Dear Steve:

On behalf of the Nashua, NH Police Department I want to extend my deepest gratitude to you and your firefighters for the mutual aid assistance you provided during the recent active shooter incident in our community at Sky Meadow Country Club on September 20, 2025.

Your department's rapid response, professionalism, and willingness to act without hesitation were instrumental in ensuring the safety of our residents and bringing stability to a very chaotic and dangerous situation. The seamless cooperation among our agencies exemplifies the strength of local partnerships, and dedication of law enforcement professionals and firefighters to protect and serve, no matter the jurisdiction.

With you heading up and starting the command post was an integral part of the process and it displayed the great leader that you are. Your firefighters at Spit Brook Rd fire station were instrumental in assisting our Officers with gathering valuable information from victims and witnesses were extremely important.

Please extend my personal thanks and appreciation to your firefighters for their courage and commitment. The support we received from your agency allowed us to manage this critical incident more effectively and swiftly.

I value the strong relationship between our departments and look forward to continuing our collaboration in the future. It is a privilege to work alongside leaders like you who share a steadfast commitment to public safety.

With respect and gratitude,

heart of gold.

Hello-

I just wanted to take a moment to recognize a fire fighter who went above + beyond. We went to Apperfest at Sullivan's on Sunday and we met your team. My 4 year old daughter got a very in-depth tour of the truck ☺ The great firefighter ~~att~~ answered all of her many questions with kindness and patience. She loved every minute of it. Even why the equipment was the color it was, haha I was remiss in not getting his name but he was younger, clean-cut, and will remember her being surprised there were potato chips in the rig of all things! A great big thank you from myself and definitely my daughter. ☺ Debra Partridge.
