by any person, or any governmental entity.

No books, reports, studies, photographs, negatives or other documents, data, drawings or other materials including but not limited to those contained in media of any sort (e.g., electronic, magnetic, digital) prepared by or supplied to Professional Engineer in the performance of its obligations under this contract shall be the subject of any application for a copyright or patent by or on behalf of Professional Engineer. The City of Nashua shall have the right to reproduce any such materials.

Professional Engineer expressly and indefinitely waives all of its rights to bring, including but not limited to, by way of complaint, interpleader, intervention, or any third party practice, any claims, demands, suits, actions, judgments, or executions, for damages or any other relief, in any administrative or judicial forum, against the City of Nashua or any of its officers or employees, in either their official or individual capacity of the City of Nashua,

for violations of or infringement of the copyright or patent laws of the United States or of any other nation. Professional Engineer agrees to indemnify, to defend, and to hold harmless the City of Nashua, its representatives, and employees from any claim or action seeking to impose liability, costs, and attorney fees incurred as a result of or in connection with any claim, whether rightful or otherwise, that any material prepared by or supplied to Professional Engineer infringes any copyright or that any equipment, material, or process (or any part thereof) specified by Professional Engineer infringes any patent.

Professional Engineer shall have the right, in order to avoid such claims or actions, to substitute at its expense non-infringing materials, concepts, products, or processes, or to modify such infringing materials, concepts, products, or processes so they become non-infringing, or to obtain the necessary licenses to use the infringing materials, concepts, products, or processes, provided that such substituted or modified materials, concepts, products, or processes shall meet all the requirements and be subject to all the terms and conditions of this contract.

- 22. Final Acceptance.** Upon completion of all work under the contract, Professional Engineer shall notify the City of Nashua in writing of the date of the completion of the work and request confirmation of the completion from the City of Nashua. Upon receipt of the notice, the City of Nashua shall confirm to Professional Engineer in writing that the whole of the work was completed on the date indicated in the notice or provide Professional Engineer with a written list of work not completed. With respect to work listed by the City of Nashua as incomplete, Professional Engineer shall promptly complete the work and the final acceptance procedure shall be repeated. The date of final acceptance of a project by the City of Nashua shall be the date upon which the Board of Public Works or other designated official accepts and approves the notice of completion.
- 23. Taxes.** Professional Engineer shall pay all taxes, levies, duties, and assessments of every nature due in connection with any work performed under the contract and make any and all payroll deductions required by law. The contract sum and agreed variations to it shall include all taxes imposed by law. Professional Engineer hereby indemnifies and holds harmless the City of Nashua from any liability on account of any and all such taxes, levies, duties, assessments, and deductions.
- 24. Non-Waiver of Terms and Conditions.** None of the terms and conditions of this contract shall be considered waived by the City of Nashua. There shall be no waiver of any past or future default, breach, or modification of any of the terms and conditions of the contract unless expressly stipulated to by the City of Nashua in a written waiver.
- 25. Rights and Remedies.** The duties and obligations imposed by the contract and the rights and remedies available under the contract shall be in addition to and not a limitation of any duties, obligations, rights, and remedies otherwise imposed or available by law.
- 26. Prohibited Interests.** Professional Engineer shall not allow any officer or employee of the City of Nashua to have any indirect or direct interest in this contract or the proceeds of this contract. Professional Engineer represents that no officer or employee of the City of Nashua has any direct or indirect interest, whether contractual, noncontractual, financial or otherwise, in this contract or in the business of Professional Engineer. If any such

interest comes to the attention of Professional Engineer at any time, a full and complete disclosure of the interest shall be immediately made in writing to the City of Nashua. Professional Engineer also represents that it presently has no interest and that it will not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. Professional Engineer further represents that no person having such an interest shall be employed in the performance of this contract. If City of Nashua determines that a conflict exists and was not disclosed to the City of Nashua, it may terminate the contract at will or for cause in accordance with paragraph 8.

In the event Professional Engineer (or any of its officers, partners, principals, or employees acting with its authority) is convicted of a crime involving a public official arising out or in connection with the procurement of work to be done or payments to be made under this contract, City of Nashua may terminate the contract at will or for cause in accordance with paragraph 8. Upon termination, Professional Engineer shall refund to the City of Nashua any profits realized under this contract, and Professional Engineer shall be liable to the City of Nashua for any costs incurred by the City of Nashua in completing the work described in this contract. At the discretion of the City of Nashua, these sanctions shall also be applicable to any such conviction obtained after the expiration or completion of the contract.

Professional Engineer represents that no gratuities (including, but not limited to, entertainment or gifts) were offered or given by Professional Engineer to any officer or employee of the City of Nashua with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending or making of any determinations with respect to the performance of this contract. If City of Nashua determines that such gratuities were or offered or given, it may terminate the contract at will or for cause in accordance with paragraph 8.

The rights and remedies of this section shall in no way be considered for be construed as a waiver of any other rights or remedies available to the City of Nashua under this contract or at law.

- 27. Third Party Interests and Liabilities.** The City of Nashua and Professional Engineer, including any of their respective agents or employees, shall not be liable to third parties for any act or omission of the other party. This contract is not intended to create any rights, powers, or interest in any third party and this agreement is entered into for the exclusive benefit of the City of Nashua and Professional Engineer.
- 28. Survival of Rights and Obligations.** The rights and obligations of the parties that by their nature survive termination or completion of this contract shall remain in full force and effect.
- 29. Severability.** In the event that any provision of this contract is rendered invalid or unenforceable by any valid act of Congress or of the New Hampshire legislature or any court of competent jurisdiction, or is found to be in violation of state statutes or regulations, the invalidity or unenforceability of any particular provision of this contract shall not affect any other provision, the contract shall be construed as if such invalid or

unenforceable provisions were omitted, and the parties may renegotiate the invalid or unenforceable provisions for sole purpose of rectifying the invalidity or unenforceability.

- 30. Modification of Contract and Entire Agreement.** This contract constitutes the entire contract between the City of Nashua and Professional Engineer. The parties shall not be bound by or be liable for any statement, representation, promise, inducement, or understanding of any kind or nature not set forth in this contract. No changes, amendments, or modifications of any terms or conditions of the contract shall be valid unless reduced to writing and signed by both parties.
- 31. Choice of Law and Venue.** This contract shall be governed exclusively by the laws of the State of New Hampshire and any claim or action brought relating to this contract, the work performed or contracted to be performed thereunder, or referable in anyway thereto shall be brought in Hillsborough County (New Hampshire) Superior Court Southern Judicial District or in the New Hampshire 9th Circuit Court—Nashua and not elsewhere.
- 32. Reliance on Representations.** Professional Engineer acknowledges that the City of Nashua will be relying, and shall be entitled to rely, on the representations, undertakings and acknowledgments of Professional Engineer as set forth in this contract. Professional Engineer agrees to notify the City of Nashua promptly if any of its representations, undertakings, or acknowledgments set forth in this contract ceases to be true. Each of the parties represents to the other party that it has full authority to enter into this contract upon the terms and conditions hereof and that the individual executing this contract on its behalf has the requisite authority to bind such party to this contract.

Re: FY 2027 – FY 2029 Scope of Services for *Project Portal*
Four Hills Landfill
Nashua, New Hampshire

Dear Jeff:

Sanborn, Head & Associates, Inc. (Sanborn Head) is pleased to provide this scope of services to the City of Nashua (City) to assist you with the evaluation and management of landfill gas (LFG) and leachate at the Four Hills Landfill. Specifically, we will continue to provide to you with our interactive, web-based data management and mapping system, *Project Portal* with the telemetry module to streamline monitoring, record-keeping, and reporting requirements.

During 2020, Sanborn Head connected the leachate site monitoring devices to a remote telemetry module to record a variety of leachate information. The remote telemetry website allows access to real-time data and an automated report(s) that compiles pertinent data in report formats (e.g., Microsoft Excel) currently used by the City.

OBJECTIVE AND SCOPE OF SERVICES

The objectives of our services are to maintain *Project Portal* for the Four Hills Landfill and to provide both LFG and leachate data management technical assistance to the City. To meet these objectives, we propose the following scope of services:

Task 1 – Wellfield Database Services

City users will use *Project Portal* to track the status of wellhead parameters such as methane, carbon dioxide, and oxygen concentrations, balance gas, LFG temperature, applied vacuum, and energy extraction; and to view tables, charts, and interactive maps to assess the effects of wellfield adjustments on the wellfield's performance. *Project Portal* will recognize wellfield parameters that are out of compliance with the oxygen, pressure, and temperature thresholds included in 40 CFR 60 Subpart WWW, XXX, Cf or 40 CFR 63 Subpart AAAA (NSPS and NESHAP regulations) (or alternate site-specific thresholds or higher operating values) or a site specific Enhanced Monitoring Protocol/Standard Operating Procedures document (EMP/SOP) and track re-scan deadlines.

City representatives will also be able to use *Project Portal* for tracking surface emissions monitoring (SEM) data including importing surface methane concentrations greater than 500 ppm in accordance with NSPS and NESHAP regulations (or an EMP/SOP) and exceedance

locations (i.e., latitude and longitude coordinates), mapping exceedances, and tracking pre-defined re-scan deadlines.

Sanborn Head previously coordinated with City representatives to create the cloud-based access point, *Project Portal*, for routinely collected LFG data for subsequent access to tables, graphs, maps, and reports.

The wellfield data files generated by a representative of the City will include LFG composition, flow, pressure, and temperature readings typically collected with commercially available wellfield balancing instruments. The raw SEM data files will include readings greater than 500 ppm and associated geographic coordinates. Pursuant to this agreement we will not be responsible for the accuracy of the collected data.

Task 2 – Telemetry Services

Sanborn Head will assist you with maintaining the Internet-based Telemetry monitoring platform within *Project Portal* and we will consult with users on the system's functionality. If you have questions or require assistance, we will be available to provide telephone support services to review and evaluate system performance on a reasonably frequent, on-going basis.

The City will be responsible for maintaining a current list of users and passwords. If requested, we will modify user rights and passwords or assist in making the changes.

Project Portal will be made available to you for specific application at the Four Hills Landfill. Please note that under this agreement our services do not include gathering and inputting data, maintaining recording equipment, or responsibility for uptime of your onsite equipment. Therefore, pursuant to this agreement we will not be responsible for the accuracy or continuity of collected data.

The budget for this task does not include services associated with anticipated updates to the data tags, preconfigured reports, or alarm notifications related to the Phase IV landfill expansion. These services will be provided under a separate scope of work and budget authorization.

Task 3 – Project Portal Technical Support & Training

Sanborn Head representatives and our subcontractors are available to provide support services via telephone or e-mail (projectportal@sanbornhead.com) to review and evaluate system performance on an as needed basis. Support is available during normal business hours via telephone and e-mail. Standard response time is two business days for functional problems, glitches, download issues, etc. Final resolution duration will depend on the complexity of issues encountered.

Training will be provided via internet meeting to City users or City contractors on an as-needed basis. If City personnel or their contractors have questions or require assistance accessing *Project Portal*, adjusting alarm notifications, importing data, or adding new users, Sanborn Head representatives can assist via telephone or e-mail (projectportal@sanbornhead.com).

Project Portal is hosted by DDMS, which holds an SOC 2 Type II attestation. *Project Portal* utilizes 256-bit encryption via third party SSL certificate. Database backups are run nightly.

As with all Internet-based systems, there may be times when *Project Portal* will not be accessible. In the event that you are continuing to encounter problems following on-site troubleshooting, this should be communicated to us, and we can advise you as to alternate procedures or make modifications to *Project Portal*, if necessary.

FEE AND BASIS OF BILLINGS

Our fee for the services described above is presented in the table below.

Task	Description	July 2026 through June 2027 Fee	July 2027 through June 2028 Fee	July 2028 through June 2029 Fee
1	Wellfield Database Services (lump sum per calendar quarter)	\$3,500	\$3,700	\$3,900
2	Telemetry Services (lump sum per calendar quarter)	\$2,200	\$2,300	\$2,400
3	Project Portal Technical Support & Training (T&E per year)	\$5,000	\$5,250	\$5,500
Total (12-month period)		\$27,800	\$29,250	\$30,700

Our lump sum fees to include the *Project Portal* features described in Task 1 and 2 will be sent to the City as an invoice on a quarterly basis. Technical support services for *Project Portal* described in Task 3 will be billed on a time and materials basis, not to exceed the amount indicated during the fiscal year.

We believe the scope of services, and level of effort proposed, are consistent with your expectations. We will not invoice in excess of the charges listed above without your approval. For services outside of the scope defined herein, we will provide a separate scope of services to you.

TERMS OF ENGAGEMENT

The terms of engagement are described in our Agreement with the City of Nashua, New Hampshire, dated September 11, 2019.

ACCEPTANCE

We understand that acceptance of this Scope of Services will be provided in a City-issued Purchase Order to Sanborn Head for these services.

In accepting this scope of services, the City acknowledges that we have developed the basic concepts for *Project Portal* prior to preparing this scope of services, and that our services relate to its specific application at the Four Hills Landfill and to provide assistance with use of the system and review and interpretation of data. Accordingly, we retain rights, title and interest related to *Project Portal* and all legally protectable elements or derivative works thereof. We

are not prohibited from using any skills or knowledge of a general nature acquired during the course of providing services under this project, including information publicly known or that could reasonably be acquired, in similar work proposed to other of our clients.

Please note that although Sanborn Head will be responsible for managing *Project Portal*, we are not responsible for maintaining connection of on-site components that transmit data to the data acquisition system. Given that wireless internet services are subject to outages, Sanborn Head does not guarantee internet or *Project Portal* access 100% of the time, due to circumstances beyond our control. Occasionally, Sanborn Head may need Site personnel to assist with on-site troubleshooting (e.g., rebooting hardware, taking photos of components, etc.).

Thank you for the opportunity to submit this scope of services. We look forward to working with you on this project. Should you have any questions, please do not hesitate to call us.

Sincerely,
SANBORN, HEAD & ASSOCIATES, INC.

Jim Donchess

Mayor • City of Nashua

To: Board of Aldermen
From: Mayor Jim Donchess
Date: August 26, 2026
Re: Multi-Year Contract Award – Collection System Flow Monitoring

Pursuant to NRO : § 5-74/B: A contract that extends from the current fiscal year into succeeding fiscal year(s) in which no funds have been appropriated nor otherwise designated for this purpose shall be approved by the full Board of Aldermen before the contract shall become binding on the City.

The Finance Committee has approved and placed on file the notification of the award of the referenced contract at the September 2, 2026 meeting, and as such, I am requesting the full Board of Aldermen approve the following contract:

Item: Monitoring services for the combined sewer overflows (CSOs) through Aquasight
Value: \$46,500
Vendor: ADS Environmental Services, LLC
Purchasing Memo#: 27-144 dated August 26, 2026
Contract Term: 3 years

Thank you.

City of Nashua

Purchasing Department
Administrative Services Division

Fax (603) 594-3233

August 26, 2026
Memo #27-144

TO: Mayor Donchess
Finance Committee

SUBJECT: Amendment #1 for Collection System Flow Monitoring in the amount not to exceed
\$46,500 funded from Wastewater Fund/ 53- Professional & Technical Services

Please see attached communications from David Boucher, Superintendent of the Wastewater Department, dated August 27, 2026 for project specific details related to this purchase. Below please find a summary of the purchase approval request:

Item: Amendment #1 for monitoring the combined sewer overflows (CSOs) via
Aquasight
Value: \$28,700 FY27
\$8,900 FY28 and FY29 per year
\$46,500 Total
Department: 169 Wastewater
Vendor: ADS Environmental Services, LLC
Fund: Wastewater Fund/ 53-Professional & Technical Services
Term: 3 years

Ordinance: Pursuant to § 5-91 Amendment to Contracts- No contract may be amended as to
its scope of work or so as to increase sums payable to the contractor, without
Finance Committee approval for amendment amounts exceed \$25,000; and
without the Board of Aldermen amounts exceeding \$1,000,000

Division of Public Works: Wastewater, and the Purchasing Department respectfully requests your approval of this contract.

Regards,

Amy Girard
Purchasing Manager

To: Board of Public Works Meeting Date: August 27, 2026

From: David L. Boucher, Superintendent
Wastewater Department

Re: Collection System Flow Monitoring – Amendment 1

B. Motion: To approve Amendment 1 in an amount not to exceed \$46,500 with ADS Environmental Services, LLC of Huntsville, AL for the flow monitoring of the collection system. Funding will be through: Department: 169 Wastewater; Fund: Wastewater; Account Classification: 55 Other Services.

Attachments: Amendment 1 Quote

Discussion: The City of Nashua is required by the U.S. Environmental Protection Agency (EPA) to monitor its combined sewer overflows (CSOs) for activity and in the newest permit, effective date February 1, 2026, there was an additional requirement for the public dissemination of a CSO discharge within 2 hours of occurrence, either through text or email. In order to meet these strict requirements, we requested ADS's assistance, as they are currently performing this function for their Massachusetts clients.

ADS utilizes a third part vendor, Aquasight to perform this function. We requested a demonstration and pricing and found it reasonable. Their onboarding cost to get the notifications programmed and ready was \$19,800 and the annual service fee is \$8,900 for up to 100 subscribers. If there are greater than 100 subscribers, the City will have additional fees, as is described in the quote.

In total, for three years, we are asking for Amendment 1 to be in an amount not to exceed \$46,500, which will cover the onboarding and up to 100 subscribers at \$8,900 annually for three years. See the below breakdown, per fiscal year.

FY27	\$28,700
FY28	\$8,900
FY29	\$8,900

See Exhibit A

Description	Quantity	Unit Retail Price	Ext. Price
Aquasight Onboarding	1	\$19,800.00	\$19,800.00
Aquasight Year 1	1	\$8,900.00	\$8,900.00
Aquasight Year 2	1	\$8,900.00	\$8,900.00
Aquasight Year 3	1	\$8,900.00	\$8,900.00
Total:			\$46,500.00
Items may be taxable in accordance with local tax laws.			

NOTES:

1. Client responsible for providing pipe sizes, pipe segment to be monitored in a specific manhole, and flow schematic as requested.
2. Pricing assumes free & legal access to each site and no modifications to the selected monitoring sites are necessary for installation.
3. Permits and police detail charges for traffic control, as deemed necessary by local authorities for crew and or public safety are the client responsibility and not included in the above pricing.
4. Pricing assumes ADS standard Health & Safety Plan is sufficient. Additional document preparation or on-site access required training may result in a change order to account for costs incurred.
5. The above quote assumes ADS standard levels of insurance are acceptable. Additional insurance can be acquired upon request, but ADS reserves the right to requote to account for additional cost.
6. Any work requested beyond the specific scope of services listed or changes to the scope will require additional fees to be negotiated.
7. Extensions of the monitoring period at the above unit rates may be arranged by notifying ADS prior to the end of the monitoring period.
8. The above-described professional services do not include any Prevailing Wages.
9. Installations cannot be scheduled until a signed agreement is in place. Work will be scheduled based upon availability and will be scheduled through the project manager.
10. This additional work is subject to the same Terms and Conditions incorporated into the original Contract executed on July 15, 2026.

Scott Neesen
Project Manager
ADS Environmental Services

**SUBJECT: Proposal to Provide CSO Public Reporting Web Services
Nashua, NH**

Dear Mr. Neesen:

Aquasight, LLC is pleased to provide the attached proposal for providing a public CSO Notification and Reporting feature in the Aquasight ACE™ platform as part of ADS Environmental Services' CSO Outfall Monitoring project for Nashua, NH.

We have included our project understanding, proposed scope of work, and proposed pricing and schedule in the attached Order Form and Scope of Services.

Please let us know if you have any questions. We look forward to kicking off the work with you and your Nashua customer.

Sincerely,

Jonathan K. Hasson, PE
Vice President, Smart Water Solutions
Aquasight, LLC

ORDER FORM AND SCOPE OF SERVICES

1. OWNER: **ADS LLC
340 The Bridge Street
Suite 204
Huntsville, AL 35806**
2. Aquasight Solution: **Nashua, NH
CSO Public Reporting
ACE 3.8, or higher and public
website
See Appendix A**
3. Term: **3 years**
4. Fees:

On-boarding Fee: **\$19,800**

Annual Subscription Fee: **\$8,900 each year**

State and Local Taxes Not Included and shall be invoiced in addition to above fees is applicable.
5. Scope of Services
 - Appendix A describes Project Understanding and Scope of Services during on-boarding
 - Annual Subscription Fee covers
 - ACE application and infrastructure management
 - Software and API upkeep and maintenance
 - SAMI e-mail notifications
 - Database maintenance
 - Bugs fixes and help desk
 - Additional training
 - Periodic Check-ins
 - User management
6. Payment Terms:
 - Onboarding fees will be invoiced incrementally as detailed in the Rate Schedule
 - Annual Subscription Service will be invoiced annually at the execution of the contract and the beginning of each year after the end of the first year as detailed in the Rate Schedule
7. Other terms and conditions:

- Onboarding fee includes providing OWNER access to Aquasight's CSO Public Reporting ACE application that can be embedded into a city website and all other necessary steps to provide OWNER with the features and services described in the Scope of Services
- Travel costs are not included in this quote. Additional travel costs will be quoted and submitted to the OWNER through a Change Order Request. No charges will be incurred without OWNER's prior written approval.
- Any new features that are not described in the Scope of Services are subject to additional cost and will be provided upon request. Additional costs will not be incurred without OWNER's written authorization.
- Raw and calculated CSO overflow data quality is the responsibility of the OWNER
- The price is valid for only 30 days
- CSO overflow data availability is the responsibility of the OWNER
- OWNER must provide access to data through an API or a persistent on-time and on-quality access to CSO data.
- Logic of CSO event activation in Aquasight system does not change to what is already in place based on past working with the OWNER
- Changes in e-mail notification template and public notification display page are limited to what is described in Appendix A
- E-mail subscriber list is self-served and managed by OWNER
- No equipment will be provided by AQUASIGHT on-site or at OWNER's remote locations as part of this project
- Data extraction from source system is assuming industry standard data formats and readable technologies
- Any delay for requested information can cause delays in timelines and milestones
- Pricing is up to 50 users for the CSO Public Reporting Module in ACE Application
- Pricing is valid for up to 100 email notification subscribers. Should the number email subscribers exceed 100, the annual subscription fee will increase as detailed in Rate Schedule included.
- This change order form is entered in accordance with and is governed by the approved Terms and Conditions of Use and Aquasight Subscription Agreement signed April 27, 2022.

Dated: August 21, 2026

RATE SCHEDULE

Item	Amount	Invoice Date
Annual Subscription Year 1	\$8,900 ¹	Upon Contract Execution
On-Boarding Fee	\$19,800	Upon Contract Execution
Annual Subscription Year 2	\$8,900 ¹	Contract Execution + 12 months
Annual Subscription Year 3	\$8,900 ¹	Contract Execution +24 months

Note 1: Assumes maximum number of email subscribers less than 100 total

Summary of proposed fee for Nashua, NH Solution

On-Boarding Fee:

- Nine (9) CSO structures for setup = \$19,800 setup (assumes simple, single monitoring location CSO structure, consolidated CSO data is provided by ADS, not individual metering location data)

Annual Fee:

- Nine (9) CSO structures for Public Notification Site = \$8,900¹ per year total

Total fee:

Year 1: \$28,700¹ year 1
Years 2+: \$8,900¹ per year

Note 1: Assumes maximum number of email subscribers less than 100 total subscribers

Notes:

1. If CSO outfall structures are added to the system above the nine (9) noted by ADS, Aquasight's fee shall be adjusted accordingly.
2. If CSO outfall structures are not simple, single monitoring location structures, Aquasight's fee shall be adjusted accordingly.
3. If the total number of email subscribers exceeds 100, the annual subscription fee will increase as noted in the table below:

Number of Total Email Subscribers	Total Revised Annual Subscription Fee
101 to 200 email subscribers	\$9,980 per year
201 to 300 email subscribers	\$11,060 per year
301+ email subscribers: Annual subscription fee shall increase by \$1,080 (\$120/year/CSO structure)	

4. The Aquasight SAMI Virtual Assistant shall be used on this project for email notification setup and execution using triggers provided by ADS. ADS shall manage the email subscription list. Should ADS choose to have Aquasight manage the email list signup feature and list management, additional fees may apply.

Appendix A – Project Understanding and Scope of Work

Current Understanding: ADS maintains nine (9) active CSO Outfalls consisting of one or multiple monitoring devices per outfall structure in the Nashua, NH system. ADS wishes to have a public facing CSO reporting solution to provide CSO public notification.

Objectives: From our discussions, ADS wishes to receive a proposal from Aquasight for a cloud-based public reporting platform that is scalable for multiple ADS clients and has a GIS view and function similar to that provided to multiple Massachusetts communities. ADS would provide the inputs via API for the appropriate data channels needed to update the map view and icon color/values, etc.

The Aquasight ACE Platform for CSO Public Notification shall include the following:

Aquasight's ACE is a fully fledged sewer intelligence platform. A solution feature within ACE is the CSO Reporting. The CSO reporting feature within ACE platform is a cloud-based solution and shall be available for both public consumption (as noted below and embedded in Utility's webpage) and for internal consumption accessed securely by the project team as a standalone application with the CSO feature turned on.

A simplified description of the solution is noted in the figure below:

The ACE CSO Notification Solution shall be similar in function and appearance to the active public notification system employed by Springfield, MA. A screenshot of this system is included below, as is a link to the public solution.

Link to the Springfield, MA Website: <https://springfieldalerts.com/Suez/index.php/map-of-cso-locations/>

NOTE: Per discussions with ADS, historical CSO outfall data will not be included in the CSO reporting solution proposed herein. If historical data is desired, the Aquasight solution and fee shall be upgraded accordingly.

Private, Internal ACE CSO Solution: The project team (Nashua, ADS, Aquasight) shall have full access to the CSO reporting feature on the Aquasight ACE solution including access to the GIS dashboard (duplicate of public notification page), the SAMI email notification feature, and the table of assets used for public reporting. The Asset Table includes metadata for each location and shall be available in a summarized tabular format within ACE application.

Public, External ACE CSO Solution: The ACE public website shall be a cloud-based, GIS-based notification system embedded within the City's own website as an HTML iframe feature. The public ACE solution shall display a secure, feature restricted GIS map with data describing each CSO overflow site and, at a minimum, the system shall include:

- Display of metadata for each site (e.g., street address, GPS coordinates (TBD), receiving water body, downstream impacted communities, etc.)
- Color changes for CSO overflow structure icons to indicate:
 - "no overflow in last 48 hours"
 - "overflow in last 48 hours"
 - "overflow occurring"
 - "data not received"
- Dynamic data in pop up on GIS map to show

- overflow start time
- overflow end time
- average historical overflow volume
- total overflow duration
- Map based notification system embedded in City's webpage
- Map shall be co-branded with Aquasight and ADS logos
- Overflow icons shall be clickable to drill down to metadata and dynamic details noted above
- The system will have the capability to send notification emails to subscribers.
 - Aquasight SAMI® system will manage event-based notifications and include both static metadata and dynamic event-based data noted above
 - Subscriber list will be managed by ADS and Aquasight will use these lists for automated email notifications via SAMI®
 - An example of the Email Notification with both Metadata and Event Data is included below.
 - ADS shall provide clarification on which foreign language is required for the email notification. Aquasight will include one (1) foreign language as part of the standard email notification service. Aquasight's offering below does not include language translation services.

Permittee: Springfield Water & Sewer Commission NPDES # MA0101613

Location: CSO012

For a map of the location visit springfieldalerts.com

Time of discharge: 07/28/2022 09:30 PM

Estimated volume: 4,019,866 Gallons

End of discharge: 07/28/2022 10:15 PM

The estimated volume is calculated by taking the total overflow volume for the last 3 years and dividing by the total number of overflow event for the last 3 years.

The discharge has stopped at this time.

Affected Waterbodies: Connecticut River

Avoid contact with these waterbodies for 48 hours after the discharge ceases due to increased health risks from bacteria and other pollutants. The discharge consists of rainwater and untreated sewage and waste.

Affected communities: Springfield, West Springfield, Agawam, Longmeadow

The affected communities border the Chicopee/Connecticut River downstream of the CSO discharge.

Visit springfieldalerts.com for additional information.

Titular del permiso: Springfield Water & Sewer Commission NPDES # MA0101613

Ubicación: CSO012

Para obtener un mapa de la ubicación visite springfieldalerts.com

Hora descarga: 07/28/2022 09:30 PM

El volumen estimado: 4,019,866 Gallons

Fin de la descarga: 07/28/2022 10:15 PM

El volumen estimado se calcula tomando el volumen total de desbordamiento de los últimos 3 años y dividiéndolo por el número total de eventos de desbordamiento de los últimos 3 años.

La descarga se ha detenido en este momento.

Cuerpos de agua afectados: Connecticut River

Evite el contacto con estos cuerpos de agua durante 48 horas después de que cese la descarga debido al aumento de los riesgos para la salud de las bacterias y otros contaminantes. La descarga consiste en agua de lluvia y aguas residuales y desechos sin tratar.

Comunidades afectadas: Springfield, West Springfield, Agawam, Longmeadow

Las comunidades afectadas bordean el río Chicopee/Connecticut River descendente de la descarga de CSO.

Visite springfieldalerts.com para obtener información adicional.

Requirements from ADS:

ADS to provide all raw and calculated data and logic triggers from PRISM to feed to Aquasight for public display and notification.

- Data provided by RESTful API from PRISM to ACE
- ACE will “sweep” the API call every five (5) minutes for new data
- APIs will include all calculations required for reporting in the CSO reporting feature including, but not limited to overflow volume, start times, end times, duration, etc.
- Estimated API calls per location per event
 - Overflow status
 - Overflow start time
 - Overflow stop time
 - Calculated duration of overflow
 - Calculated volume of overflow

Deployment Timeline:

Aquasight shall deploy a fully functional and scalable ACE CSO Solution for Nashua, NH containing details as noted above. Aquasight will complete the installation at Nashua within 90 calendar days after contract execution. Aquasight will provide

customer onboarding services via an Aquasight onboarding engineer, CSO notification system startup, and ongoing support to ADS for the duration of the annual contract.

THE CITY OF NASHUA

Division of Public Health and Community Services

"The Gate City"

Community Services Department

September 3, 2026

To: Board of Aldermen

From: Bobbie D Bagley, Director

Subject: Approval of License Agreement for Resource Center Proof of Concept

The Division of Public Health and Community Services has negotiated a license agreement with Harbor Care for the purpose of implementing a Proof of Concept for a Resource Center to serve as a location for individuals to access services, referrals and other supports needed t

The attached License Agreement establishes the roles and responsibilities of the City and Harbor Care for the operations of the Resource Center. Harbor Care will provide access to 45 High Street during the hours of 8:30 AM – 5:00 PM for the operation of services between the hours of 9:00 AM – 4:00 PM, seven days a week. This agreement will go into effect in September 2026 upon the approval of the Board of Aldermen through August 31, 2027.

Harbor Care is not charging the City a license fee for the use of the premises for the operation of the Resource Center.

LICENSE AGREEMENT
Harbor Homes, Inc and the City of Nashua,

License Agreement made this 1st day of September, 2026 by and between the City of Nashua, New Hampshire (hereinafter “City”), a municipal corporation with a principal place of business at 229 Main Street, Nashua, New Hampshire 03061 (the “City”) and Harbor Homes Inc, a New Hampshire non-profit corporation, with an address of 77 Northeastern Boulevard, Nashua, New Hampshire, 03062, (hereinafter “Harbor Care”) (collectively referred to as the “Parties”). The Parties hereby enter into this License Agreement (“Agreement”) under the terms and conditions set forth below.

PURPOSE

The purpose of this Agreement is to establish the roles and responsibilities of the City and Harbor Care in connection with the City’s operation of a Resource Center serving individuals experiencing homelessness within the City of Nashua. It is the City’s intention that the Resource Center will provide a safe, welcoming location where individuals may access services, referrals, and other supports intended to assist them in meeting basic needs and pursuing housing stability. The Resource Center will open at 9 AM each morning and close at 4 PM each evening, seven (7) days a week, during the term of this Agreement. All participants (guests) will vacate the Premises (defined below) by 4 PM each day.

The Parties acknowledge that Harbor Care is providing the Premises for the City’s use as a Resource Center. The City will oversee and coordinate the operation of the Resource Center. Nothing in this Agreement shall be construed as creating a lease, tenancy, or other property interest in favor of the City. The City’s right to use Premises is that of a license, revocable or terminable pursuant to the terms of this Agreement.

SCOPE OF SERVICES

During the term of this Agreement, Harbor Care agrees to provide the City a license to use the Premises for the operation of the Resource Center during the term of this Agreement, during the hours of 9 AM – 4 PM, every day of the week. “Premises” means the first-floor meeting space and first floor restroom and shower facility located at 45 High Street, Nashua, New Hampshire. In addition to the license to use the Premises for the Resource Center pursuant to the terms and conditions of this Agreement, the City may also use the front entrance, vestibule and first floor corridor at 45 High Street.

The City will cause the Resource Center to provide access to services and supports, including, but not limited to:

- Information and referrals;
- Housing navigation and case management, as applicable;
- Access to the restrooms and shower;
- A safe indoor environment for individuals seeking assistance; and
- Other, related services as reasonably determined by the City and in furtherance of the purpose of this Agreement.

The City and Harbor Care acknowledge that the specific programs and services offered at the Resource Center may evolve over time based on community need, available funding, and operational capacity. The City may invite nonprofit organizations, healthcare providers, government agencies, and other community partners to provide services at the Resource Center in coordination with Harbor Care.

The City of Nashua shall be responsible for the day-to-day management and operation of the Resource Center, including staffing, supervision, and coordination of services, safety and security and regular maintenance, cleaning and upkeep of the Premises, unless otherwise agreed to in writing.

The City shall ensure that the Resource Center has sufficient on-site staff between the hours of 8 AM and 5 PM every day of the week. The staff of the Resource Center shall not enter the Premises prior to 8 AM nor remain at the Premises after 5 PM each day.

HARBOR CARE RESPONSIBILITIES

Harbor Care agrees to:

- Provide access to the Premises for operation of the Resource Center;
- Make the first floor restroom and shower facility available for Resource Center participants during operating hours;
- Provide ordinary and customary maintenance to the building at 45 High Street (except for the Premises); provided, that the City shall undertake ordinary maintenance and keep the Premises (which include the first floor restroom and shower facility) in good, clean condition during the hours of operation of the Resource Center;
- Provide and pay for utilities necessary for City's use of the Premises for the Resource Center;

- Perform routine building maintenance (except for the Premises), including cleaning of common areas, mopping of floors and snow and ice removal from entrances and exits, as applicable;
- Coordinate with the City regarding facility-related issues that may affect Resource Center operations; and
- Designate a primary point of contact for communication with the City.

Harbor Care shall not be responsible for staffing, supervising participants, or managing the day-to-day operations of the Resource Center.

CITY RESPONSIBILITIES

The City shall be responsible for coordinating and operating the Resource Center.

The City agrees to:

- Provide adequate, trained staff during the hours of 8 AM through 5 PM every day for the Resource Center through its Community Health Workers and other authorized City personnel, including volunteers as appropriate. The City shall provide Harbor Care with a list of the names of its personnel, including volunteers, and update such list from time to time to keep it current;
- Coordinate the daily operation of the Resource Center;
- Schedule and coordinate participating nonprofit organizations and other community partners;
- Establish operational procedures and participant expectations;
- Coordinate referrals and resource navigation;
- Maintain communication with Harbor Care regarding programming and facility needs;
- Ensure that City staff and participating organizations operate in a manner that respects Harbor Care's use and operations at 45 High Street and all Harbor Care staff, clients, patients and invitees; the facility and its occupants;
- Track attendance and use of the services by the participants at the Resource Center;
- Respond to operational issues as they arise;
- Forthwith notify Harbor Care of any incidents at the Resource Center, including, without limitation, acts causing property damage, acts of violence and other adverse behavioral conduct;
- Keep the Premises (consisting of the first floor meeting space and the first floor restroom and shower facility) in a neat and clean condition at all times, including wiping down tables in the meeting space, removing left clothing or

towels and cleaning sinks and toilets in the restroom during operating hours, and keep neat and clean any outdoor smoking areas by picking up cigarette butts and debris that may accumulate in that area; and

- Dispose of trash consistently and in accordance with any procedures established by Harbor Care.

The City may designate an outdoor smoking area; provided, that it is located no nearer than 50 feet from any entrance to the building.

The City may contract with outside organizations or collaborate with community partners to provide additional services consistent with the purpose of the Resource Center. Prior to contracting with outside organizations, collaborating with community partners or otherwise involving nonprofit organizations, community partners or other third parties to participate in or provide services at the Resource Center, the City shall provide Harbor Care with the names, addresses and management personnel of such organizations. The City shall not enter into any such contracts or collaborations without the prior, written consent of Harbor Care, which shall not be unreasonably withheld or delayed.

RESOURCE CENTER PERMITTING

Prior to commencing operations, the City shall obtain all governmental permits and approvals for its operations at the Resource Center. Without limitation of the foregoing, the City shall confirm that its proposed use of the Premises for the Resource Center is a permitted use under the Nashua Land Use Code for the zoning districts in which the Premises are located. Further, without limitation of the foregoing, the City shall obtain all health licenses, if required, for its operations.

The City shall make no alterations or improvements to the Premises. The City may place office equipment, furniture and furnishings in the Premises, as may be necessary for the operation of the Resource Center, at the City's own risk.

The City acknowledges that it is accepting its license to use the Premises in the Premises "AS IS" condition, without warranties or representations of any kind or nature made by Harbor Care with respect to the condition of the Premises.

The City acknowledges that it has no right or license to use the parking spaces at 45 High Street.

RESERVED USE BY HARBOR CARE

Notwithstanding any of the provisions of this Agreement the Resource Center shall suspend operations for up to 72-hour time periods as designated by Harbor Care with at least 48 hours advance notice. Such suspensions of use of the Premises for the Resource Center shall include Harbor Care's traditional Thanksgiving dinner event, Harbor Care's holiday employee party, workshops, seminars and public presentation events. Harbor Care will not exceed suspension of operation of services more than twelve (12) times during the year. After receiving notice from Harbor Care. that it (Harbor Care) intends to use the Premises for an event, within 24 hours of receipt of such notice the City shall move and store its office equipment, furniture and furnishings in a portion of the Premises or other location in the building at 45 High Street as Harbor Care designates.

Without limitation to the provisions of the previous paragraph, in times on inclement weather, Harbor Care may close 45 High Street during such times of closure the City shall not use the Premises.

RESOURCE CENTER RULES

The City shall advise all participants of the following rules and regulations, and ensure that these rules and regulations are strictly enforced:

1. No alcohol or substance use is allowed at the Premises or anywhere else at or adjacent to the property at 45 High Street.
2. No smoking or vaping is allowed at the Premises. The City may establish designated outdoor smoking areas upon the grounds of the Premises; provided, that such smoking areas are at locations acceptable to Harbor Care.
3. Fighting, threats, harassment, or physical assault towards guests, staff, or volunteers will not be tolerated. Such behavior may result in immediate expulsion from the Resource Center and prohibition to re-enter the Resource Center.
4. Damaging or defacing the Resource Center property is prohibited.
5. All bags must be checked in with staff before entering the Resource Center.
6. Only one person may use the restroom and shower at a time.
7. Washing clothes, bathing, or personal hygiene activities beyond normal restroom use are not permitted in the restroom or any other portion of the Premises or the property at 45 High Street, except that showering is permitted in the shower area.

8. All guests, staff, volunteers, and the Resource Center are to be treated with respect.
9. Participants are responsible for cleaning up after themselves and disposal of trash properly.
10. No weapons or ammunition are allowed at 45 High Street.
11. Sleeping or laying on the floor is not permitted.
12. Loitering on or around 45 High Street is not permitted.

Failure to comply with these rules may result in being asked to leave the Resource Center and may lead to temporary or permanent suspension of Resource Center privileges.

PLACE OF PERFORMANCE

The Resource Center will be located 45 High Street, Nashua, NH 03060.

TERM OF AGREEMENT

This Agreement commences on September 1, 2026 and expires on August 31, 2027. Notwithstanding the foregoing, each party may terminate this Agreement with thirty (30) days' notice to the other party.

PAYMENT FOR SERVICES

Harbor Care is not charging the City a license fee for the use of the Premises for the Resource Center.

Unless otherwise agreed to in writing, each Party shall be responsible for the costs associated with performing its respective obligations under this Agreement.

STATUS OF PARTIES

This Agreement is by and between two independent entities and is not intended to and shall not be construed to create the relationship of agent, employee, partnership, joint venture, or association.

INSURANCE

During the term of this Agreement, Harbor Care shall maintain property and casualty insurance for the building and improvements at 45 High Street and

comprehensive general liability insurance for its acts and omissions at and about 45 High Street. Such insurances shall be provided in such amounts as Harbor Care presently maintains.

The City of Nashua shall maintain comprehensive general liability insurance for its acts and omissions at and about the Premises and 45 High Street, including its operations at the Resource Center. Harbor Care shall be a named or additional insured on such liability insurance. Such liability insurance shall be in the amount of at least \$1,000,000 per occurrence and \$2,000,000 in the aggregate and shall be maintained during the term of this Agreement. Prior to the commencement of the term, the City of Nashua shall provide Harbor Care with written evidence of such insurance, satisfactory to Harbor Care.

All coverages of insurance provided by each Party must be written with insurance carriers licensed to do business in the State of New Hampshire. Such coverages shall not be cancelled or materially changed without at least thirty (30) days prior written notice to the insured. The deductibles for property and casualty coverages shall be reasonable and customary, but not greater than \$5,000.

DAMAGE TO THE PREMISES

In the event of casualty or damage to the Premises or any portion of the building, improvements and grounds of 45 High Street caused by the acts or omissions of the City of any other participants or third parties using the Resource Center or providing services at the Resource Center (other than normal wear), then the City shall reimburse Harbor Care for those property damages based on reasonable repair or replacement costs.

COMPLIANCE WITH APPLICABLE LAWS

The City, at all times, shall fully and completely comply with all applicable local, state and federal laws, statutes, regulations, ordinances, orders, or requirements of any sort its use of the Premises and its operation of the Resource Center, including, but not limited to, all state and local laws and requirements.

MODIFICATION OF AGREEMENT AND ENTIRE AGREEMENT: This Agreement constitutes the entire agreement between the City and Harbor Care with respect to the use of the Premises, the Resource Center, and the other matters referenced in this Agreement. The Parties shall not be bound by or be liable for any statement, representation, promise, inducement, or understanding of any kind or

nature not set forth in this Agreement. No changes, amendments, or modifications of any terms or conditions of this Agreement shall be valid unless reduced to writing and signed by both parties.

In the event that any current law, regulation, or ordinance, either local or state, is amended, rescinded, newly enforced or enacted which affects this Agreement, the Parties shall, in good faith, amend this Agreement in order to be in compliance with such legislative changes. If such changes cause an increase in fees or costs by either Party, the parties in good faith shall amend this Agreement to reflect the treatment of said fees or costs.

CHOICE OF LAW AND VENUE

This Agreement shall be governed exclusively by the laws of the State of New Hampshire and any litigation regarding the interpretation or enforcement of this Agreement shall only be brought in a court located in the State of New Hampshire.

PROHIBITED INTEREST

Each party represents to the other that, to the best of its knowledge, none of its officers, officials or employees, as the case may be, has any direct or indirect interest in the subject matter of this Agreement. Harbor Care shall not allow any of its officers or employees to have any direct or indirect interest in the subject matter of this Agreement. The City shall not allow any of its officials or employees to have any direct or indirect interest in the subject matter of this Agreement. In the event it comes to the attention of either party that one of its officers, officials or employees, as the case may be, has a direct or indirect interest in the subject matter of this Agreement, such party shall cause such officer, official or employee to divest itself of such interest, or the other party may terminate this Agreement at will.

ATTORNEY TITLE OPINION

To: City of Nashua, New Hampshire

Re: **Juliana Avenue**

Record Owner: Raisanen Homes Elite LLC

We have examined the record title to the premises designated above. We have assumed that all pertinent documents in Hillsborough County (NH) Registry of Deeds were properly indexed therein at the time of our examination. It is our opinion that, as of the date of our examination, July 22, 2026, good, clear, fee simple, and marketable title of record was vested in **Raisanen Homes Elite LLC** pursuant to the deed recorded with the Hillsborough County (NH) Registry of Deeds at Book 9597, Page 2477. Said property was free of all encumbrances which would materially affect said title, excepting only those matters which are expressly enumerated in **Schedule A** appended hereto and made a part of this report by specific reference.

Our examination for the purposes of this statement ends as of 8:41 a.m., July 22, 2026.

PRUNIER & PROLMAN, PLLC

Andrew A. Prolman

SEE SCHEDULE A

The schedules contain important information with respect to the title to the above property.

SCHEDULE A

Juliana Avenue

Nashua, New Hampshire

The Premises is conveyed subject to the following, as and if applicable:

1. Those matters as stated in the Warranty Deed dated March 15, 2022 and recorded at Book 9597, Page 2477.
2. Those matters as stated in the Fiduciary Deed dated December 10, 2020, and recorded at Book 9399, Page 435.
3. Those matters as stated in the Warranty Deed dated March 17, 1956 and recorded at Book 1464, Page 97.
4. Together with and subject to those matters stated in the Deed dated December 1, 1902 and recorded at Book 615, Page 97; reference is further made to the matters stated in the Registry of Deeds recorded at Book 909, Page 1 and Book 909, Page 17.
5. The Easement Deed granted to Pennichuck Water Works dated April 15, 1854 and recorded at Book 287, Page 264.
6. The Easement Deed granted to Pennichuck Water Works, Inc. dated May 15, 2024 and recorded at Book 9773, Page 2100.
7. Those matters as shown on Plan No. 41901 and 42472.
8. The Storm Water Easement to the City of Nashua dated September 11, 2023 and recorded at Book 9727, Page 2097.
9. The Sewer Easement to the City of Nashua dated September 13, 2023, and recorded at Book 9728, Page 227.
10. Rights of the public and others in and to Juliana Avenue.

For title, reference is made to the deed of Douglas M. Barker and Carol A. LaRoche, Trustees of the Dorothy A. Barker Living Trust, to Raisanen Homes Elite LLC dated March 15, 2022 and recorded at Book 9597, Page 2477.

All recording references are made to the Hillsborough County Registry of Deeds.

RESOLUTION

APPROVING THE BORROWING OF AN ADDITIONAL THREE HUNDRED AND FORTY-FIVE THOUSAND DOLLARS (\$345,000) FROM THE CLEAN WATER STATE REVOLVING FUND FOR THE FOUR HILLS LANDFILL PFAS / LEACHATE REMOVAL AND DESTRUCTION PILOT TEST PROJECT

CITY OF NASHUA

In the Year Two Thousand and Twenty-Six

WHEREAS, R-25-134 (“Authorizing the City to enter into a Clean Water State Revolving Fund Loan Agreement with the State of New Hampshire and borrow an amount not to exceed eight hundred and sixty-five thousand dollars (\$865,000) for the Four Hills Landfill PFAS / Leachate Removal and Destruction Pilot Test Project”) was passed by the Board of Aldermen on April 8, 2025;

WHEREAS, that resolution provided that the Mayor and City Treasurer were authorized to borrow up to \$865,000 through a Clean Water State Revolving Fund Loan for an Emerging Contaminants Project, specifically the Four Hills Landfill PFAS / Leachate Removal and Destruction Pilot Test Project. The Clean Water State Revolving Fund Principal Forgiveness Percentage for that loan is listed at 100%, and the State notes that “Principal Forgiveness for 2024 is 100% for emerging contaminants projects, including interest or fees”; and

WHEREAS, the City is requesting to borrow an additional \$345,000 through the Clean Water State Revolving Fund for this project, under the same terms and conditions, for a total amount of \$1,210,000 for the project.

NOW THEREFORE, BE IT RESOLVED by the Board of Aldermen of the City of Nashua that the Mayor of the City of Nashua and the City Treasurer of the City of Nashua are authorized to borrow an additional Three Hundred and Forty-Five Thousand Dollars (\$345,000) through the Clean Water State Revolving Fund Loan for the Four Hills Landfill PFAS / Leachate Removal and Destruction Pilot Test Project, for a total project cost of \$1,210,000.

RESOLVED FURTHER that the Mayor is authorized to enter into the required contracts therefore as well as any amendments to be made thereto or any other documentation necessary for the receipt of said funds.

RESOLUTION

R-26-057

As this is a resolution which supplements the budget, the following information is provided pursuant to NRO § 5-145, E:

Currently, the accumulated sum of all appropriations of the FY2027 combined annual municipal budget is \$502,310,192. The FY2027 dollar amount under the limit established by City Charter Section 56-c is \$15,479,894. If this resolution passes, the accumulated sum of all appropriations of the FY2027 combined annual municipal budget will be \$502,655,192. The FY2027 dollar amount under the limit established by City Charter Section 56-c will be \$15,134,894.

LEGISLATIVE YEAR 2026

RESOLUTION:

R-26-057

PURPOSE:

Approving the borrowing of an additional three hundred and forty-five thousand dollars (\$345,000) from the Clean Water State Revolving Fund for the Four Hills Landfill PFAS / Leachate Removal and Destruction Pilot Test Project

SPONSOR(S):

Mayor Jim Donchess

**COMMITTEE
ASSIGNMENT:**

**Budget Review Committee
Board of Public Works**

FISCAL NOTE:

The City would borrow an additional \$345,000 for the Four Hills Landfill PFAS/ Leachate Removal and Destruction Pilot Test Project. This Clean Water State Revolving Loan (CWSRF) program disburses monies as project costs are incurred based on disbursement requests received from the City. All costs incurred are 100% reimbursed with 0% interest charged.

ANALYSIS

R-25-134 authorized the City to borrow \$865,000 through a Clean Water State Revolving Fund Loan for the Four Hills Landfill PFAS / Leachate Removal and Destruction Pilot Test Project. This resolution authorizes the City to borrow an additional \$345,000 for the project.

The Clean Water State Revolving Fund (CWSRF) loan program disburses monies as project costs are incurred based on disbursement requests received from the loan applicant. As long as the City submits timely disbursements requests, there is minimal to no risk for the use of these 100% forgiveness 100% interest free loans. If there was a disruption in federal funds in the future, Nashua could simply stop the project with no penalties.

As this legislation is an authorization to borrow money, this resolution requires a "duly advertised public hearing" and a 2/3 vote of all the members. Charter Sec. 53 permits specific non-budget, supplementary appropriations. There should be notice and a public hearing. A two-thirds vote is required under Charter Sec. 56-b for an item or amount not in the mayor's budget. A roll call is required under Charter Sec. 49. This legislation should be referred to the Board of Public Works for its review and approval.

ORDINANCE

AUTHORIZING ADDITIONAL STOP SIGNS TO MAKE AN ALL WAY STOP AT THE INTERSECTION OF FRENCH STREET AND ABBOTT STREET

CITY OF NASHUA

In the Year Two Thousand and Twenty-Six

The City of Nashua ordains that Part II “General Legislation”, Chapter 320 “Vehicles and Traffic”, Article III “Stop and Yield Intersections”, Section 320-4 “Stop intersections”, subsection D of the Nashua Revised Ordinances, as amended, be hereby further amended by adding the following new underlined language in the appropriate alphabetical order:

“§ 320-4. Stop intersections.

...

- D. The following intersections are hereby designated as stop or through streets, and authority is hereby granted for the erection of a stop sign at the corner so designated in accordance with the tenor of this chapter:

Stop Sign on	Sign Location	At Intersection of
...		
<u>Abbott Street</u>	<u>Southeast corner</u>	<u>French Street</u>
<u>French Street</u>	<u>Northeast corner</u>	<u>Abbott Street</u>

...”

All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

This ordinance shall become effective at the time of removal and/or installation of the necessary sign(s).

LEGISLATIVE YEAR 2026

ORDINANCE:

O-26-024

PURPOSE:

Authorizing additional stop signs to make an all way stop at the intersection of French Street and Abbott Street

ENDORSER(S):

Alderman Patricia Klee

**COMMITTEE
ASSIGNMENT:**

**Committee on Infrastructure
City's Traffic Engineer**

FISCAL NOTE:

Materials, Labor and Vehicle Overhead: \$166

ANALYSIS

This legislation authorizes additional stop signs to make an all way stop at the intersection of Abbott Street and French Street.

The erection, removal and maintenance of all traffic control devices must conform to applicable state statutes and the latest edition of the Manual on Uniform Traffic Control Devices. RSA 47:17 VIII (a). The Board should consult with the city's Traffic Engineer to determine if this ordinance is in compliance.
